## ECLIPSES, 1896.

(Astronomical calculations made expressly for The Tribune Almanac by Berlin H. Wright, Penn Yan, N. Y.)

There will be four eclipses this year—two each of the sun and moon:

I. An annular eclipse of the sun February 13, invisible in the United States. A partial eclipse will be visible in South Africa, at Cape of Good Hope, quite large, and in Brazil, very small. This eclipse returns again February 19, 1914, and in the Antarctic Circle.

II. A partial eclipse of the moon February 28, invisible in America. In Europe, Asia and Africa, it will be seen, of 10 digits in size. It returns again March 10, 1914, and will be larger, and visible in North and South America.

III. A total eclipse of the sun, August 8 and 9, invisible in America; visible in Europe and Asia, the total phase being seen in Siberia and Yezo. This returns again August 21, 1914, central in British America, Norway, Russia, India.

IV. A partial eclipse of the moon August 22 and 23; visible in America generally. Size 8.8 digits on the southern limb. This returns September 4, 1914, larger and visible in Asia.

### APPEARANCE OF LUNAR ECLIPSE OF AUGUST 22-23.

The direction of the moon easterly through the shadow is shown by the arrow. The north point of the moon's limb is at N N, the first contact is at E in No. 1, 101 degrees east of N, and the last contact at W in No. 5, 153 degrees west of N. The first six digits occur at No. 2, the last six in No. 4, and when largest, nearly three-quarters of the moon, in No. 3.

## TO FIND THE TIME OF GREATEST ELONGATION OF POLARIS.

TABLE I.

By adding the numbers in the annexed table for any given latitude to the time of meridian passage of Polaris (the Pole Star), in Table III, the time of its greatest western elongation is found. If the same number be subtracted instead of added, we get the time of greatest eastern elongation.

At the time of either elongation the magnetic bearing may be taken with the transit compass, using that elongation which occurs at night. The eastern elongations occur at night from April 1 to October 11, and the western elongations occur at night all the rest of the year. Correct local time is to be used, and bearings on the star taken promptly on time; but an error of half a minute or even a minute in the timepiece will not invalidate the bearing, as Polaris moves then nearly vertically.

TABLE III.

TIMES OF UPPER MERIDIAN PASSAGE OF POLARIS, OR NORTH STAR, 1896.

Surveyors and civil engineers may obtain the variation of the magnetic needle for any place in the United States by directing their compass to the North Star (Polaris) when it is upon the meridian, as given in the table below, for the upper culmination, or 11 hours 58 minutes 2 seconds, before or after, when the star is on the lower meridian. Exact local time is used in the table, and the timepiece used must be correct, and the bearing of the star taken promptly on time, and that bearing will be the true variation of the needle. An error of only a few seconds in the timepiece will vitiate the bearing found; therefore, it will be much better to take the bearing when the star is furthest east or west, at its greatest elongation, as observations made upon it then are not affected materially by small errors of timepieces. To use this table for places west of Washington, add 9.83 seconds for each hour of longitude east of Washington, and subtract 9.83 seconds for each hour west of it. From February 1 to August 1, use the lower culmination.

# A TABLE OF ONE HUNDRED AND THIRTEEN BRIGHT STARS.

To ascertain when any star or constellation found in the following Table will be on the upper meridian, add the numbers opposite in the left-hand column of figures to the time of "Sidereal Noon" found in Table II. For the rising of a star, subtract the number opposite in the right-hand column of figures from its meridian passage. For the setting of a star, add the same number to its meridian passage. Those marked (...) revolve in a circle of perpetual apparition, and do not rise nor set north of the latitude of New-York ( $40^{\circ} 42' 40''$ ). Stars having an asterisk (\*) in the last column are seen only in Florida and Texas, when passing the meridian.

## AZIMUTH TABLE OF POLARIS, OR NORTH STAR, 1896.

The azimuths in the annexed table, applied properly to the magnetic bearing of Polaris at the time of its greatest elongation east or west, will give the true variation of the magnetic needle from a true north direction, and will be of great use to all surveyors and engineers. When the elongation is east the azimuth will be east and vice versa. At the present time the line of "No Variation" of the needle runs south-easterly from near Toledo, Ohio, to a point on the Atlantic coast about fifty miles southwest of Cape Fear, N. C. East of that line the north end of the needle points west of a true north, and west of that line east of the true north. The country may therefore be divided into eastern and western magnetic regions. In the "Eastern Region" the bearing of Polaris at its western elongation, if eastward, added to the azimuth, gives the desired variation west; but if westward, the bearing taken from the azimuth gives the variation west. The bearing of Polaris at its eastern elongation will be eastward, and the azimuth subtracted therefrom gives the variation west. In the "Western Region" the bearing of Polaris at its eastern elongation, if westward, added to the azimuth, gives the variation east; but if eastward, the bearing taken from the azimuth gives the variation east. The bearing of Polaris at its western elongation will be westward, and diminished by the azimuth gives the variation east. The azimuths in the table, given for two degree zones, are practically sufficient for all the United States except Alaska. For intermediate latitudes, and dates, the azimuths may be found by proportion sufficiently correct, or exactly by the formula, log-sine azimuth equal log-sine Polar Distance of Polaris, minus log-cosine latitude. The surveyor or engineer is on the line of "No Variation" when the bearing of Polaris at greatest elongation is the same as the azimuth.

## ANALYSIS OF THE MORE IMPORTANT ACTS OF THIRD SESSION LIIRD CONGRESS.

### ARMY.

The Army Appropriation bill of February 12, 1895, provides that there shall be no appointment of major in the Pay Department until the number in that grade is reduced to twenty, and thereafter fixes the limit of such grade to twenty; also that the number of commissaries of subsistence of the rank of captain be limited to eight, and that no appointments shall be made to that grade until the number is reduced to eight. It also provides for the establishment of a military post at Spokane, Wash. Also the maximum allowance to any officer travelling under orders shall be 4 cents a mile, and in addition thereto the actual cost of transportation paid by the officer, exclusive of parlor-car or sleeping-car fare and transfers.

The Act of March 2, 1895, makes appropriations for fortifications and other works of defence, for the armament thereof, for the procurement of heavy ordnance for trial and service, etc. It also authorizes the Secretary of War, within his discretion, to establish a military post at such point on Puget Sound, and one at or near Bismarck, N. D., as shall, in his judgment, best subserve the public interests, provided that not less than 640 acres of land suitable for the purposes shall be donated free of cost to the United States in each instance. The Secretary of War is also authorized, on the application of the Governor of Michigan, to turn over to that State, for use as a State park, and for no other purpose, the military reservation and buildings and the lands of the National Park on Mackinac Island; provided, that whenever the State ceases to use the land for the purpose aforesaid, it shall revert to

the United States. The Secretary is also authorized to set apart 160 acres of land that may no longer be required for military purposes, in the Fort D. A. Russell Military Reservation in the said State for the use of the said State for agricultural fair and industrial exposition grounds, and for other public purposes. That the lands so set apart are hereby granted to the State of Wyoming: Provided, That the entry and selection of lands under the provisions of this act shall be construed as being in part satisfaction of the grant of lands to the State of Wyoming for charitable, educational, penal and reformatory institutions under the provisions of Section 11 of the Act of Congress of July 10, 1890.

#### CANALS.

The Act of March 2, 1895, authorized the President to appoint a board of three persons with power to meet and confer with any similar committee which may be appointed by the Government of Great Britain or of the Dominion of Canada, and who shall make inquiry and report whether it is feasible to build such canals as shall enable vessels engaged in ocean commerce to pass to and fro between the great lakes and the Atlantic Ocean, with an adequate and controllable supply of water for continual use; where such canals can be most conveniently located, the probable cost of the same, with estimates in detail; and if any part of the same should be built in the territory of Canada, what regulations or treaty arrangements will be necessary between the United States and Great Britain to preserve the free use of such canal to the people of this country at all times; and all necessary facts and considerations relating to the construction and future use of deep-water channels between the Great Lakes and the Atlantic Ocean. The persons so appointed shall serve without compensation in any form, but they shall be paid their actual travelling and other necessary expenses, not exceeding in all ten thousand dollars, for which purpose the said sum of ten thousand dollars, or so much thereof as may be necessary, is hereby appropriated.

The President may, in his discretion, detail as one of such persons an officer of the Army or Navy.

See "Nicaragua Canal."

#### LOTTERY LAW.

The Act of March 2, 1895, enacted that any person who shall cause to be brought within the United States from abroad, for the purpose of disposing of the same, or deposited in or carried by the mails of the United States, or carried from one State to another in the United States, any paper, certificate, or instrument purporting to be or represent a ticket, chance, share, or interest in or dependent upon the event of a lottery, so-called gift concert, or similar enterprise, offering prizes dependent upon lot or chance, or shall cause any advertisement of such lottery, so-called gift concert, or similar enterprise, offering prizes dependent upon lot or chance, to be brought into the United States, or deposited in or carried by the mails of the United States, or transferred from one State to another in the same,

shall be punishable in the first offence by imprisonment for not more than two years or by a fine of not more than one thousand dollars, or both, and in the second and after offences by such imprisonment only.

#### INCREASE OF THE NAVY.

The Appropriation Act of March 2, 1895, provided: "That for the purpose of further increasing the naval establishment of the United States the President is hereby authorized to have constructed by contract two seagoing coast-line battle-ships designed to carry the heaviest armor and most powerful ordnance upon a displacement of about ten thousand tons, to have the highest practicable speed for vessels of their class, and to cost, exclusive of armament, not exceeding four million dollars each; and six light-draft composite gun-boats of about one thousand tons displacement, to be fixed by the Secretary of the Navy, and no one of which shall cost more than two hundred and thirty thousand dollars, or in all for said six gun-boats, one million three hundred and eighty thousand dollars, exclusive of armament, and not more than two of said gunboats shall be built in one yard, or by one contracting party, and in each case the contract shall be awarded by the Secretary of the Navy to the lowest best responsible bidder; and three torpedo boats, at a cost of not exceeding one hundred and seventy-five thousand dollars each; and, subject to the provisions hereinafter made, one seagoing battle-ship and one of said torpedo boats shall be built on or near the coast of the Pacific Ocean, or in the waters connecting therewith, and one torpedo boat on the Mississippi River, and one torpedo boat on the coast of the Gulf of Mexico; and in the construction of all said vessels all of the provisions of the Act of August 3, 1886, entitled, 'An Act to increase the naval establishment,' as to materials for said vessels, their engines, boilers, and machinery, the contracts under which they are built, except as to premiums, which are not to be offered, the notice of any proposals for the same, the plans, drawings, and specifications therefor, and the method of executing said contracts, shall be observed and followed, and said vessels shall be built in compliance with the terms of said Act, save that in all their parts said vessels shall be of domestic manufacture: Provided, that if it shall appear to the satisfaction of the President of the United States, from the biddings for the contracts for either of said torpedo boats, and for one of the foregoing battle-ships to be built on the Pacific Coast, when the same shall be opened and examined by him, that the said torpedo boats or battle-ships cannot be constructed at a fair cost at the places fixed in the proposals and biddings, he may authorize the construction of said torpedo boats, or any of them, or the battle-ship, the biddings for which provide for building upon the Pacific Coast, elsewhere in the United States, subject to the limitations as to cost hereinbefore provided; and any of the ships, gunboats, and torpedo boats provided for in this Act may be constructed of steel or other metal, or of alloy, except where it is otherwise provided in this Act, and

one of said battle-ships shall be named Kearsarge."

#### PENSIONS.

The Act of March 2, 1895, provides that from and after September 28, 1892, the accrued pension to the date of the death of any pensioner, or of any person entitled to a pension having an application therefor pending, and whether a certificate therefor shall issue prior or subsequent to the death of such person, shall, in the case of a person pensioned, or applying for pension, on account of his disabilities or service, be paid, first, to his widow; second, if there is no widow, to his child or children under the age of sixteen years at his death; third, in case of a widow, to her minor children under the age of sixteen years at her death. Such accrued pension shall not be considered a part of the assets of the estate of such deceased person, nor be liable for the payment of the debts of said estate in any case whatsoever, but shall inure to the sole and exclusive benefit of the widow or children. And if no widow or child survive such pensioner, and in the case of his last surviving child who was such minor at his death, and in case of a dependent mother, father, sister, or brother, no payment whatsoever of their accrued pension shall be made or allowed except so much as may be necessary to reimburse the person who bore the expense of their last sickness and burial, if they did not leave sufficient assets to meet such expense. And the mailing of a pension check, drawn by a pension agent in payment of a pension due, to the address of a pensioner, shall constitute payment in the event of the death of a pensioner subsequent to the execution of the voucher therefor. And all prior laws relating to the payment of accrued pension are hereby repealed.

The Pension Appropriation bill of March 2, 1895 repealed the law which went into effect July 1, 1893, providing that no pension should be paid to a non-resident who is not a citizen of the United States, except for actual disabilities incurred in the service. It also enacted that pensioners receiving less than \$6 per month, for any degree of pensionable disability, shall have their pensions increased to that amount; and provided that the law should not be retroactive.

#### PUBLIC PRINTING.

An act of January 12, 1895, provides for a Joint Committee on Printing, consisting of three members from each House of Congress. It has power to adopt such measures as may be deemed necessary to remedy any neglect or delay in the execution of the public printing; to reprint a limited number of bills; to fix upon standards of paper for public printing, and to award contracts therefor, and to have control of the arrangement and style of the "Congressional Record," etc. The Public Printer must be a practical printer and versed in the art of bookbinding, and is appointed subject to confirmation by the Senate, with a salary of \$4,500 a year. He must also furnish a bond to the amount of \$100,000 for the faithful performance of his duties.

The employees of the Government Print-

ing Office may have thirty days' leave of absence, with pay, each year; with pro rata leave to those who serve fractional parts of the year. The Public Printer, chief clerk, foreman of printing or binding, and their assistants, are forbidden to have any interest, direct or indirect, in the publication of any newspaper or periodical, or in any printing, binding, etc., or in any contracts for supplies, under a penalty of imprisonment and fine upon conviction. The pay for composition is limited to fifty cents per 1,000 ems; to pressmen, 50 cents per hour, and to printers and bookbinders 40 cents per hour. If employed on night work an extra allowance of 20 per cent is made. Apprentices, not to exceed twenty-five at any one time, may be employed. The superintendent of documents in the Interior Department is abolished, and public documents will no longer be furnished to that department for distribution; provided, that the distribution of the census reports shall be continued and completed under existing laws and regulations.

There are 100 sections in the Act, most of which define the manner and number of publications and how they shall be distributed.

#### REVENUE MARINE.

The Appropriation Act of March 2, 1895, provides for a medical board to "examine and report upon all officers of the Revenue Cutter Service who, through no vicious habits of their own, are now incapacitated by reason of the infirmities of age or physical or mental disability to efficiently perform the duties of their respective offices. And such officers as, under the terms of this act, may be reported by said board to be so permanently incapacitated shall be placed on waiting orders out of the line of promotion, with one-half active duty pay, and the vacancies thereby created in the active list of the officers shall be filled by promotion in the order of seniority, as now provided by law: Provided, however, that no such promotion shall be made until the professional qualifications of the candidate shall have been determined by written examination before a board of officers of the Revenue Cutter Service convened by the Secretary of the Treasury for that purpose: Provided further, that the number of officers upon the active list now authorized by law shall not be increased by this act."

#### THE MORA CLAIM.

The Spanish Cabinet on July 31, 1895, resolved to pay the long-standing claim of Antonio Maximo Mora to the United States, amounting to \$1,500,000. The payment was made on September 14, 1895. It appears that during an insurrection in Cuba a valuable sugar plantation owned by Mora, who claimed to be an American citizen, was confiscated by the Spanish officials. Mora appealed to the authorities at Washington for redress, and as long ago as 1886 the Spanish Government agreed to pay \$1,500,000 in settlement. The claim was pressed by every Administration of the United States after that, but the opposition in the Spanish Cortes, influenced by public opinion in Spain, prevented the payment.

# NATIONAL CONVENTIONS AND PLATFORMS OF 1892.

## THE REPUBLICAN NATIONAL CONVENTION.

The tenth Republican National Convention met at Minneapolis on June 7, 1892. J. Sloat Fassett, of New-York, was elected temporary chairman, and Wm. McKinley, jr., of Ohio, permanent chairman. The following platform was unanimously reported on June 10 from the Committee on Resolutions, Joseph B. Foraker, of Ohio, chairman, and was unanimously adopted by the convention at the evening session:

### REPUBLICAN PLATFORM, Adopted at Minneapolis, June 10, 1892.

"The representatives of the Republicans of the United States, assembled in general convention on the shores of the Mississippi River, the everlasting bond of an indestructible Republic, whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the majestic march of the Nation under the banners inscribed with the principles of our platform of 1888, vindicated by victory at the polls and prosperity in our fields, workshops and mines, and make the following declaration of principles:

**PROTECTION.**—"We reaffirm the American doctrine of protection. We call attention to its growth abroad. We maintain that the prosperous condition of our country is largely due to the wise revenue legislation of the Republican Congress. We believe that all articles which cannot be produced in the United States, except luxuries, should be admitted free of duty, and that on all imports coming into competition with the products of American labor there should be levied duties equal to the difference between wages abroad and at home. We assert that the prices of manufactured articles of general consumption have been reduced under the operations of the tariff act of 1890. We denounce the efforts of the Democratic majority of the House of Representatives to destroy our tariff laws piecemeal, as is manifested by their attacks upon wool, lead and lead ores, the chief products of a number of States, and we ask the people for their judgment thereon.

**RECIPROCITY.**—"We point to the success of the Republican policy of reciprocity, under which our export trade has vastly increased, and new and enlarged markets have been opened for the products of our farms and workshops. We remind the people of the bitter opposition of the Democratic party to this practical business measure, and claim that, executed by a Republican Administration, our present laws will eventually give us control of the trade of the world.

**SILVER.**—"The American people, from tradition and interest, favor bimetalism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance

of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or coin, issued by the Government shall be as good as any other. We commend the wise and patriotic steps already taken by our Government to secure an international conference to adopt such measures as will insure a parity of value between gold and silver for use as money throughout the world.

**FREE BALLOT AND FAIR COUNT.**—"We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and returned as cast; that such laws shall be enacted and enforced as will secure to every citizen, be he rich or poor, native or foreign born, white or black, this sovereign right guaranteed by the Constitution. The free and honest popular ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundation of our republican institutions, and the party will never relax its efforts until the integrity of the ballot and the purity of elections shall be fully guaranteed and protected in every State.

**SOUTHERN OUTRAGES.**—"We denounce the continued inhuman outrages perpetrated upon American citizens for political reasons in certain Southern States of the Union.

**FOREIGN RELATIONS.**—"We favor the extension of our foreign commerce, the restoration of our mercantile marine by home-built ships and the creation of a Navy for the protection of our National interests and the honor of our flag; the maintenance of the most friendly relations with all foreign Powers, entangling alliances with none; and the protection of the rights of our fishermen. We reaffirm our approval of the Monroe Doctrine, and believe in the achievement of the manifest destiny of the Republic in its broadest sense. We favor the enactment of more stringent laws and regulations for the restriction of criminal, pauper and contract immigration.

**MISCELLANEOUS.**—"We favor efficient legislation by Congress to protect the life and limbs of employes of transportation companies engaged in carrying on interstate commerce, and recommend legislation by the respective States that will protect employes engaged in State commerce, and in mining and manufacturing.

"The Republican party has always been the champion of the oppressed, and recognizes the dignity of manhood, irrespective of faith, color or nationality; it sympathizes with the cause of Home Rule in Ireland, and protests against the persecution of the Jews in Russia.

"The ultimate reliance of free popular government is the intelligence of the

people and the maintenance of freedom among men. We therefore declare anew our devotion to liberty of thought and conscience, of speech and press, and approve all agencies and instrumentalities which contribute to the education of the children of the land; but, while insisting upon the fullest measure of religious liberty, we are opposed to any union of Church and State.

**TRUSTS.**—"We reaffirm our opposition, declared in the Republican platform of 1888, to all combinations of capital organized in trust or otherwise, to control arbitrarily the condition of trade among our citizens. We heartily indorse the action already taken upon this subject, and ask for such further legislation as may be required to remedy any defects in existing laws and to render their enforcement more complete and effective.

**POSTOFFICE REFORM.**—"We approve the policy of extending to towns, villages and rural communities the advantages of the free delivery service now enjoyed by the larger cities of the country, and reaffirm the declaration contained in the Republican platform of 1888, pledging the reduction of letter postage to one cent at the earliest possible moment consistent with the maintenance of the Postoffice Department and the highest class of postal service.

**CIVIL SERVICE.**—"We commend the spirit and evidence of reform in the Civil Service, and the wise and consistent enforcement by the Republican party of the laws regulating the same.

**NICARAGUA CANAL.**—"The construction of the Nicaragua Canal is of the highest importance to the American people, both as a measure of National defence and to build up and maintain American commerce, and it should be controlled by the United States Government.

**TERRITORIES.**—"We favor the admission of the remaining Territories at the earliest practicable date, having due regard to the interests of the people of the Territories and of the United States. All the Federal officers appointed for the Territories should be selected from bona fide residents thereof, and the right of self-government should be accorded as far as practicable.

**ARID LANDS.**—"We favor cession, subject to the Homestead laws, of the arid public lands to the States and Territories in which they lie, under such Congressional restrictions as to disposition, reclamation and occupancy by settlers as will secure the maximum benefits to the people.

**COLUMBIAN EXPOSITION.**—"The World's Columbian Exposition is a great National undertaking, and Congress should promptly enact such reasonable legislation in aid thereof as will insure a discharge of the expenses and obligations incident thereto, and the attainment of results commensurate with the dignity and progress of the Nation.

**INTEMPERANCE.**—"We sympathize with all wise and legitimate efforts to lessen and prevent the evils of intemperance and promote morality.

**PENSIONS.**—"Ever mindful of the services and sacrifices of the men who saved the life of the Nation, we pledge anew to the veteran soldiers of the Republic a

watchful care and recognition of their just claims upon a grateful people.

**HARRISON'S ADMINISTRATION.**—"We commend the able, patriotic and thoroughly American Administration of President Harrison. Under it the country has enjoyed remarkable prosperity, and the dignity and honor of the Nation at home and abroad have been faithfully maintained, and we offer the record of pledges kept as a guarantee of faithful performance in the future."

## THE REPUBLICAN NOMINATIONS.

On June 11 Senator E. O. Wolcott, of Colorado, nominated for President James G. Blaine. R. W. Thompson, of Indiana, ex-Secretary of the Navy, nominated Benjamin Harrison. On the first ballot President Harrison was chosen for re-election.

At the evening session State Senator Edmund O'Connor, of New-York, nominated Whitelaw Reid, of New-York, for Vice-President. The nomination was made unanimous.

## THE DEMOCRATIC NATIONAL CONVENTION.

This body met in Chicago on June 21, 1892. William C. Owens, of Kentucky, was made temporary chairman, and William L. Wilson, of West Virginia, permanent chairman.

## DEMOCRATIC PLATFORM, Adopted at Chicago, June 22, 1892.

"The representatives of the Democratic party of the United States, in National convention assembled, do reaffirm their allegiance to the principles of the party as formulated by Jefferson and exemplified by the long and illustrious line of his successors in Democratic leadership from Madison to Cleveland; we believe the public welfare demands that these principles be applied to the conduct of the Federal Government through the accession to power of the party that advocates them, and we solemnly declare that the need of a return to these fundamental principles of a free popular government based on home rule and individual liberty was never more urgent than now, when the tendency to centralize all power at the Federal Capital has become a menace to the reserved rights of the States that strikes at the very roots of our Government under the Constitution as framed by the fathers of the Republic.

**ELECTIONS BILL.**—"We warn the people of our common country, jealous for the preservation of their free institutions, that the policy of Federal control of elections, to which the Republican party has commended itself, is fraught with the gravest dangers, scarcely less momentous than would result from a revolution practically establishing monarchy on the ruins of the Republic. It strikes at the North as well as the South, and injures the colored citizens even more than the white; it means a horde of deputy marshals at every polling place armed with Federal power, returning boards appointed and controlled by Federal authority, the outrage of the electoral rights of the people in the several States, subjugation of the

colored people to the control of the party in power, and the reviving of race antagonisms now happily abated, of the utmost peril to the safety and happiness of all, a measure deliberately and justly described by a leading Republican Senator as 'the most infamous bill that ever crossed the threshold of the Senate.' Such a policy, if sanctioned by law, would mean the dominance of a self-perpetuating oligarchy of office-holders, and the party first intrusted with its machinery could be dislodged from power only by an appeal to the reserved rights of the people to resist oppression which is inherent in all self-governing communities. Two years ago this revolutionary policy was emphatically condemned by the people at the polls, but in contempt of that verdict the Republican party has defiantly declared in its latest authoritative utterance that its success in the coming elections will mean the enactment of the Force bill, and the usurpation of despotic control over elections in all the States. Believing that the preservation of republican government in the United States is dependent upon the defeat of this policy of legalized force and fraud, we invite the support of all citizens who desire to see the Constitution maintained in its integrity with the laws pursuant thereto which have given our country a hundred years of unexampled prosperity; and we pledge the Democratic party, if it be intrusted with power, not only to the defeat of the Force bill, but also to relentless opposition to the Republican policy of profligate expenditure which, in the short space of two years, has squandered an enormous surplus, emptied an overflowing Treasury, after piling new burdens of taxation upon the already overtaxed labor of the country.

**TARIFF.**—"We denounce Republican protection as a fraud, a robbery of the great majority of the American people for the benefit of the few. We declare it to be a fundamental principle of the Democratic party that the Federal Government has no constitutional power to impose and collect tariff duties, except for the purpose of revenue only, and we demand that the collection of such taxes shall be limited to the necessities of the Government when honestly and economically administered. We denounce the McKinley Tariff law enacted by the LIst Congress as the culminating atrocity of class legislation; we indorse the efforts made by the Democrats of the present Congress to modify its most oppressive feature in the direction of free raw materials and cheaper manufactured goods that enter into general consumption, and we promise its repeal as one of the beneficent results that will follow the action of the people in intrusting power to the Democratic party. Since the McKinley tariff went into operation there have been ten reductions of the wages of the laboring man to one increase. We deny that there has been any increase of prosperity to the country since the tariff went into operation, and we point to the dulness and distress, the wage reductions and strikes in the iron trade as the best possible evidence that no such prosperity has resulted from the McKinley act. We call the attention of thoughtful Americans to the fact that after thirty years of re-

strictive taxes against the importation of foreign wealth, in exchange for our agricultural surplus, the homes and farms of the country have become burdened with a real estate mortgage debt of over \$2,500,000, exclusive of all other forms of indebtedness; that in one of the chief agricultural States of the West there appears a real estate mortgage debt averaging \$105 per capita of the total population, and that similar conditions and tendencies are shown to exist in other agricultural exporting States. We denounce a policy which fosters no industry so much as it does that of the sheriff.

**RECIPROCITY.**—"Trade interchange on the basis of reciprocal advantages to the countries participating is a time-honored doctrine of the Democratic faith, but we denounce the sham reciprocity which juggles with the people's desire for enlarged foreign markets and freer exchanges by pretending to establish closer trade relations for a country whose articles of export are almost exclusively agricultural products with other countries that are also agricultural, while erecting a custom-house barrier of prohibitive tariff taxes against the rich and the countries of the world that stand ready to take our entire surplus of products and to exchange therefor commodities which are necessities and comforts of life among our people.

**TRUSTS.**—"We recognize in the trusts and combinations which are designed to enable capital to secure more than its just share of the joint product of capital and labor a natural consequence of the prohibitive taxes which prevent the free competition which is the life of honest trade, but we believe their worst evils can be abated by law, and we demand the rigid enforcement of the laws made to prevent and control them, together with such further legislation in restraint of their abuses as experience may show to be necessary.

**PUBLIC LANDS.**—"The Republican party, while professing a policy of reserving the public land for small holdings by actual settlers, has given away the people's heritage, till now a few railroads and non-resident aliens, individual and corporate, possess a larger area than that of all our farms between the two seas. The last Democratic Administration reversed the improvident and unwise policy of the Republican party touching the public domain, and reclaimed from corporations and syndicates, abroad and domestic, and restored to the people nearly one hundred million acres of valuable land to be sacredly held as homesteads for our citizens, and we pledge ourselves to continue this policy until every acre of land so unlawfully held shall be reclaimed and restored to the people.

**SILVER.**—"We denounce the Republican legislation known as the Sherman act of 1890 as a cowardly makeshift, fraught with possibilities of danger in the future, which should make all of its supporters, as well as its author, anxious for its speedy repeal. We hold to the use of both gold and silver as the standard money of the country, and to the coinage of both gold and silver, without discriminating against either metal or charge for mintage, but the dollar unit of coinage of

both metals must be of equal intrinsic and exchangeable value or be adjusted through international agreement, or by such safeguards of legislation as shall insure the maintenance of the parity of the two metals and the equal power of every dollar at all times in the markets and in payments of debts and we demand that all paper currency shall be kept at par with and redeemable in such coin. We insist upon this policy as especially necessary for the protection of the farmers and laboring classes, the first and most defenceless victims of unstable money and a fluctuating currency.

**BANKING.**—"We recommend that the prohibitory 10 per cent tax on State bank issues be repealed.

**CIVIL SERVICE.**—"Public office is a public trust. We reaffirm the declaration of the Democratic National Convention of 1876 for the reform of the civil service, and we call for the honest enforcement of all laws regulating the same. The nomination of a President, as in the recent Republican Convention, by delegations composed largely of his appointees, holding office at his pleasure, is a scandalous satire upon free popular institutions and a startling illustration of the methods by which a President may gratify his ambition. We denounce a policy under which Federal office-holders usurp control of party conventions in the States, and we pledge the Democratic party to the reform of these and all other abuses which threaten individual liberty and local self-government.

**FOREIGN POLICY.**—"The Democratic party is the only party that has ever given the country a foreign policy consistent and vigorous, compelling respect abroad and inspiring confidence at home. While avoiding entangling alliances, it has aimed to cultivate friendly relations with other nations, and especially with our neighbors on the American continent, whose destiny is closely linked with our own, and we view with alarm the tendency to a policy of irritation and bluster which is liable at any time to confront us with the alternative of humiliation or war. We favor the maintenance of a navy strong enough for all purposes of National defence, and to properly maintain the honor and dignity of the country abroad.

**FOREIGN OPPRESSION.**—"This country has always been the refuge of oppressed from every land—exiles for conscience sake—and in the spirit of the founders of our Government we condemn the oppression practised by the Russian Government upon its Lutheran and Jewish subjects, and we call upon our National Government, in the interests of justice and humanity, by all just and proper means to use its prompt and best effort to bring about a cessation of these cruel persecutions in the dominions of the Czar, and to secure to the oppressed equal rights. We tender our profound and earnest sympathy to those lovers of freedom who are struggling for home rule and the great cause of local self-government in Ireland.

**IMMIGRATION.**—"We heartily approve all legitimate efforts to prevent the United States from being used as a dumping ground for the known criminals and professional paupers of Europe, and we de-

mand the rigid enforcement of the laws against Chinese immigration or the importation of foreign workmen under contract to degrade American labor and lessen its wages, but we condemn and denounce any and all attempts to restrict the immigration of the industrious and worthy of foreign lands.

**PENSIONS.**—"This convention hereby renews the expression of appreciation of the patriotism of the soldiers and sailors of the Union in the war for its preservation, and we favor just and liberal pensions for all disabled Union soldiers, their widows and dependents, but we demand that the work of the Pension Office shall be done industriously, impartially and honestly. We denounce the present administration of that office as incompetent, corrupt, disgraceful and dishonest.

**WATERWAYS.**—"The Federal Government should care for and improve the Mississippi River and other great waterways of the Republic so as to secure for the interior States easy and cheap transportation to the tidewater. When any waterway of the public is of sufficient importance to demand the aid of the Government—that such aid should be extended, a definite plan of continuous work, until permanent improvement is secured.

**NICARAGUA CANAL.**—"For purposes of National defence, the promotion of commerce between the States, we recognize the early construction of the Nicaragua Canal and its protection against foreign control as of great importance to the United States.

**WORLD'S FAIR.**—"Recognizing the World's Columbian Exposition as a National undertaking of vast importance, in which the General Government has invited the co-operation of all the powers of the world, and appreciating the acceptance by many of such powers of the invitation so extended, and the broadest liberal efforts being made by them to contribute to the grandeur of the undertaking, we are of the opinion that Congress should make such necessary financial provisions as shall be requisite to the maintenance of the National honor and public faith.

**PUBLIC SCHOOLS.**—"Popular education being the only safe basis of popular suffrage, we recommend to the several States most liberal appropriations for the public schools. Free common schools are the nursery of good government, and they have always received the fostering care of the Democratic party, which favors every means of increasing intelligence. Freedom of education, being an essential of civil and religious liberty as well as a necessity for the development of intelligence, must not be interfered with under any pretext whatever. We are opposed to State interference with parental rights and rights of conscience in the education of children as an infringement of a fundamental Democratic doctrine that the largest individual liberty consistent with the rights of others insures the highest type of American citizenship and the best government.

**TERRITORIES.**—"We approve the action of the present House of Representatives in passing bills for the admission into the Union as States of the Territories of New-Mexico and Arizona, and we favor

the early admission of all the Territories having necessary population and resources to admit them to Statehood, and while they remain Territories we hold that the officials appointed to administer the Government of any Territory, together with the District of Columbia and Alaska, should be bona fide residents of the Territory or district in which their duties are to be performed. The Democratic party believe in home rule and the control of their own affairs by the people of the vicinage.

**LABOR.**—"We favor legislation by Congress and State Legislatures to protect the lives and limbs of railway employes and those of other hazardous transportation companies, and denounce the inactivity of the Republican party, particularly the Republican Senate, for causing the defeat of measures beneficial and protective to this class of wage-workers. We are in favor of the enactment by the States of laws for abolishing the notorious sweating system, for abolishing contract convict labor and for prohibiting the employment in factories of children under fifteen years of age.

**MISCELLANEOUS.**—"We are opposed to all sumptuary law as an interference with the individual rights of the citizen. Upon this statement of principles and policies the Democratic party asks the intelligent judgment of the American people. It asks a change of administration and a change of party, in order that there might be a change of system and a change of methods, thus assuring the maintenance unimpaired of institutions under which the Republic has grown great and powerful."

The Platform, as reported from the Committee on Resolutions, contained this declaration, as the first paragraph of Section 3, with the heading "Revenue Tariffs":

"We reiterate the oft-repeated doctrines of the Democratic party that the necessity of the Government is the only justification for taxation, and whenever a tax is unnecessary it is unjustifiable; that when custom-house taxation is levied upon articles of any kind produced in this country, the difference between the cost of labor here and labor abroad, when such a difference exists, fully measures any possible benefits to labor, and the enormous additional impositions of the existing tariff fall with crushing force upon our farmers and workingmen, and for the mere advantage of the few whom it enriches, exact from labor a grossly unjust share of the expenses of the Government, and we demand such a revision of the tariff laws as will remove their iniquitous inequalities, lighten their oppressions and put them on a constitutional and equitable basis. But in making reduction in taxes it is not proposed to injure any domestic industries, but rather to promote their healthy growth. From the foundation of this Government taxes collected at the Custom House have been the chief source of Federal revenue. Such they must continue to be. Moreover, many industries have come to rely upon legislation for successful continuance, so that any change of law must be at every step regardless of the labor and capital thus involved. The

process of reform must be subject in the execution of this plain dictate of justice."

On motion of Lawrence T. Neal, of Ohio, the above paragraph was struck from the Platform and the following substituted:

"We denounce Republican Protection as a fraud, a robbery of the great majority of the American people for the benefit of the few. We declare it to be a fundamental principle of the Democratic party that the Federal Government has no constitutional power to impose and to collect tariff duties, except for the purpose of revenue only, and we demand that the collection of such taxes shall be limited to the necessities of the Government when honestly and economically administered."

### DEMOCRATIC NOMINATIONS FOR PRESIDENT.

Governor Leon Abbett, of New-Jersey, presented the name of Grover Cleveland, of New-York, for President; Wm. C. De Witt, of Brooklyn, that of David B. Hill, of New-York, and John F. Duncombe, of Iowa, that of Horace Boies, of Iowa. Mr. Cleveland was nominated on the first ballot.

### NOMINATIONS FOR VICE- PRESIDENT.

On June 23 Adlai E. Stevenson, of Illinois, was nominated by acclamation for the Vice-Presidency after one ballot had been taken. His name was presented by Nicholas E. Worthington, of Illinois.

### THE PEOPLE'S PARTY CON- VENTION.

This body met at Omaha, July 2, 1892. C. H. Ellington, of Georgia, was chosen temporary chairman, and H. L. Loucks, of South Dakota, permanent chairman.

### THE PLATFORM.

"Assembled upon the one hundred and sixteenth anniversary of the Declaration of Independence, the People's Party of America, in their first National Convention, invoking upon their action the blessing of Almighty God, puts forth, in the name and on behalf of the people of this country, the following preamble and declaration of principles:

"The conditions which surround us best justify our co-operation. We meet in the midst of a nation brought to the verge of moral, political and material ruin. Corruption dominates the ballot-box, the Legislatures, the Congress, and touches even the ermine of the Bench. The people are demoralized; most of the States have been compelled to isolate the voters at the polling places to prevent universal intimidation or bribery. The newspapers are largely subsidized or muzzled, public opinion silenced, business prostrated, our homes covered with mortgages, labor impoverished, and the land concentrating in the hands of capitalists. The urban workmen are denied the right of organization for self-protection; imported pauperized labor beats down their wages; a hireling standing army, unrecognized by our laws, is established to shoot them down, and they are rapidly degenerating into European conditions. The fruits of

the toil of millions are boldly stolen to build up colossal fortunes for a few, unprecedented in the history of mankind, and the possessors of these in turn despise the Republic and endanger liberty. From the same prolific womb of governmental injustice we breed the two great classes—tramps and millionaires.

"The national power to create money is appropriated to enrich bondholders; a vast public debt, payable in legal tender currency, has been funded into gold-bearing bonds, thereby adding millions to the burdens of the people. Silver, which has been accepted as coin since the dawn of history, has been demonetized to add to the purchasing power of gold by decreasing the value of all forms of property as well as human labor, and the supply of currency is purposely abridged to fatten usurers, bankrupt enterprise and enslave industry.

"A vast conspiracy against mankind has been organized on two continents, and it is rapidly taking possession of the world. If not met and overthrown at once, it forebodes terrible social convulsions, the destruction of civilization, or the establishment of an absolute despotism. We have witnessed, for more than a quarter of a century, the struggles of the two great political parties for power and plunder, while grievous wrongs have been inflicted upon the suffering people. We charge that the controlling influences dominating both these parties have permitted the existing dreadful conditions to develop without serious effort to prevent or restrain them. Neither do they now promise us any substantial reform. They have agreed together to ignore, in the coming campaign, every issue but one. They propose to drown the outcries of a plundered people with the uproar of a sham battle over the tariff, so that capitalists, corporations, National banks, rings, trusts, watered stock, the demonetization of silver, and the oppressions of the usurers may all be lost sight of. They propose to sacrifice our homes, lives and children on the altar of Mammon; to destroy the multitude in order to secure corruption funds from the millionaires.

"Assembled on the anniversary of the birthday of the Nation, and filled with the spirit of the grand general and chieftain who established our independence, we seek to restore the Government of the Republic to the hands of the 'plain people' with whose class it originated. We assert our purposes to be identical with the purposes of the National Constitution, to form a more perfect union, and establish justice, insure domestic tranquillity, provide for the common defence, promote the general welfare, and secure the blessings of liberty for ourselves and our posterity. We declare that this Republic can only endure as a free government while built upon the love of the whole people for each other and for the Nation; that it cannot be pinned together by bayonets; that the Civil War is over, and that every passion and resentment which grew out of it must die with it, and that we must be in fact, as we are in name, one united brotherhood of freedom.

"Our country finds itself confronted by conditions for which there is no precedent in the history of the world; our

annual agricultural productions amount to billions of dollars in value, which must within a few weeks or months be exchanged for billions of dollars' worth of commodities consumed in their production; the existing currency supply is wholly inadequate to make this exchange; the results are falling prices, the formation of combines and rings, the impoverishment of the producing class. We pledge ourselves that, if given power, we will labor to correct these evils by wise and reasonable legislation, in accordance with the terms of our platform. We believe that the powers of Government—in other words, of the people—should be expanded (as in the case of the postal service) as rapidly and as far as the good sense of an intelligent people and the teachings of experience shall justify, to the end that oppression, injustice and poverty shall eventually cease in the land.

"While our sympathies as a party of reform are naturally upon the side of every proposition which will tend to make men intelligent, virtuous and temperate, we nevertheless regard these questions—important as they are—as secondary to the great issues now pressing for solution, and upon which not only our individual prosperity, but the very existence of free institutions depends; and we ask all men to first help us to determine whether we are to have a Republic to administer, before we differ as to the conditions upon which it is to be administered; believing that the forces of reform this day organized will never cease to move forward until every wrong is righted, and equal rights and equal privileges securely established for all the men and women of this country. We declare, therefore,

"1. That the union of the labor forces of the United States this day consummated shall be permanent and perpetual; may its spirit enter into all hearts for the salvation of the Republic and the uplifting of mankind.

"2. Wealth belongs to him who creates it, and every dollar taken from industry without an equivalent is robbery. 'If any will not work, neither shall he eat.' The interests of rural and civic labor are the same; their enemies are identical.

"3. We believe that the time has come when the railroad corporations will either own the people or the people must own the railroads; and should the Government enter upon the work of owning and managing all railroads, we should favor an amendment to the Constitution by which all persons engaged in the Government service shall be placed under a civil service regulation of the most rigid character, so as to prevent the increase of the power of the National Administration by the use of such additional Government employees.

**MONEY.**—"1. We demand a National currency, safe, sound and flexible, issued by the General Government only, a full legal tender for all debts public and private, and that without the use of banking corporations; a just, equitable and efficient means of distribution direct to the people at a tax not to exceed 2 per cent per annum, to be provided as set forth in the Sub-Treasury plan of the Farmers' Alliance, or a better system;

also by payments in discharge of its obligations for public improvements.

"(A) We demand free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1.

"(B) We demand that the amount of circulating medium be speedily increased to not less than \$50 per capita.

"(C) We demand a graduated income tax.

"(D) We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all State and National revenues shall be limited to the necessary expenses of the Government, economically and honestly administered.

"(E) We demand that Postal Savings Banks be established by the Government for the safe deposit of the earnings of the people and to facilitate exchange.

**TRANSPORTATION.**—"2. Transportation being a means of exchange and a public necessity, the Government should own and operate the railroads in the interest of the people. The telegraph and telephone, like the postoffice system, being a necessity for the transmission of news, should be owned and operated by the Government in the interests of the people.

**LAND.**—"3. The land, including all the natural sources of wealth, is the heritage of the people and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All land now held by railroads and other corporations in excess of their actual needs, and all lands now owned by aliens, should be reclaimed by the Government and held for actual settlers only."

The following supplementary resolutions, not to be incorporated in the platform, came from the Committee on Resolutions and were adopted, as follows:

"Whereas, Other questions having been presented for our consideration, we hereby submit the following, not as a part of the Platform of the People's party, but as resolutions expressive of the sentiment of this convention:

**ELECTIONS.**—"1. Resolved, That we demand a free ballot and fair count at all elections, and pledge ourselves to secure it to every legal voter without Federal intervention, through the adoption by the States of the unperverted Australian or secret ballot system.

**TAXATION.**—"2. That the revenue derived from a graduated income tax should be applied to the reduction of the burden of taxation now resting upon the domestic industries of this country.

**PENSIONS.**—"3. That we pledge our support to fair and liberal pensions to ex-Union soldiers and sailors.

**IMMIGRATION.**—"4. That we condemn the fallacy of protecting American labor under the present system, which opens our ports to the pauper and criminal classes of the world, and crowds out our wage-earners; and we denounce the present ineffective laws against contract labor, and demand the further restriction of undesirable immigration.

**EIGHT-HOUR LAW.**—"5. That we cordially sympathize with the efforts of organized workmen to shorten the hours of labor and demand a rigid enforcement of the existing Eight-Hour law

on Government work, and ask that a penalty clause be added to the said law.

**PINKERTON MEN.**—"6. That we regard the maintenance of a large standing army of mercenaries, known as the Pinkerton system, as a menace to our liberties, and we demand its abolition; and we condemn the recent invasion of the Territory of Wyoming by the hired assassins of plutocracy, assisted by Federal officials.

**MISCELLANEOUS.**—"7. That we commend to the favorable consideration of the people and to the reform press the legislative system known as the initiative and referendum.

"8. That we favor a constitutional provision limiting the office of President and Vice-President to one term, and providing for the election of Senators of the United States by a direct vote of the people.

"9. That we oppose any subsidy or rational aid to any private corporation for any purpose.

"10. That this convention sympathizes with the Knights of Labor and their righteous contest with the tyrannical combine of clothing manufacturers of Rochester, and declares it to be the duty of all who hate tyranny and oppression to refuse to purchase the goods made by the said manufacturers, or to patronize any merchants who sell such goods."

### THE NOMINATIONS.

The following were placed in nomination for President: James B. Weaver, of Iowa; James H. Kyle, South Dakota; James G. Field, Virginia, and Mann Page, Virginia. The vote on the morning of July 5 resulted as follows: James B. Weaver, 995; James H. Kyle, 265.

For Vice-President, James G. Field, of Virginia, was chosen by a vote of 733 to 554 for Ben Terrell, of Texas.

### THE PROHIBITION CONVENTION.

This body met at Cincinnati, June 29, 1892. John P. St. John, of Kansas, was chosen temporary chairman, and Eli Ritter, of Indiana, permanent president.

### THE PLATFORM.

"The Prohibition party, in National Convention assembled, acknowledging Almighty God as the source of all true government, and His law as the standard to which human enactments must conform to secure the blessings of peace and prosperity, presents the following declaration of principles:

**LIQUOR.**—"1. The liquor traffic is a foe to civilization, the arch-enemy of popular government, and a public nuisance. It is the citadel of the forces that corrupt politics, promote poverty and crime, degrade the Nation's home life, thwart the will of the people, and deliver our country into the hands of rapacious class interests. All laws that, under the guise of regulation, legalize and protect this traffic or make the Government share in its ill-gotten gains, are 'vicious in principle and powerless as a remedy.' We declare anew for the entire suppression of the manufacture, sale, importation, exportation and transportation of alcoholic liquors as a beverage by Federal and

State legislation, and the full powers of Government should be exerted to secure this result. No party that fails to recognize the dominant nature of this issue in American politics is deserving of the support of the people.

**WOMAN SUFFRAGE.**—"2. No citizen should be denied the right to vote on account of sex, and equal labor should receive equal wages, without regard to sex.

**MONEY.**—"3. The money of the country should consist of gold, silver and paper, and be issued by the General Government only, and in sufficient quantity to meet the demands of business and give full opportunity for the employment of labor. To this end an increase in the volume of money is demanded. No individual or corporation should be allowed to make any profit through its issue. It should be made a legal tender for the payment of all debts, public and private. Its volume should be fixed at a definite sum per capita, and made to increase with our increase in population.

**SILVER.**—"4. We favor the free and unlimited coinage of gold and silver. (This plank was stricken out by the convention by a vote of 335 for to 596 against it.)

**TARIFF.**—"5. Tariff should be levied only as a defence against foreign Governments which levy tariff upon or bar out our products from their markets, revenues being incidental. The residue of means necessary to an economical administration of the Government should be raised by levying a burden on what the people possess, instead of upon what they consume.

**CORPORATIONS.**—"6. Railroad, telegraph and other public corporations should be controlled by the Government in the interest of the people, and no higher charges allowed than necessary to give the right of trial by constitutional tribunals.

**IMMIGRATION AND NATURALIZATION.**—"7. Foreign immigration has become a burden upon industry, one of the factors in depressing wages and causing discontent; therefore our immigration laws should be revised and strictly enforced. The time of residence for naturalization should be extended, and no naturalized person should be allowed to vote until one year after he becomes a citizen.

**LAND.**—"8. Non-resident aliens should not be allowed to acquire land in this country, and we favor the limitation of individual and corporate ownership of land. All unearned grants of lands to railroad companies or other corporations should be reclaimed.

**MOB LAW.**—"9. Years of inaction and treachery on the part of the Republican and Democratic parties have resulted in the present reign of mob law, and we demand that every citizen be protected in the right of trial by constitutional tribunals.

**MISCELLANEOUS.**—"10. All men should be protected by law in their right to one day of rest in seven.

"11. Arbitration is the wisest and most economical and humane method of settling National differences.

"12. Speculations in margins, the cornering of grain, money and products, and

the formation of pools, trusts and combinations for the arbitrary advancement of prices should be suppressed.

"13. We pledge that the Prohibition party if elected to power will ever grant just pensions to disabled veterans of the Union Army and Navy, their widows and orphans.

"14. We stand unequivocally for the American public school, and opposed to any appropriation of public moneys for sectarian schools. We declare that only by united support of such common schools, taught in the English language, can we hope to become and remain a homogeneous and harmonious people.

**REPUBLICANS AND DEMOCRATS.**—"15. We arraign the Republican and Democratic parties as false to the standards reared by their founders; as faithless to the principles of the illustrious leaders of the past to whom they do homage with the lips; as recreant to the 'higher law,' which is as inflexible in political affairs as in personal life, and as no longer embodying the aspirations of the American people, or inviting the confidence of enlightened, progressive patriotism. Their protest against the admission of 'moral issues' into politics is a confession of their own moral degeneracy. The declaration of an eminent authority that municipal misrule is 'the one conspicuous failure of American politics' follows as a natural consequence of such degeneracy, and it is true alike of cities under Republican and Democratic control. Each accuses the other of extravagance in Congressional appropriations, and both are alike guilty; each protests when out of power against infraction of the civil service laws, and each when in power violates those laws in letter and in spirit; each professes fealty to the interests of the toiling masses, but both covertly truckle to the money power in their administration of public affairs. Even the tariff issue, as represented in the Democratic Mills bill and the Republican McKinley bill, is no longer treated by them as an issue between great and divergent principles of government, but is a mere catering to different sectional and class interests. The attempt in many States to wrest the Australian ballot system from its true purpose, and to so deform it as to render it extremely difficult for new parties to exercise the rights of suffrage, is an outrage upon popular government. The competition of both these parties for the vote of the slums, and their assiduous courting of the liquor power and subserviency to the money power, have resulted in placing those powers in the position of practical arbiters of the destinies of the Nation. We renew our protest against these perilous tendencies, and invite all citizens to join us in the upbuilding of a party that has shown in five National campaigns that it prefers temporary defeat to an abandonment of the claims of justice, sobriety, personal rights and the protection of American homes.

**PROHIBITION.**—"16. Recognizing and declaring that prohibition of the liquor traffic has become the dominant issue in National politics, we invite to full party fellowship all those who on this one dominant issue are with us agreed in the full belief that this party can and will

remove sectional differences, promote National unity, and insure the best welfare of our entire land."

For the third resolution a minority report favored "the issue of legal-tender Treasury notes, exchangeable in gold or silver bullion, on a plan similar to that which now floats \$340,000,000 of greenbacks on \$100,000,000 of gold reserve and make them more acceptable and convenient than either gold or silver coin." This was defeated on a rising vote—yeas 316, nays 337.

For the fifth resolution, the minority reported a substitute declaring that the tariff should be so levied as to furnish revenue for the needs of the Government economically administered, relieving necessities used by the mass of the people, and for the benefit of labor,

protecting American productions and manufactures against the competition of foreign nations, and suggesting the appointment of a tariff commission. This was defeated by a large vote.

The sixteenth resolution was reported by a minority of the Committee on Resolutions. After animated debate it was defeated, its friends being unable to rally the 200 votes necessary to order a vote by States. Subsequently it was taken from the table, and by a rising vote added to the platform; which, with the fourth paragraph out, was then adopted, as reported by James Black, chairman of the committee.

John Bidwell was the nominee for President, and James B. Cranfield for Vice-President.

## POLITICAL PLATFORMS OF STATES.

(See Almanac for 1895 for more extended abstracts of State platforms of 1894.)

### ALABAMA—REPUBLICAN.

April 11, 1894.

For the past twenty years in this State the candidates of the Republican party, as well as those of all others opposed to Organized Democracy for Congress, and for State offices, have been defrauded at every election, and Organized Democracy regardless of the will of the people has maintained party supremacy, over all opposition, by fictitious majorities and false election returns. Every effort of the Republican party in the past has been powerless to remedy these wrongs of which we so justly complain. All else has failed. Let us now try the efficacy of temporary and voluntary disfranchisement in the fifteen counties named. If the future can be judged by the past we have nothing to lose, but everything to hope for and gain by adopting the policy of refusing to either register or vote in the fifteen specified counties. These counties compose the "Black Belt" of Alabama. Where election frauds are so great as to overcome the honest vote of the balance of the State, and thereby become the hope of the Organized Democracy for continued supremacy in this State, defeat in these counties the power by refusing to register, and the usual fictitious majorities returned by the Organized Democracy will be impossible and means its defeat in the August election this year. These counties embrace about one-fourth of the State in both territory and population. Yet so great have been, for years, the frauds against the elective franchise in this part of the State, so bold the manipulation of the ballot box and so often and so regularly have Republican votes, as well as those of others, been counted in this section of Alabama contrary to the way they were cast, that the Conference and Executive Committee deemed it unwise to call a State Convention or to nominate a Republican State ticket. It would only be a farce to do so. It was, however, thought not only best, but wise and patriotic to ask the Repub-

licans of these fifteen counties to refuse either to register in May or vote in August of this year, for under the new election law of this State, Organized Democracy cannot count for its ticket the unregistered voters of these counties, and without the fraudulent count of these voters its defeat in August next is certain. . . . In Alabama the people have been awakened to the necessity of securing honest elections. This now in this State is the paramount issue. For upon honest election all reforms depend. Without "a free vote and a fair count" neither individual liberty is safe nor popular government possible. In 1892 the party which now promises the people of Alabama laws to secure "a free vote and a fair count" carried thirty-seven of the sixty-six counties of the State, and but for the frauds in the fifteen counties wherein Republicans are requested not to register or vote would to-day be in control of our State Government. It is in the power of the Republicans of these fifteen counties, by complying with the recommendations herein, to secure for themselves and their posterity full protection for the rights of franchise. To disregard these recommendations is to forever deny to themselves and their brethren in other parts of the State that protection. If Organized Democracy succeeds in the election next August, the project of the thirteenth plank of that party's platform in 1892 will be revived, and made the law of the State. In short, Alabamians will have fastened upon them either the Pettus bill or the Mississippi plan pure and simple, under which nearly one-third of the white voters and five-sixths of the colored voters of that State are now disfranchised by law. Since the repeal of the United States election laws the same State election laws govern in the Congressional election in November that control in the State election in August, so that the failure to register loses us nothing so far as the Congressional elections are concerned, for the same frauds will

prevail (should Republicans register in May) at the November election that obtain in the August election.

**TARIFF.**—"We view with alarm the sectionalism which would, without time to prepare for so radical a change in the economic condition of the country as is proposed by the Wilson bill, inaugurate a tariff policy destructive alike to the young and growing industries of the South and West, as well as to the established industries of the North, and which tends to pauperize Americans in all sections of our country. We are so associated together as a people that what affects, beneficially or injuriously, one section alike affects all sections. We, therefore, sympathize with the North, who feel that their industry and labor are assailed, and rejoice to see that the people of the North express confidence in the ability of the people to reach a calm and dispassionate judgment on this most vital question, alike to them and to us."

Then follows a series of resolutions. They pledge anew devotion to the principles of the National Republican party; invite a comparison of the conditions of the country under Republican rule with the condition of business stagnation and ruin of industries under a Democratic Administration and Congress; demand honest elections and a free vote and a fair count and honest return of all votes cast; favor a tariff so adjusted as to afford sufficient protection to American labor and industries; favor the use of so much silver money as can be maintained on a parity with gold; declare it to be unwise for the Republicans to nominate a State ticket; favor combination with those opposed to organized Democracy, and advise that no Republican, white or colored, should register or vote in the August election of 1894, in the following counties: Russell, Barbour, Macon, Montgomery, Autauga, Leondes, Dallas, Wilcox, Perry, Hall, Greene, Sumter, Marengo and Clarke.

#### **ALABAMA DEMOCRATIC.**

**May 24, 1894.**

"While there are differences of opinion among us in matters of detail, we all believe in the free coinage of silver whenever it can be done consistently with the maintenance of a sound and safe currency."

#### **ALABAMA JEFFERSONIAN DEMOCRATIC, 1894.**

**SILVER.**—"We demand the free coinage of gold and silver on the basis of 16 to 1; we denounce the demonetization of silver by the Democratic Congress as destructive of the prosperity of the industrial masses; we demand the expansion of the circulating medium to \$50 per capita; we protest against the control of the circulating medium by corporate enterprises."

**TARIFF.**—"We demand a tariff for revenue, and that the revenue necessary to meet the expenses of the Government be raised, so far as possible, by a tariff on importations."

**INCOME TAX.**—"We demand a National graduated income tax on salaries or incomes in excess of reasonable expendi-

tures for the comforts and necessities of life."

#### **ARKANSAS REPUBLICAN.**

**July 24, 1894.**

**TARIFF.**—"We recognize the tariff legislation of the Republican party and the policy upon which such legislation was founded as being the ablest expression of patriotic principle relating to that subject ever enacted by an American Congress, and denounce any attempt to repeal or amend it which does not recognize protection to American labor and industries. The Republican party by its policy of protection to American industries has enabled the laboring man to demand and receive living wages for his labor, and we sympathize with the deplorable condition of the laboring masses caused by the success of the Democratic free trade party, and the rights of labor should be protected by an enlightened liberal policy."

**CURRENCY.**—"The Republican party demands the use of both gold and silver as a standard money, with such restrictions and under such provisions to be determined by legislation as will secure and maintain the parity of values of the two metals, so that the purchasing and debt-paying power of a dollar, whether of silver, gold or paper, shall be at all times equal."

**PENSIONS.**—"Denounces the Democratic National Administration as unpatriotic in the illiberal policy toward the Union soldiers of the late war, and especially in its wholly unjustifiable attempt to cast discredit and dishonor upon that meritorious class of our fellow-citizens."

#### **ARKANSAS DEMOCRATIC.**

**June 27, 1894.**

Insists upon a strict compliance with the repeated declarations of the party in favor of a tariff for revenue only. Demands an income tax law. Demands free and unlimited coinage of both gold and silver at a ratio of 16 to 1. Opposes the issue of bonds in time of peace.

#### **ARKANSAS POPULIST.**

**July 20, 1894.**

Declares "the leaders of the Democratic party are incompetent and untrustworthy"; that "millions of our citizens are looking starvation in the face"; that "business from ocean to ocean, and from the great lakes to the greatest gulf is prostrate and paralyzed"; that "the Democratic Administration has increased the public debt by issuing \$50,000,000 interest-bearing non-taxable gold bonds without authority, and refuses to use the idle millions of silver stored in the vaults of the Treasury to meet the needs of the Government."

Declares in favor of the free and unlimited coinage of silver at the ratio of 16 to 1, without waiting for the co-operation of any other Government; favors a single term only for President and Vice-President, and the election of United States Senators by direct vote of the people; demands the restriction of immigration; denounces the repeal of the "purchasing clause of the silver act of 1890."

**CALIFORNIA REPUBLICAN.****June 20, 1894.**

**TARIFF.**—Favors the protection of American industry and American labor, and demands the tariff system, which, under the administration of the Republican party, brought prosperity to the country, good wages to the laborer, happiness to the people, and glory to the Nation. Denounces the Democratic attempt to imitate the English free-trade system, and holds it responsible for the widespread depression, which has resulted in throwing hundreds of thousands of American workmen out of employment, stopping the wheels of many factories, scattering ruin and desolation throughout the land, frightening capital and starving labor. Demands that the wool industry shall be guarded by appropriate legislation from unfair competition with foreign countries; also that the seedless raisin of the State, corresponding to the Zante product, and other raisins, shall be protected by the imposition of a protective duty on the "Zante currants," and all other dried grapes and fruits.

**PENSIONS.**—Denounces the "treatment accorded the veterans of the Civil War regarding their pensions, by the Interior Department of the present Democratic National Administration, as an insult to the honored Union soldier and sailor.

**SILVER.**—Favors the free and unlimited coinage of silver, at the ratio of 16 to 1, and the making of silver, as well as gold, a legal tender in payment of all debts, both public and private.

**IMMIGRATION.**—Demands the enactment and strict enforcement of such laws as will absolutely and effectually prohibit the immigration of all foreign laborers, both skilled and unskilled, into this country.

**WOMAN SUFFRAGE.**—Favors the extension of the right of suffrage to all citizens of the United States, both men and women. )

**CALIFORNIA DEMOCRATIC.****August 23, 1894.**

**TARIFF.**—Congratulates the Democratic party and the people of the United States upon the fact that, notwithstanding the opposition of the Republican party a substantial measure of tariff reform has been enacted.

**MONEY.**—Favors the retirement of all gold coins and paper currency below the denomination of \$10 in order to restore silver to its full use as a circulating medium; also the reopening of the mints of the United States to the coinage of both gold and silver without discrimination on such basis as will maintain their parity.

**CALIFORNIA POPULIST.****May 23, 1894.**

Demands the repeal of the National Bank act, and in lieu of National Bank notes that the Government issue Treasury notes, legal-tenders for all debts, public and private, and provide for the free coinage of gold and silver at a ratio of 16 to 1; a graduated annual tax on all lands owned by any individual or corporation above the assessed valuation of \$10,-

000; a graduated income tax on all incomes in excess of \$3,000 per annum.

**CALIFORNIA PROHIBITIONIST.****May 17, 1894.**

Favors an educational qualification for voters and admitting women to suffrage on an equality with men, subject only to the same limitations which apply to men; the free and unlimited coinage of silver, the product of the mines of the United States, at the present ratio; the election of President, Vice-President and Senators by direct vote of the people; the adoption of the methods of legislation known as the initiative and referendum as far as practicable, also proportional representation; the ownership and control of railroads, telegraph, telephones and the establishment of postal savings banks by the Government, all to be administered under a strict civil service system.

**COLORADO REPUBLICAN.****September 12, 1894.**

**MONEY.**—Demands the free and unlimited coinage of silver and gold at the ratio of 16 to 1, and is opposed to making the policy of the United States await, or depend upon, the action of any other country. Denounces the People's Party as the most insidious foe to the restoration of the free and unlimited coinage of silver, in that its platform demands an extensive issue of paper money, not based upon or redeemable in either gold or silver; believes that free coinage will only come from the hands of the Republicans.

**COLORADO DEMOCRATIC.****September 3, 1894.**

**MONEY.**—Advocates and demands the immediate restoration of the laws of January 18, 1873, providing for the free and unlimited coinage of gold and silver at a ratio of 1 to 16, without discrimination against either metal, without waiting for or inviting the co-operation of any other nation or nations.

**TARIFF.**—Indorses the principle of tariff reform as embodied in the Democratic National platform of 1892, commends the action of the House of Representatives in its efforts to secure its practical realization, and pledges to continue the fight for the removal of all unjust and unnecessary taxation until successful, not only at the polls, but in the National Congress.

Commends the enactment of a law placing a tax upon incomes.

**COLORADO POPULIST.****September 5, 1894.**

Demands the free and unlimited coinage of silver at the ratio of 16 to 1; protests against the issuance of Government bonds in times of peace; insists that the National Government has exclusive control of all money issued by its authority, and demands the adoption of the methods of initiative and referendum and proportionate representation.

**CONNECTICUT REPUBLICAN.****September 19, 1894.**

**TARIFF.**—"We declare anew our hearty adhesion to the time-honored principle of

judicious tariff protection for American industries—especially the great manufacturing and agricultural interests and American wages—a principle announced in every Republican party platform, embodied in Republican legislation, and vindicated by thirty years of unprecedented prosperity—and we invite the business men, manufacturers, mechanics, wage-earners and farmers of Connecticut to pass judgment by their ballots upon a Democratic tariff bill conceived in sectionalism and brought forth in scandal, resting upon no discoverable principle; as unscientific as it is unpatriotic; swarming with crudities, inequalities and flagrant discriminations; borrowing its most striking and obnoxious features from the Populists and justly denounced as a monument of party perfidy and party dishonor."

**MONEY.**—"The Republican party, now, as always, the party of honest money, and opposed to any debasement of the people's currency, holds that American silver as well as American gold should be used as a standard money under such international agreements as will insure the maintenance of a parity of values, so that the purchasing and debt-paying power of every dollar issued by the Government, whether of gold, silver or paper, shall be at all times the same."

**PENSIONS.**—"The Republicans of Connecticut, ever holding in grateful remembrance their debt to the men who fought on land and sea in the war for the Union, share the just resentment of the veterans at the manner and spirit in which the pension laws have been administered by this Democratic Administration."

### **CONNECTICUT DEMOCRATIC.**

**September 25, 1894.**

Commends the passage of the Wilson Tariff law; believes that free coal and iron bills would be beneficial to the interests of the whole country if promptly passed. Demands the prompt passage of a law which will abolish the differential duties on refined sugar.

### **CONNECTICUT PEOPLE'S.**

**July 3, 1894.**

The main features of the platform declare for an American system of finance in which paper money, silver and gold, shall be on an equality; an increase of currency circulation equal to the amount paid out for pensions, until there shall be \$50 per capita; that all land held for speculative purposes shall be taxed on its full market value.

### **CONNECTICUT PROHIBITIONIST.**

**August 22, 1894.**

Favors the "creation of a tariff commission whose duty it shall be to frame and commend to Congress a general tariff policy, and to make suggestions of such incidental changes as the general welfare demands." Favors woman suffrage, laws for the restriction of immigration, the supervision and control of railways and telegraph by the Government, also a change in the State Constitution so that a plurality vote shall elect State officers.

### **DELAWARE REPUBLICAN.**

**August 21, 1894.**

Reaffirms belief in the American doctrine of protection to home industries; holds that duties should be levied on all imports except luxuries which cannot be produced in the United States, and favors the speedy enactment and enforcement of stringent laws for the protection of American institutions and American labor from the evils of unrestricted immigration. Denounces the revenue bill passed by the Democratic Congress as a cowardly makeshift that will reduce the wages of labor, cripple agriculture, manufactures and shipping, and continue in the future that feeling of uncertainty and distrust which has attended Democratic ascendancy in the General Government. Denounces the income tax, and maintains that the Republican policy of reciprocity has largely increased foreign trade and should be fostered and extended for the benefit of farmers, workshops, manufactures and shipping.

Favors bimetallism and demands the use of both gold and silver as standard money at such ratio and under such conditions as shall be fixed by international agreement.

Renews to the soldier veterans a generous recognition of their just claims upon a grateful people, and condemns the unfriendly and unjust policy of the Democratic Administration toward them.

### **DELAWARE DEMOCRATIC.**

**August 28, 1894.**

**TARIFF.**—Commends and indorses the action of Congress in passing the Wilson Tariff bill; holds to the use of both gold and silver as the standard money of the country, and to the coinage of both gold and silver without discriminating against either metal; and demands that all paper currency shall be kept at par with and redeemable in such coin.

### **DELAWARE PROHIBITION.**

**June 14, 1894.**

Advocates the entire elimination of the tariff question from partisan politics, and its reference to a non-partisan commission which shall adjust the schedule to the changing conditions of trade.

Advocates woman suffrage; that the money of the country, whether gold, silver or paper, should be of full legal-tender and sufficient in quantity for the business of the country; that immigration shall be restricted to actual settlers who come to be real Americans; that no appropriations of public money shall be made for sectarian purposes.

### **DELAWARE POPULIST.**

**September 4, 1894.**

The platform declared in favor of Government control of railroads and telegraph lines, and for the free coinage of gold and silver at a ratio of 16 to 1.

### **FLORIDA DEMOCRATIC.**

**August 1, 1894.**

Approved the course of the Democratic House of Representatives of the United States in the passage of the Wilson Tariff bill; opposed all legislation for the bene-

fit of trusts and combines; approved an amendment to the Constitution of the United States providing for the election of Senators by the direct vote of the people of the several States.

### GEORGIA REPUBLICAN.

August 29, 1894.

Declares "adherence to the policy of a protective tariff essentially Republican in all its features, fostering and stimulating manufactures, agriculture, the arts and sciences, guarding American labor and the products of American industry, the sanctity, the prosperity, the independence and happiness of American homes as against foreign competition and monopoly, as well as against the trusts, combines and corporations now proposed by the Democratic party in this country; that while we do not regard the tariff as a local question, but rather as applicable to all sections and to all interests of this great country, we denounce the reduction of the duty on foreign marble, lumber, wool, rice and other products of our State."

Favors such increase in the volume of currency as shall meet the growing demands of trade and prevent financial stringency and congestion; favors the coinage of all the available silver product of American mines, and that the parity of silver and gold and the paper currency of the Government shall be maintained.

Favors the payment of pensions to honorably discharged Union soldiers and sailors, or their dependents, and denounces the Democratic Administration for striking from the rolls the names of thousands of maimed and diseased defenders of the Nation.

Opposes indiscriminate alien immigration, and demands such restrictions as will protect the people's interests against this menace of law and order.

### GEORGIA DEMOCRATIC.

August 2, 1894.

Demands such immediate legislation "as will restore silver to its constitutional position as a money metal, and will secure at once the free and unlimited coinage of gold and silver on a parity, and give to every dollar in circulation, whether coin or paper, the same debt-paying and purchasing power." Demands a just and equitable tax on incomes. Congratulates the entire country upon the repeal of the Federal elections law. Commends the President and the House of Representatives and the Senators from Georgia for their patriotic endeavors to have enacted, as near as possible, a tariff for revenue only. Opposes ownership of railroads by the Government, and pledges to favor and enforce laws providing for rigid and just control.

### GEORGIA POPULIST.

May 24, 1894.

Opposes the perpetuation of the public debt and the policy of issuing non-taxable interest-bearing bonds; believes in the free and unlimited coinage of silver and the issue of Treasury notes to increase the volume of currency when the necessities of business demand more money; believes in a progressive income tax; believes that the

life of this Republic depends upon the purity of elections and in obedience to the will of the majority.

### IDAHO REPUBLICAN.

August 10, 1894.

The platform adopted reaffirms the doctrine of protection, declares for free coinage of silver at 16 to 1, and advocates the submission of an equal suffrage amendment.

### IDAHO DEMOCRATIC.

August 17, 1894.

The platform declares in favor of a revenue tariff, and demands the free coinage of silver at the ratio of 16 to 1. The platform particularly denounces the conservative Senators and praises the attitude of Wilson.

### ILLINOIS REPUBLICAN.

July 25, 1894.

The platform reaffirms the adherence of the party in the State to the principles of civil and religious liberty, upon which the Government was founded, declares for Protection, denounces the Wilson bill, and earnestly maintains the right and justice of the American doctrine of protection to American industries.

Favors bimetalism and believes in the use of gold and silver as money metals upon a parity of values with complete interconvertibility, under such legislative provisions as shall make the purchasing or debt-paying power of any dollar coined or issued by the United States the absolute equivalent of that of any other dollar so coined or issued.

Favors the payment of liberal pensions to the Union soldiers and sailors of the Civil War and to their surviving descendants, as a sacred obligation due from the entire people.

### ILLINOIS DEMOCRATIC.

June 27, 1894.

Demands that Congress shall carry out the will of the people of the United States as expressed in the last Presidential election by passing an efficient bill to reform the tariff taxation, that the country shall enjoy the beneficent results of that action without further delay."

Hails with pleasure an income tax as a step in the direction of reform.

Demands that the Government shall spare no effort to bring about a proper ratio between the values of gold and silver so that parity may be maintained between the two metals and all mints thrown open to free coinage.

### ILLINOIS DEMOCRATIC SILVER.

June 5, 1895.

Whereas, Silver and gold have been the principal money metals of the world for thousands of years, and silver money recognized and used as honest money between nations, notwithstanding the varying ratios between silver and gold; and,

Whereas, The demonetization of silver has deprived the people of the free use and benefits of an invaluable and original money metal, and has increased debts and added to the burdens of the people by

lowering the value of labor products; and,

Whereas, The Constitution of the United States prohibits the use of anything but gold and silver coin as legal tender for the payment of debts, thereby recognizing that coin composed of silver and gold is honest money and fit to be used as a legal tender; therefore, by the Democracy of Illinois, in convention assembled, be it

Resolved, That we are in favor of the use of both gold and silver as the standard money of the United States, and demand the free and unlimited coinage of both metals at the ratio of 16 to 1 without waiting for the action of any other Nation, and that such coins shall be legal tender for all debts, both public and private, and that all contracts hereafter executed for the payment of money, whether in gold, silver or coin, may be discharged by any money which is by law a legal tender.

We hereby indorse the action of the Democratic State Central Committee in calling this convention, and we instruct the committee to carry out the will of this convention as expressed in its platform by inaugurating and carrying on a campaign of education in this State, and to thoroughly organize the Democracy of the State on the lines laid down in the platform of this convention.

Resolved, That we request the Democratic National Committee to call a Democratic National Convention to consider the money question not later than August, 1895. If the said National Committee refuses to call such a convention, then we invite the Democratic State committees of the other States to take concurrent action with the Democratic State Committee of this State in calling such convention.

Resolved, That the Democratic members of Congress and members of the Senate from this State be and are hereby instructed to use every honorable means to carry out the principle above enunciated.

### INDIANA REPUBLICAN.

April 25, 1894.

**TARIFF.**—"We believe in the Republican doctrine of protection and reciprocity, which furnishes a home market for the products of our factories and our farms, and protects the American laborer against the competition of the pauper labor of Europe. We denounce the unwise and unpatriotic action of the Democratic party in attempting to eliminate the reciprocity principle from our tariff system, thereby closing a large foreign market to the products of American farmers and depressing agricultural interests. We denounce the attempt of a Democratic Congress to overthrow and destroy the American industrial system, a course that with the general fear of a violent readjustment of the country's business to a free trade basis has increased the National debt, has plunged the country into the most disastrous business depression of its history, has closed large numbers of banks and factories throughout the country, has thrown an unprecedented number of American citizens out of employment, has compelled thousands of able-bodied and industrious men to hu-

miliate themselves by asking for charity, and has filled our broad land with free soup-houses and food markets."

**SILVER.**—"We believe in a currency composed of gold, silver and paper, readily convertible at a fixed standard of value and entirely under National control, and we favor the imposition of increased tariff duties upon the imports from all countries which oppose the coinage of silver upon a basis to be determined by an international congress for such purpose."

**PENSIONS.**—Favors a liberal construction of the pension laws, and condemns the unjust policy of the Democratic Administration in depriving ex-soldiers of their pensions without hearing, a policy intended to cast odium upon loyalty and patriotism; favors the establishment by the State of a suitable soldiers' home for the reception of such soldiers, their wives and widows as may be overtaken by adversity.

Demands a rigid enforcement of all existing immigration laws by the National Government, and demand such further legislation as will protect the people and institutions against the influx of criminal and vicious classes.

### INDIANA DEMOCRATIC.

August 15, 1894.

Denounces tariff protection of every kind as a fraud and a robbery of the great majority of the American people for the benefit of the few; maintains that no tariff taxes should be levied except for purposes of revenue only, and that such taxes should be limited to the necessities of the Government honestly and economically administered.

Indorses the income tax as a wise and equitable measure, designed to place a fair share of the burdens of the Government upon the property of the country for the benefit of which the expenses of the Government are so largely incurred.

Indorses the repeal of the Sherman Silver act of 1890, and reaffirms belief that both gold and silver should be used as the standard money of the country, and that both should be coined without discrimination between either metal, and without charge for mintage.

### INDIANA POPULIST.

May 24, 1894.

Demands a National currency of \$50 per capita, including the free coinage of silver at the ratio of 16 to 1, issued by the general Government only, a full legal tender for all debts, public and private, distributed to the people direct, without the intervention of banking corporations, in payment of all obligations of the Government, and demands the issue of non-interest-bearing Treasury notes of small denominations. Declares opposition to banks of issue, State or National, and to the continued use of the Government fiat by Congress to create interest-bearing bonds.

Demands a National graduated income tax on salaries or incomes in excess of reasonable expenditures for the comforts and necessities of life.

**INDIANA PROHIBITIONIST.****March 15, 1894.**

Favors a National currency of gold, silver and Treasury notes, issued only by the United States Government, which shall be a legal tender for the payments of all debts, public and private.

Demands that the tariff question be raised above party politics and placed in the hands of a non-partisan tariff commission, and the tariff regulated according to the needs of the whole people. Favors an income tax.

**IOWA REPUBLICAN.****July 10, 1895.**

The platform congratulated the people of the country upon the fact of returning prosperity; rejoiced in each instance of labor re-employed, wages restored, and industries re-established upon a prosperous basis; and, "In regard to our industries under Republican policies, their paralysis under Democratic power, and their revival with the repudiation of the Democratic party and the dissolution of the Democratic House of Representatives, succeeded by one elected on the platform of the Republican party, the vindication of the policy of protection is complete."

It arraigned the Democratic party as one elected to power in 1892 under false pretences; that its platform declared the principle of protection to be unconstitutional, but the lawmakers of the party had failed to carry out the policy to which they were pledged; that the Wilson Tariff bill reduces the revenues upon luxuries, restores taxation to sugar which is a necessity in every home, reduces the wage rate in many industries in which labor is the chief element of cost, and maintains in many of its parts the principles which the Democratic party declared to be unconstitutional. Condemns the Democratic party for destroying the reciprocity arrangements established by Republican Administration, and admitting foreign goods to American markets without obtaining any reciprocal favors from foreign nations; declares in favor of the policy of reciprocity.

**LABOR.**—Believes that the compensation of labor is the true gauge of civilization; declares that the welfare of the laborer has been the constant care of the Republican party from its birth; emphatically protests against reducing the American workman to open competition with the poorly paid worker of the Old World.

**MONEY.**—Believes in "maintaining not only the highest wage rate for the laborer, but the money in which he is paid. We reaffirm the declaration of the Republican National platform of 1892, adopted at Minneapolis, that the American people from tradition and interest favor bimetallicism; and the party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of value of two metals, so that the purchasing and the debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interest of the producers of the country, with its

farmers and the workingmen, demands that every dollar, paper or coin, issued by the Government, shall be as good as any other. We urge that the United States exert its influence to establish with the important commercial nations of the world such an international commerce as will enable this country to reopen its mints to the free and unlimited coinage of both metals without the loss of one or the other from the volume of our money."

**IMMIGRATION.**—Favors such amendments to the immigration laws, and their rigid enforcement, so as to exclude criminals, paupers, and all other undesirable classes, whose presence tends to degrade American labor and incite disorder.

**PENSIONS.**—Reaffirms the position of the Republican party in favor of liberality to the Union veterans of the Civil War, and favors granting pensions to all honorably discharged Union soldiers or sailors whose disabilities or necessities justly entitle them thereto.

Congratulates the people that the State of Iowa is represented in the LIVth Congress by two Senators and eleven Representatives, who are zealous and fearless advocates of Republican principles, and whose services in the past have earned honest commendation. Senator Allison is especially commended as one to be "continued in his present field of usefulness until called to the larger service of the Nation."

**IOWA DEMOCRATIC.****August 7, 1895.**

"We hold to the use of both gold and silver as the standard money of the country and to the coinage of both gold and silver, without discrimination against either metal or charge for mintage; but the dollar unit of coinage of both metals must be of equal intrinsic and exchangeable value, or be adjusted by such safeguards of legislation as shall insure maintenance of the parity of the two metals and the equal power of every dollar at all times in the market and in the payment of debts, and we demand that all paper currency shall be kept par with and redeemable in such coin.

"We insist upon this policy as especially necessary for the protection of the farmers and laboring classes, the first and most defenceless victims of unstable money and a fluctuating currency."

The platform also demands the election of United States Senators by popular vote.

**IOWA POPULIST.****June 11, 1895.**

Reaffirms the principles of the Omaha platform of 1892; denounces the "decision of the Supreme Court on the income tax, the recent acts of the Government by injunction in the interests of corporate wealth, and the issue of interest-bearing bonds"; favors the coinage of silver at the ratio of 16 to 1; declares for the adoption of the initiative and referendum; demands that until such time as a system of Government finances can be established, all banking institutions, National, State and private, be required to give security to depositors for all moneys received for de-

posits; favors a graduated State tax upon incomes, also a State inheritance tax, and demands a State tax of 10 per cent upon all future contracts made payable in gold.

### **IOWA PROHIBITION.**

**June 19, 1895.**

The platform, in substance, declares for woman suffrage; for the free coinage of silver and gold at the ratio of 16 to 1, independent of the action of any other nation; for the Government ownership and operation for the railways; the revision of the immigration laws that shall protect us from the vicious and indolent of the old world; for Sunday observance; for the public schools and unalterable opposition to any diversion of the fund for the maintenance of sectarian schools; for liberal pensions for soldiers; favors the income tax; and on State issues denounces the mulct law and the Republican party as the author of said law; demands a radical revision of the revenue laws of the State to the end that the wealthy shall bear their share of the burdens of taxation instead of largely escaping them, as is the case under present laws; demands the regulation of telephone, telegraph and express companies, which shall be amenable to laws similar to those governing the regulation of railways; demands the reduction of salaries for public officers and the reduction of the legal rate of interest to 6 per cent; and the enactment of laws having for their object the arbitration of disputes between employer and employee.

### **KANSAS REPUBLICAN.**

**June 7, 1894.**

**PENSIONS.**—"That the constant patriotism of our party is in itself a guarantee to the Nation that the interests of its defenders, their widows and orphans will be liberally cared for, and we denounce their cruel and deliberate betrayal by the present Democratic Administration."

**TARIFF.**—"We adhere to the Republican doctrine of protection, and believe that tariff laws should protect the products of the farm as well as of the factory."

**SILVER.**—"Demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, and that the purchasing and debt-paying power of the dollar, whether of gold, silver or paper, shall be at all times equal."

### **KANSAS DEMOCRATIC.**

**July 3, 1894.**

Declares it to be a fundamental principle of the party that the Federal Government has no constitutional rights to impose and collect tariff duties except for the purpose of revenue only, and demands that the collection of such taxes shall be limited to the necessities of the Government when honestly and economically administered. Favors an income tax. Declares in favor of a bimetallic currency and the free coinage of both gold and silver upon equal terms at a fair ratio and without discrimination. Favors a ratio of 16 to 1,

and that all currency be kept at a parity and of equal value; recommends a non-partisan National Commission on Immigration to examine into the cause and effect of foreign pauper immigration; favors liberal pensions to all loyal and deserving ex-soldiers in recognition of their loyalty and devotion to their country; opposes woman suffrage as tending to destroy home and family.

### **KANSAS POPULIST.**

**June 13, 1894.**

Demands the free coinage of silver at the ratio of 16 to 1; opposes "issues of Government interest-bearing bonds, and demands instead the issue of full legal-tender Treasury notes and the payment of the same, together with silver money to meet the needs of the Government."

### **KENTUCKY REPUBLICAN.**

**June 5, 1895.**

The platform declared in the most emphatic terms that "no political party should be afraid or ashamed to give full and explicit explanation regarding its position on every question affecting the prosperity of State and Nation." It also emphasized that "the apprehension of business interests as to recent tariff changes and the want of confidence in Democratic management caused reduction in wages, decline in exportations, general depression of business, destruction of property, shrinkage in values and labor agitation." The platform declares that subsequent Democratic legislation increased National disaster; that under these circumstances the currency question had been seized upon by the Democratic party to the exclusion of all else, for the purpose of diverting public attention from the "miserable mismanagement and ruin which the Democratic party has wrought."

**SILVER.**—"We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency, and in the use of both gold and silver for coinage, provided, always, that a dollar in one is made precisely as valuable as a dollar in the other."

**TARIFF.**—"We favor a tariff so regulated as to protect the interests of all classes of our citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market to the producer; and in connection with this, we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will defray every governmental expense, gradually liquidate all indebtedness, restore public confidence and relegate to the rear the undue excitement now prevailing concerning the currency. We favor an American policy which will protect Americans and American interests in any part of the world at all hazards, and will sympathize with strongly republican rather than ignorant monarchies."

**STATE MATTERS.**—"The Democrats are arraigned for saddling a debt of millions of dollars upon the State, for overriding the Constitution, for refusing office to one fairly elected by the people, for extravagant legislation, creating unnecessary offices, bringing convict labor into competi-

tion with honest, free labor, diverting the school fund, and leaving the charitable institutions without necessary means for continuance. Demands economy in all public departments, an equitable apportionment of the State, remodelling of revenue system, a rigid inspection of the departments. Pledges to promote the educational system of the public schools, so that every child may obtain a solid business education.

### KENTUCKY REPUBLICAN LEAGUE CLUBS.

May 1, 1895.

The platform of the League, composed of ninety-five clubs, and with a membership of over 12,000, pledged firm adherence to the principles of the Republican party and to the doctrines of the National Republican League. It added:

"We believe in the doctrine of protection to American labor, American industries and American homes; and we attribute the unparalleled business depression of the country to the utter failure of the Democratic Administration in its management of both foreign and domestic affairs, which has created national distrust and general paralysis, has driven capital from the factories and labor into the streets, reduced the revenues of the Government and increased its bonded indebtedness. . . . We recommend that the Democratic party be held, during the coming campaign, to a strict accountability for its long and uninterrupted mismanagement of State affairs; for the most disgraceful gerrymander of legislative districts ever known, for the robbery of the Treasury, the misapplication of the public school funds, the failure to provide proper facilities for educating its children, for the reckless waste of the money of the people, for its manifest total inability and incapacity to manage State affairs and for the many other sins of omission and commission justly chargeable to it."

The platform also demands a just, equitable and constitutional redistricting of the State; a free and secret ballot and fair count; the amendment of the State election law; and a system of pensions to veterans of the Civil War that will provide for the living and protect from want the widows and orphans of the dead.

### KENTUCKY DEMOCRATIC.

June 26, 1895.

The platform reported by the majority of the committee was adopted by a vote of 644 for, 233 against. It was as follows:

"First—The Democracy of Kentucky in convention assembled congratulates the country upon the repeal of the McKinley Tariff law, and upon the evidences we have on every hand of returning prosperity, under the operations of reduced and equalized tariff taxation, and we denounce as fraught with danger and disaster the threat of our Republican adversaries to re-establish a protective tariff and to reinaugurate a policy of unequal taxation which, in connection with general misgovernment by the Republican party, culminated in the business panic of 1893.

"Second—The Democratic party, which

has always stood for the separation of church and State, for the sake alike of civil and religious freedom, does not hesitate to condemn all efforts to create distinction among citizens because of differences in faith as repugnant to an enlightened age and abhorrent to the instincts of American freemen.

"Third—We affirm without qualification the principles and policies declared by the National Democratic platform of 1892 and declare that our present National Democratic Administration is entitled to the thanks of the party for its honest, courageous and statesmanlike management of public affairs, and we express our undiminished confidence in the Democracy and patriotism of President Grover Cleveland and his distinguished co-adviser and Secretary, John G. Carlisle, of Kentucky."

A resolution was offered to strike out that portion of the third paragraph following "1892," so as to make the platform simply indorse the Democratic platform of 1892, but it was defeated by a vote of 534 to 331. The minority report dissented from the third paragraph, proposed as an indorsement of the present National Democratic Administration, upon the assumption that it was ambiguous and uncertain in its meaning. It incorporated these two resolutions:

"Resolved, By the Democrats of Kentucky, in convention assembled, that the present Democratic Administration is entitled to the thanks of the whole country for its statesmanlike management of public affairs, and we further declare that both President Cleveland and Secretary Carlisle are entitled to the unqualified indorsement of the American people for maintaining the gold standard, and thus maintaining the credit of the Government, and their issuance of \$150,000,000 of interest-bearing bonds is hereby expressly indorsed."

"Resolved, That we believe in the coinage of both gold and silver as the primary money of the country into legal-tender dollars, receivable in payment of all debts, public and private, upon terms of exact equality."

The vote on the minority report was 598 against, to 270 for.

### KENTUCKY POPULIST.

July 5, 1895.

The Omaha platform of 1892 was indorsed.

**BOND ISSUE.**—The Democratic Administration was condemned for the unnecessary issue of interest-bearing bonds in time of peace, for selling them at a price below their market value, "but especially for surrendering to the Rothschilds and other bankers our financial independence for six months by a secret contract, the infamy of which is without parallel in our history."

**FINANCIAL.**—Demands that the National Bank system and all banks of issue be abolished, "and in addition to the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, that the National Government proceed to issue National Treasury notes, all of which shall be a full legal tender for all debts, both

public and private, and in quantity sufficient to restore the general range of prices and prosperity that existed before the demonetization of silver in 1873, and to increase in quantity year after year with the increase in population and business so as to maintain equity between debtor and creditor, to facilitate the development of our great national resources and contribute to the general prosperity of our people." Demands the free and unlimited coinage of silver at the ratio of 16 to 1, independent of any action by foreign governments; also that the National Government should exercise its option as to the kind of legal tender money with which it shall pay any debt or obligation, and that it should give preference to the money that is below par in order to appreciate it; also that Congress make it unlawful for any note, bond, mortgage or other obligation to stipulate for payment in gold only, or in any other particular kind of legal-tender money of the United States.

**INCOME TAX.**—Demands an amendment to the Constitution to provide for a graduated income tax.

**MISCELLANEOUS.**—Denounces the system that practically gives a monopoly to the American Book Trust in the purchase of school books; deplores the action of the Legislature in increasing the salaries of State officials.

A resolution to adopt a plank favoring woman suffrage was lost by an almost unanimous vote.

### **LOUISIANA REPUBLICAN.**

**January 19, 1892.**

Pledges unswerving devotion to Republican principles; favors an honest ballot and a fair count; declares it essential to the continuance of the Government that the XVth Amendment should be enforced; denounces the Democratic party, which has maintained itself by violence and fraud; protests against political intimidation and the murders which have so long disgraced the State; favors liberal appropriations for free public schools; indorses the present levee system and the sugar bounty; commends the wise and statesmanlike Administration of Benjamin Harrison; recommends the delegates from this State to support the renomination of Harrison; denounces trusts and monopolies and opposes the Louisiana Lottery and the revenue amendment, and any scheme that proposes to legalize gambling.

### **MAINE REPUBLICAN.**

**June 5, 1894.**

Now, and in the future, all dollars should be of equal value to the end that a suitable currency, abundant for all wants, shall secure to all the people the full results of their labor.

Favors the passage of such restrictive legislation as will admit to our shores only those immigrants who have the capacity and the desire to become good American citizens.

Legislation for the benefit of the Union soldiers of the war of the rebellion, their widows and children, and disapproval of

the present policy of the Pension Bureau in making such laws, to a degree, a nullity.

A tariff for the protection of American labor against the underpaid and pauper labor of foreign countries.

### **MAINE DEMOCRATIC.**

**June 26, 1894.**

Favored the repeal of the McKinley Tariff law; favored "liberal pensions" for war veterans, and laws restraining immigration.

### **MARYLAND REPUBLICAN.**

**August 15, 1895.**

The platform renewed the party's allegiance to the National Republican party; declared that a Republican victory in the State would insure to the people the prompt passage of a reassessment law so framed that every person holding property in the State shall contribute his proportion of public taxes for the support of the Government according to his actual worth in real or personal property; condemned the Democratic party for obstructing every effort to obtain an equitable and just assessment, and for the rapid increase of municipal indebtedness; demanded an annual registration in Baltimore City and quadrennial, with annual revision, in the counties; demanded the right to put the names of independent nominees on the official ballots with the regulars; pledged to secure such amendments of the School laws as shall exclude politics from their management and secure free schoolbooks to their pupils; condemned the partisan management of the oyster police force, and denounced every effort to deprive the people of their independent right to the public oyster beds and the leasing and selling of them.

### **MARYLAND DEMOCRATIC.**

**July 31, 1895.**

The platform proclaimed the firm adherence of the Democrats of Maryland to the principles of the National Democratic platform of 1892, and declared "unabated confidence in the wisdom, patriotism and fidelity of President Cleveland."

**SILVER.**—All it said on this question was that the Administration is to be commended "for the courage, sagacity and ability which it has displayed in its determined and resolute efforts to rescue the country from the deplorable evils of a fluctuating, unstable and debased currency, and to crush the pernicious financial heresy of the free coinage of silver at the ratio of 16 to 1."

**TARIFF.**—"Our platform denounced the McKinley Tariff law as the culminating atrocity of class legislation. It has been repealed, and in its stead we have a law which, while not containing all that the advanced advocates of tariff reform hoped would be secured, gives us, nevertheless, the best tariff which the country has had for thirty-five years, and enables us to exult in the accomplished fact that under its practical operation we have come to the full enjoyment of the

blessings of restored confidence and renewed prosperity in all branches of industry, while at the same time the National Treasury will be supplied with revenues sufficient to meet all obligations of the Government and maintain unimpaired its high credit at home and abroad."

The platform commended the administration of Governor Brown. Regarding uniform and equal taxation the platform appealed to the Democratic voters to exact from the candidates a solemn pledge to secure a fair and equitable assessment of the entire property of the State.

## MARYLAND PROHIBITION.

August 1, 1895.

The platform declares anew for the absolute suppression of the sale of liquor for leverage purposes, and that its sale for mechanical and legitimate purposes should be regulated "as the sale of other poisons is regulated; and that while there are other reforms that urgently demand public attention and settlement, few of them, if any, can be brought to a successful and permanent issue until the saloon is removed from its powerful and controlling influence in political affairs."

**INCOME TAX.**—Favors an amendment to the Constitution, so as to permit National revenues to be raised by an equitable adjustment of taxation upon the incomes of the people.

**TARIFF.**—Declares that import duties should be levied primarily upon luxuries, rather than necessities, and should be adjusted and limited to the requirements of the Government when economically administered.

**FINANCE.**—The currency of the country should consist of gold, silver and paper, all of equal value, and be secured by the Government.

**MISCELLANEOUS.**—Declares that the Civil Service system should be extended to all grades of service to which it is applicable, and should be applied to the State, as well as to the Federal Government; that United States Senators should be elected by direct vote of the people; that immigration should be restricted to actual settlers, and that paupers and criminals should be excluded; favors a system of legislation known as the "initiative and referendum"; opposes sectarianism in any form in the public schools, and appropriations to sectarian schools or institutions; urges the observance of the Sunday law, laws for the reassessment of the property of the State, placing the public roads under State supervision, and the recognition of woman suffrage.

## MASSACHUSETTS REPUBLICAN.

October 5, 1895.

**TARIFF.**—"First and foremost stands protection. Our opponents when seeking votes denounce it as injurious, immoral, and unconstitutional; when clothed with responsibility or power they enacted a tariff which was avowedly and intentionally protective. But while it recognizes the principle of protection as wise and necessary, their bill is so unequal and un-

fair as to deserve all the scathing denunciations with which they themselves baptized it. It does not give protection as a right to all, but sells it as a favor to some. It is partial, sectional and hypocritical. The protection we uphold is equal and universal. We are not pledged to any schedules. We only pledge to each American industry such protection as shall equalize the differences in the price of labor, and to that the farmer and the miner are as much entitled as the manufacturer and artisan; in determining that we are not bound by precedence or by theories; we are governed by the teachings of experience and are as ready to learn from the experiments of our adversaries as of ourselves, from failure as well as from success."

**TREASURY DEFICIT.**—"Republican extravagance has been a favorite theme of Democratic censure, and yet the last Congress, in a time of private and national impoverishment, maintained the same standard of expenditure. But, if Republicans were liberal in their appropriations, they furnished revenue to meet them and steadily reduce the public debt. The last Congress provided a revenue shamefully inadequate, and by the issue of bonds shifted on to succeeding Administrations the burden of their outlay. Whether this was the result of policy or recklessness, an evidence of wilfulness or incompetence, we will not assert, but it illustrates anew that the province of the Democracy is criticism and not action; that its true and permanent place is in the minority, and not in power, and that it is incapable of managing the Nation's business. We believe that to keep outgo less than income is an axiom of public as well as private economy; that a large surplus is less menacing than a large deficit, and that redeeming Government bonds, even at a high price, is more creditable than issuing new ones."

**SILVER.**—"We believe in sound and honest money; that a depreciated currency unsettles legitimate business and turns it into speculation; that the Government should maintain each dollar which it issues on a par with its standard gold dollar, and should not permit the free coinage of silver at any ratio not established by international agreement. No other policy could expect to find friends in Massachusetts, which, under sorest temptation, held the spirit of its institutions sacred, refused to avail itself of legal-tender laws, paid its creditors with the best and most expensive dollars, and thus maintained its credit and honor untarnished and supreme."

**MISCELLANEOUS.**—The platform declared that the issue of United States bonds was a misfortune, and that its necessity should be credited to the action and inaction of the Democratic Congress; commended the principles of the Monroe Doctrine, favored civil service reform as a promoter of efficient and honorable service; demanded laws to protect the country against undesirable immigration; opposed appropriation of public funds for sectarian purposes; declared that religion and race partisanship has for many years been manifest in the Democratic party of Massa-

chusetts, and that Church and State should be separate and independent, as well as in theories, and that sectarian animosities should be buried and forgotten; declared that the saloons bred crime and poverty, and are a proper subject for legislation and municipal restriction; demanded the development of Boston Harbor by the Federal Government; commended the passage of laws regulating the organization, management, etc., of corporations; demanded that laws be enacted to prohibit prize-fighting, and also for the improvement of the roads of the State.

### MASSACHUSETTS DEMOCRATIC.

October 2, 1895.

The platform congratulated the manufacturing interests on the operations of the Wilson Tariff bill; demanded "the maintenance of the existing gold standard of value, and that the Government shall keep all its obligations at all times redeemable in gold"; opposed "the free coinage of silver and any further purchase of silver bullion on Government account"; reaffirmed "the demands of our platform of last year that the Government shall not carry on a banking business, that the untaxed notes of State or National banks shall be the only credit currency, and that the Government shall, with the development of a banking system adequate to the demands of trade, retire as rapidly as possible all its paper money."

On State affairs the platform declared in favor of home rule in the cities; favored improvement of roadways; demanded that franchises to corporations should be fixed for a term of years, and with the provision of payments to the Commonwealth upon gross receipts or profits. It also denounced the American Protective Association.

### MEMPHIS SOUND MONEY.

May 23, 1895.

The platform read, in part: "The people of the Southern States . . . believing (1) a uniform and certain standard of value necessary to the agricultural, commercial and industrial development and prosperity of our common country, we favor the maintenance of all our money, whether gold, silver, or paper, on a parity, to the end that each dollar, whatever may be its composition, shall have equal purchasing and debt-paying power with every other dollar; . . . that the bimetallic standard cannot be maintained where the ratio fixed by law for the free coinage of gold and silver does not correspond with the market ratio of the two metals, and that whenever and wherever the legal or coinage ratio varies from the market or commercial ratio to any appreciable extent, the dollar, whether of gold or silver, which thereby becomes more valuable as bullion than as money, will go to a premium and retire from circulation. . . . We are therefore opposed to the free, unlimited and independent coinage of silver at the ratio of 16 to 1 when the market for commercial ratio is more than 30 to 1, and the difference between the bullion value of a gold and a silver dollar is about 50 cents, on the ground that such action, instead of restoring the bimetallic standard,

would inevitably result in silver monometallism.

"We therefore favor, in the absence of international co-operation, the retention and maintenance of the existing gold standard, because a change from the gold to the silver standard would have the effect to repudiate all public and private obligations to the extent of the difference between the bullion value of the gold and silver dollars; because whenever such change should be seriously threatened it would cause an immediate attempt at a collection and liquidation of all debt in anticipation of the result it would produce; because such transition from the gold to the silver basis would destroy public and private confidence, and would involve the country in such panic, confusion, and distress that the products of agriculture and the wages of labor would be unremunerative; the business of commerce would become unprofitable, and our people engaged in industrial occupations would be thrown out of employment; because there is not a progressive and enlightening country in the world which has not elected gold as the preferable standard; because gold-standard countries retain silver in their circulation on a parity with gold, whereas there is no silver-standard country which does or can utilize gold as money; because there is not a silver country on the globe where the wages of labor are sufficient to sustain the working classes in comfort and independence, and, finally, because the high duty of the United States demands for the use of the American people that money which experience has taught mankind to be the best suited for the promotion of commerce, the development of manufactures, the encouragement of labor, and the advancement of civilization. . . . We favor the policy of this country standing in the attitude of readiness at all times to co-operate with the other powers in any effort they may inaugurate looking to the adoption of true bimetalism; but in the mean time, and until successful co-operation is insured, to maintain inviolate its existing standard of value. We favor the retention as part of our money the silver now coined, and in order to give a wider field for the use of silver, we favor the funding of all money other than silver and silver certificates below the denomination of ten dollars into higher denominations, so as to make our entire circulation below the denomination of ten dollars either silver or silver certificates, and to this end the Secretary of the Treasury should be authorized by law to coin from time to time, as the people may require them, silver dollars until the demand of commerce for money below the denomination of ten dollars is at all times satisfied. We favor such legislation as will secure to the people a system of banking surrounded by such safeguards as will at all times furnish them a safe, elastic, sufficient currency for the transaction of their business."

### MICHIGAN REPUBLICAN.

February 21, 1895.

Congratulating the people of Michigan and the country at large upon the Repub-

llean victories of November, 1894; predicting the restoration of confidence and National prosperity upon the return of the Republican party to full control of National affairs; charged the Democratic party with gross maladministration of National affairs, by which they have bankrupted the Treasury of the United States, driven prosperity from the people by a mongrel tariff act, caused a shrinkage of revenue and forced a sale of bonds to supply the deficiency thereby created, and arraigned the Democratic Administration for its un-American policy, whereby home industry is paralyzed and National honor humiliated. The report continued:

"Resolved, That we denounce the unpatriotic and un-American action of the Cleveland Administration regarding the young republic of Hawaii, the cowardly act of hauling down the American flag and its arrogant disregard of public sentiment in this country relating thereto.

"Resolved, That this convention approves and reaffirms the planks of the Republican State platform of 1894 relating to tariff, currency, reciprocity, labor, immigration and the election laws, and expresses its full confidence in the ability of the Republican party, through its representatives in the National and State governments, to settle to the advantage of the State and the country at large details of questions upon which there may be differences of individual opinion; and

"Resolved, That we indorse the action of the Republican members of Congress from Michigan in voting against the proposition to change the word coin to gold in bonds issued by the United States Government."

### **MICHIGAN DEMOCRATIC.**

**June 28, 1894.**

Reaffirms the principles upon tariff taxation that were adopted by the Democratic National Convention at Chicago in 1892, and repudiates any departure therefrom. Declares in favor of the free, unlimited coinage of silver at a ratio that will permit the debtors to pay their debts upon the same basis in which they were contracted; demands that, henceforth, the issuing of all circulating medium be made under the acts of Congress, through the National Treasury in such amounts as the business wants of the country may require, and it shall be full legal-tender; declares in favor of liberal pensions to soldiers of the United States Army, and believes the per diem pension bill before Congress will fully cover all claims.

### **MICHIGAN POPULIST.**

**July 4, 1894.**

Reaffirms its allegiance to the Omaha platform. Following a long preamble of "repeated wrongs, injuries and usurpations on the part of plutocracy," it denounces both the Republican and Democratic parties, and declares that lines must be drawn and all men must get on one side or the other; that there must be no masters and no serfs in America, and that oppression and outrage must cease.

### **MICHIGAN PROHIBITION.**

**August 8, 1894.**

"The money of the country should be issued by the United States Government only, and should be a full legal tender for the payment of all debts, public and private. It should consist of gold and silver, with free and unlimited coinage of each at the ratio of 16 to 1, supplemented by a full legal-tender greenback and fractional currency in sufficient amount to maintain a uniform circulation of \$50 per capita."

Declares for the elimination of the tariff as a party question, demands its divorce from politics, and its permanent reference to a non-party commission for gradual adjustment from time to time as the changing conditions of trade and of revenue may require.

Favors an income tax. Declares that the President, Vice-President and United States Senators should be elected by direct vote of the people, and that methods of legislation known as the Initiative and referendum should be adopted. Opposes trusts, artificial monopolies and other combinations to raise prices on articles of necessity; declares that the telegraphs, telephones, railroads and other institutions and industries of public character and necessity should be controlled by the Government.

### **MINNESOTA REPUBLICAN.**

**July 11, 1894.**

Favors a protective tariff under which, upon imports competing with the products of American labor, duties are levied equal to the differences between the wages of labor at home and abroad; but the principles of reciprocity should be so incorporated in the tariff laws as to give new and enlarged markets for the products of the country; believes it should be the policy of the United States to do everything in its power to promote the restoration of silver to the world's currency; favors laws to restrict immigration against paupers, criminals, etc.; favors liberal pensions to war veterans.

### **MINNESOTA DEMOCRATIC.**

**September 6, 1894.**

The platform commends the President, favors popular elections of United States Senators, denounces the American Protective Association, and urges arbitration in labor troubles.

### **MINNESOTA POPULIST.**

**1894.**

Demands that the people shall have the right to initiate needed measures of legislative reform, and that they shall have the right, by referendum, to veto, at the ballot-box, any law inimical to their interests; demands that there be no limitation upon suffrage dependent upon sex, believing in the doctrines of 1776, that representation should accompany taxation.

### **MISSISSIPPI POPULIST,**

**1895.**

The platform reindorses the National platform of 1892, and declares as follows: First—For the free and unlimited coin-

age of both silver and gold at the ratio of 16 to 1, without grace of foreign Powers and principalities.

Second—For the abolition of National banks and the issue and coinage of all money by the General Government.

Third—For the speedy increase of the currency to at least 50 per cent per capita through the unlimited coinage of silver and the limited issue of full legal-tender notes bottomed on taxes.

Fourth—For a supply of money commensurate at all times with the demands of exchange, taxation and debt.

Fifth—For the payment of the public debt according to contract in either silver or gold, or both, as the interests of the masses and not the interests of the creditor classes alone may require.

Sixth—For the repeal of all laws constructed to authorize the issuance of interest-bearing bonds in times of peace.

Seventh—For the supplying of all deficits in the National Treasury by the issue of full legal-tender notes and all deficits in the State Treasury by the issue of treasury warrants receivable for taxes instead of by the issue of long time interest-bearing bonds.

Eighth—For the decrease in all taxes, both State and National, and a corresponding decrease in all public expenditures, especially fees, salaries and perquisites of public officials, commensurate with the low range of prices and depression of the times.

Ninth—For the enactment of laws by the General Government to prohibit dealing in futures or gambling in agricultural products and the necessities of life, and the enactment of more effective laws to prohibit trusts and monopolies.

Tenth—For an amendment to the Federal Constitution authorizing the levy and collection of an income tax, and limiting the term of Federal Judges to a term of years.

Eleventh—For an American Government for American citizens.

On State matters the platform arraigns the Democratic Administration "for squandering 2,700,000 acres of public school lands," and for the embezzlement of \$312,612 by a Democratic official; favors the abolition of the office of Land Commissioner, the enactment of laws to prohibit the acquisition of land in this State by a non-resident alien and requiring the dispossession of lands now held by such aliens within a given time; a reduction of at least 20 per cent in the salaries and fees of all public officials.

## MISSISSIPPI DEMOCRATIC.

August 6, 1895.

SILVER.—"Resolved, By the Democratic party of the State of Mississippi, that we adopt as our declaration of principles upon the money question said resolutions, to wit: The Federal Constitution names silver and gold together as the money metals of the United States. The first coinage bill passed by Congress under the Constitution made the silver dollar the unit of value and admitted gold to free coinage at a ratio measured by the silver dollar unit. From the beginning of the Government following a policy formulated by Thomas Jefferson, and

firmly established by Jackson, the Democratic party has been the party of bimetallism, favoring the free coinage of both silver and gold at the National mints and opposed to farming out to banking corporations the Government's sovereign power of issuing and controlling the money of the people. The act of 1873 demonetizing silver was surreptitiously passed, without the approval or knowledge of the American people, and from the time when the effect of this act in fastening upon the country the single gold standard was understood, the Democratic party has consistently and persistently urged that the grievous wrong be righted. Failure to accomplish this object has resulted in the steady appreciation of gold, a corresponding fall in the prices of commodities produced by the people, a heavy increase in the burden of all debts, public and private, the enrichment of the money-lending class, paralysis of industry and impoverishment of the people and unexampled distress in all gold standard countries. Experience has shown that while under the single gold standard there may be an occasional revival of business activity, accompanied by enhanced prices of a limited number of commodities, such revival is due to artificial and temporary causes, and cannot permanently alleviate the sufferings due to falling prices, brought about by the appreciation of gold and an inadequate supply of primary or redemption money. Duty to the people requires that the party of the people continue the battle for bimetallism until its efforts are crowned with success. Therefore, be it

"Resolved, That we, the Democratic party of Mississippi, in convention assembled, demand the free and unlimited coinage of silver and gold into primary or redemption money, at the ratio of 16 to 1, without waiting for the action or approval of any other nation; that we are irrevocably opposed to the substitution for metallic money of a panic-breeding, corporation-credit currency based on a single metal, the supply of which is so limited that it can be cornered at any time by a few banking institutions in Europe and America; that we are opposed to the issuing of interest-bearing bonds of the United States in time of peace and especially are we opposed to placing the Treasury of the Government under the control of any syndicate of bankers, and the issuance of bonds to be sold by them at an enormous profit for the purpose of supplying the Federal Treasury with gold to maintain the policy of gold monometallism."

POPULISTS.—"We firmly believe that the Democratic party of Mississippi and of the Union affords the only security for the maintenance of white supremacy in the State, and that all political movements which tend to divide or weaken our party are in direct conflict with the true interests of the State and dangerous to the welfare and happiness of both races. We therefore deplore the movement now afoot for the organization of a third party to be known as the People's party, and we conjure all good men and true patriots to stand by the Democratic party, which is and ever has been

the friend of the people and the only people's party, the party whose principles embody all that is good and desirable in free government, and whose power is great enough to put and keep those principles in force. Whatever grievances the people may have can be righted only in and by the Democratic party."

**TARIFF.**—"We congratulate the country on the passage by a Democratic Congress of the best Tariff law since 1846; that transfers the burden of taxes from the weak to the strong, and supplies the public treasury without oppressing one class for the benefit of another."

**OPTIONS.**—"We demand National legislation to suppress dealings in futures, a pernicious and immoral business which controls the price of products of the farm to the detriment of the farmer, and subjects the rewards of his toil to the vicissitudes of gambling transactions."

### MISSOURI REPUBLICAN.

August 15, 1894.

Declares for a system of protective duties adjusted so that every American resource can be developed by American labor, receiving American wages; and we insist upon a tariff that will accomplish these ends; favors the enactment of laws that will prohibit the immigration of Anarchists, and demands the strict enforcement of the immigration laws; favors the largest possible coinage of silver that is consistent with the permanent maintenance of equal purchasing and debt-paying power of all dollars in circulation; favors the granting of pensions to all honorably discharged Union soldiers and sailors whose disabilities or necessities justly entitle them thereto.

### MISSOURI DEMOCRATIC.

August 6, 1895.

The platform demanded the free and unlimited coinage of silver and gold into primary or redemption money, at the ratio of 16 to 1, without waiting for the action or approval of any other nation; opposed the "policy and practice of surrendering to the holders of the obligations of the United States the option reserved by the law to the Government of reducing such obligations in either silver coin or gold coin"; "opposed the issuing of interest-bearing bonds of the United States in time of peace, and especially are we opposed to placing the Treasury of the Government under the control of any syndicate of bankers and the issuance of bonds to be sold by them at an enormous profit for the purpose of supplying the Federal Treasury with gold to maintain the policy of gold monometallism."

### MISSOURI POPULIST.

March 27, 1894.

Reiterates with emphasis the demand as embodied in the Omaha platform for Government ownership of railroads as the only just and correct solution of the transportation question; favors the adoption of the principle of the initiative and referendum as now practised in Switzerland and largely advocated throughout this country.

### MONTANA REPUBLICAN.

May 9, 1892.

Reiterates advocacy of Republican doctrine of protection, recognizes in the McKinley bill the most consistent and beneficent embodiment of the great principle that has ever graced the statute books of the United States; indorses reciprocity; denounces vicious attempts of Democrats in Congress to undermine protection by the insidious and dishonest method of attacking the system through those industries that are not numerically strong at the polls, or in Congress, and, in particular, denounces the Free Wool bill; views with pleasure the demand from all sections of the country and all classes of people in behalf of the free coinage of silver in the ratio existing previous to the act of 1873, and that it be made a legal tender in all sums and for all debts, public and private, except when otherwise expressly provided.

### NATIONAL REPUBLICAN LEAGUE.

June 21, 1895.

Resolutions adopted at Cleveland Convention: "Whereas, Section 13 of the Constitution of the Republican League of the United States says: 'This league shall not in any manner endeavor to influence the action of any National, State, county or municipal convention,' we, the delegates of the Republican League of the United States, in convention assembled, do hereby renew our allegiance to the principles of the Republican party and pledge our best efforts for the success of the candidates of that party. Believing that this convention has no instructions from the Republicans of the United States, or jurisdiction under the Constitution to frame or enunciate party platforms, we hereby refer all resolutions in relation to public questions to the Republican National Convention of 1896 with entire confidence that its action will redound to the prosperity of our people and the continued glory and advancement of our country."

### NATIONAL DEMOCRATIC SILVER CONFERENCE.

August 15, 1895.

Resolved, That the Democratic party, in National Convention assembled, should demand the free and unlimited coinage of silver and gold into primary or redemption money at the ratio of 16 to 1, without waiting for the action or approval of any other nation.

Resolved, That it should declare its irrevocable opposition to the substitution for a metallic money of a panic-breeding, corporation-credit currency based on a single metal, the supply of which is so limited that it can be cornered at any time by a few banking institutions in Europe and America.

Resolved, That it should declare its opposition to the policy and practice of surrendering to the holders of the obligations of the United States the option reserved by the law to the Government of redeeming such obligations in either silver coin or gold coin.

Resolved, That it should declare its opposition to the issuing of interest-bearing bonds of the United States in time of peace, and especially in placing the Treasury of the Government under the control of any syndicate of bankers and the issuance of bonds to be sold by them at an enormous profit for the purpose of supplying the Federal Treasury with gold to maintain the policy of gold monometallism.

With a view of securing the adherence to a re adoption of the Democratic financial policy above set forth by the Democratic National Convention to be assembled in 1896, and of the nomination of a candidate for the Presidency well known to be in hearty sympathy therewith, we hereby pledge our mutual co-operation, and urgently recommend to our Democratic brethren in all the States to at once begin, and vigorously and systematically prosecute, the work of a thorough organization, and to this end the adoption of the plan of organization herewith submitted is recommended.

A plan of organization and education was adopted, "with a view of securing the adherence to a re adoption of the Democratic financial policy," and of the nomination of a candidate in sympathy with it. The plan contemplates the formation of a National Committee, of one Democrat from each State, each member of which is to organize the bimetallic forces of his section.

### NEBRASKA REPUBLICAN.

October 2, 1895.

The platform pledged adherence to the principles declared by the National Republican Convention in 1892, and declared that "in accordance with these principles and policies, the industries of the Nation have prospered, the revenues were always sufficient for the ordinary expenses of the Government, the veterans of the war for the Union, disabled in the service, and the widows and orphans of the dead were liberally provided for, and a greater part of the National debt incurred in the defence of the flag had been paid out of the surplus. The National debt had been established, the currency of the country (amply secured by a Treasury reserve never impaired) was beyond question, and a degree of prosperity attained unexampled in the history of the nations." It continued that through the installation into power of the Democrats the industries of the Nation became paralyzed, financial panic followed, and that the operations of the Wilson Tariff neither protected American industries nor raised sufficient revenue to supply the ordinary necessities of the Government, hence a bond issue followed. By the election of a Congress in 1894 with an unparalleled Republican majority, the confidence of the people began to be restored, and languishing industries were revived.

**TARIFF.**—This plank called upon all patriotic people, irrespective of party, to "join in assisting to bring back prosperity to the State and Nation by re-enacting protection to American industries on the basis of that splendid law known as the 'McKinley Act,' thereby securing an ade-

quate revenue while guarding the American market for American products and furnishing steady and permanent employment of American labor at American wages, and returning to the beneficial system of commercial reciprocity with our sister American republics."

**SILVER.**—"Favoring the use of both gold and silver standard money, we oppose all monetary legislation that would result in either gold or silver monometallism, and demand the maintenance of a National currency every dollar of which, whether in gold, silver, or paper, shall be of equal value and of equal debt-paying or purchasing power."

**MISCELLANEOUS.**—It denounced the Democratic Administration for its supine neglect of American interests in its foreign policy, and its abandonment of the Monroe doctrine; expressed sympathy for the Cubans in their efforts to establish a republic; pledges to work for legislation looking to the improvement of irrigation, and for the disposition of the public lands of the State.

### NEBRASKA DEMOCRATIC.

August 22, 1895.

**SILVER.**—"We believe that the restoration of the money of the Constitution is now the paramount issue before the country, and insist that all parties shall plainly state their respective positions upon this question, in order that the voters may intelligently express their preference. We therefore declare ourselves in favor of the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, as such coinage existed prior to 1873, without waiting for the aid or consent of any other nation; such gold and silver coin to be full legal tender for all debts, public and private. We send greeting to our Democratic brethren throughout the Union who are making such a gallant fight for the restoration of bimetalism, and congratulate them upon the progress they have made."

**MISCELLANEOUS.**—Denounces secret organizations of any character that attempt to control the action or policy of the political parties, whether based on religious, political, or other differences of opinion; commends the declarations of President Cleveland in the past in condemning the pernicious activity of incumbents of Federal offices in attempting to control the policy and nominations of their parties, and recommends the renewal of the policy of his first Administration in that regard; opposes chartered monopolies and favors such legislation as will insure control by the State of corporations deriving their powers and privileges from the State, and especially the regulation of rates for transportation by the railroads of the State.

### NEBRASKA ADMINISTRATION DEMOCRATS.

September 5, 1895.

The Committee on Platform reported, congratulating President Cleveland and his Cabinet, and declaring:

"Free coinage of silver, 16 to 1, means silver monometallism; it means a poorer money and less of it; it means less wages

for the laboring man and less actual money for the farmer, and very much less credit, as well as money, for the business man. It means bankruptcy for all save the mine owner. We recognize in the issue and reissue of our Treasury notes a serious menace to the stability of the National finances, and we favor the retirement of all Treasury notes at the earliest possible moment, with proper and safe guarantees for maintaining the necessary volume of currency, which shall be devised by a competent non-partisan currency commission."

### NEVADA REPUBLICAN.

August 24, 1894.

**SILVER.**—"The 'silver question' is by far the most important issue before the people of this country to-day. We believe that the destruction of the true standard of value by the demonetization of silver in 1873 was a grave wrong to every silver mining State and Territory in the Union; that it increased the burden of all debts and enriched the creditor classes at the expense of everybody else; that it paralyzed the productive energies of the entire country, depressed business of every kind except that of money lending, and that there can be no permanent return of prosperity to our country until silver shall have been restored to its full use and highest position as a money metal; and as the only perfect mode of so restoring it we demand the free and unlimited coinage of both gold and silver at the ratio of 16 ounces of silver to 1 ounce of gold, with full legal-tender functions accorded to each, and no discrimination against either. This action we demand by the United States acting independently and wholly regardless of what any other nation may or may not do. We hereby pledge our candidate for Congress and request our United States Senators to make the question of silver paramount to every other, to treat it as strictly non-partisan, which it is; to hold themselves free from all party dictation concerning it, and to use all honorable means to bring about its complete restoration at the old time ratio of 16 to 1."

**TARIFF.**—"We believe that under any monetary system that can be adopted the protection of the American producer against the blighting and destructive competition of cheap labor abroad is also a matter of vast importance to the great body of the American people. Upon this question we are in hearty accord with the principles of the National Republican party. We believe that the wool-grower, the silver-lead miner, the sulphur miner, the borax maker and all other producers are entitled to live as befits American freemen, without being brought down to the wage level and social conditions of the poorest paid labor in the world."

Urges restriction of immigration solely with a view of relieving the labor market, and insuring to the American citizen, whether native or foreign born, an honest day's pay for an honest day's work.

### NEVADA DEMOCRATIC.

June 13, 1895.

In view of the fact that no State Convention was to be held the State Central

Committee adopted resolutions, in part, as follows:

"That the Democracy of Nevada note with heartfelt gratification the earnest efforts of their brethren in other States to make free and unlimited coinage at the established ratio the paramount issue of the coming National campaign. As representatives of the Democrats of the State, this committee most unqualifiedly pledges a delegation from Nevada to the next National Convention which will insist upon the adoption of a resolution unequivocally demanding the free and unlimited coinage of silver and gold at the ratio of 16 to 1, and the nomination of candidates known to be in sincere sympathy with such principle. That the history of the Democratic party, its record in Congress in all attempts to restore silver to its former position in our National currency, the declarations of most of its State Conventions, and the vigor and determination with which our brethren in all sections are pushing the matter, all proclaim that it is the party in which rest all of the hopes of the bimetallicists of the Nation. . . . We therefore most cordially invite all friends of free and unlimited coinage in Nevada to co-operate with the Democrats in the State in their efforts to secure a National platform and ticket which will be acceptable to all friends of silver remonetization. That, while international bimetallicism is desirable, it is by no means indispensable or even essential to the successful adoption of free coinage by the United States. We are confident in the ability of our Government to conduct its own financial system independent of other nations, and we believe that the American Republic should be the leader, instead of a follower, in the great work of monetary reform. That a free coinage platform and candidates will insure a Democratic victory at the next National election, and their rejection is an equal assurance of defeat and the continued supremacy of the money-lenders of the country, who are the only ones benefited by the present monometallic system."

### NEW-HAMPSHIRE REPUBLICAN

September 5, 1894.

Reaffirms the principles adopted by the National Convention in 1892.

Emphatically protests against any further change in the tariff laws until it can be made by sincere friends of protection, and they insist that there shall be no proscription of any man or abridgment of his legal rights because of his color, social condition, or religious or political beliefs.

### NEW-HAMPSHIRE DEMOCRATIC.

September 6, 1894.

**TARIFF.**—"We unqualifiedly indorse President Cleveland and the National House of Representatives in their efforts to fully redeem the pledges of the party to the people, and we especially approve of the wise, patriotic and statesmanlike course of the President through the great difficulties he has encountered."

## NEW-HAMPSHIRE PROHIBITION.

July 13, 1894.

Believes the tariff, under a fair general law, should be intrusted to a commission of fair-minded business men, and that such a commission can deal more wisely and safely than Congress with complex questions that arise.

## NEW-JERSEY REPUBLICAN.

September 19, 1895.

"We, the representatives of the Republican party in New-Jersey, in convention assembled, reaffirm our devotion to the National policy of our party, our opposition to any attempt to impose upon this country a debased or depreciated currency and our firm belief in the wisdom and beneficence of a tax upon imports which will afford protection to American industries and adequate revenue.

"We reaffirm our purpose of restoring to New-Jersey a clean and honest government. Three years ago we appealed to the voters of this State, without regard to party, to join us in the effort to rescue the State government from the grasp of a band of political marauders, who for partisan and personal purposes had by nefarious methods secured control of every department and institution of the State. No event in the history of New-Jersey has so signally demonstrated the patriotism of our people as the grand response to this appeal. In 1893 a majority of more than 20,000 on the legislative ticket testified to the desire of the people to escape from the domination of the political bandits, and in 1894 the unparalleled majority of nearly 47,000 voiced the sentiment of the people in favor of good government and committed the power of legislation to the hands of the Republican party. We congratulate the people of the State upon the magnificent results of this revolution. Intrusted with legislative power, we promptly blotted from the statute books the laws under which the most infamous form of racetrack gambling had brought ignominy and disgrace upon the State; we succeeded through the courts in abolishing the shameful gerrymandering scheme through which the political cabal in control of the State believed themselves to be permanently intrenched in power; we delivered our public institutions from the domination of boards appointed solely for partisan purposes and restored them to public usefulness by the establishment of non-political boards for their control; we successfully resisted the most gigantic conspiracy of recent years, supported by high State officials and Democratic Senators, to perpetuate party supremacy by denying to the people of the several counties the right to choose their own representatives, thus for partisan purposes striking at one of the fundamental principles of government of and by the people; we have wiped from the statute books innumerable laws enacted solely for partisan and personal purposes, regardless of the people's wishes or the public welfare; we have exposed the pilferers and plunderers of the State treasury and brought them to political and personal disgrace; and we have passed,

in defiance of the executive veto, laws—too long a list to be recited here—to secure an honest and economical administration of the public affairs of the State.

If intrusted with executive and legislative power we pledge ourselves to the continued work of reform. We pledge ourselves to the abolition of every act now on the statute books inimical to the interests of the people. We pledge ourselves to oppose any attempt to impose upon the people a tax for the support of the State government, any attempt to impair or divert from its proper use the fund for the support of the free public schools. We pledge ourselves to the abolition of unnecessary offices and the reduction of excessive salaries. We pledge ourselves to the purification of every department of the State government, to still further legislation for the general good and to an administration of affairs of the State which shall have for its sole object the welfare and prosperity of the people.

"The redemption of the State, committed to our hands, is not yet complete. It will not be complete so long as there remains a reform to be effected, a wrong to be righted, an enemy of good government to be defeated and overthrown.

"It is the highest and most imperative duty of the intelligent and patriotic voters of New-Jersey at this time to unite in a supreme effort to wipe out the last vestige of the stain left upon the fair name of the State by the ballot-box stuffers, the racetrack gamblers and the political tricksters, from whose clutches she has been so happily released; and we earnestly appeal to all the voters, without regard to past political affiliations, to join us in the high and patriotic purpose of establishing upon a sure foundation a clean and honest State government."

## NEW-JERSEY REPUBLICAN LEAGUE.

June 26, 1895.

**MONEY.**—"We believe the dollar of the laborer and mechanic should be worth as much as the dollar of the capitalist, and any attempt to debase the credit or currency of the country is a blow to the country's prosperity."

**STATE.**—"We heartily approve the acts of the last Legislature, and especially commend the Senate Committee for its fearless and thorough investigation. We call attention to the mismanagement of State affairs and the misuse of State funds by Democratic officials and pledge ourselves to carry the State for the nominees of the Republican party as the only way to correct these evils."

## NEW-JERSEY DEMOCRATIC.

September 26, 1895.

The platform reaffirmed the National Democratic platform of 1892, and "cordially indorsed the Administration of President Cleveland, with whose determination to protect the people of the country from the evils ever attendant upon the debasement of the National currency we are in most earnest sympathy." It congratulated the people upon the "revival of prosperity everywhere evident in our land," and added that "the purchase

of silver, to be stored in the Treasury, and the enactment of unjust tariff laws, to enrich a few favorites by the oppression of millions of consumers, were the main causes of the paralyzation of our markets." It denounced as maliciously false the statements of the Republican State platform that the government of New-Jersey has been conducted by the Democratic party in a dishonest or extravagant manner; and that the attempt to charge the misdoings of a few individuals upon the Democratic party or Democratic administration of the State is not warranted by the evidence.

The platform also favored the adoption of the constitutional amendment that will render impossible any law for the legalization of gambling in any form. It demanded that the tax laws of the State be amended to provide for the equal taxation of property not used for religious, charitable, or educational purposes. It pledged the Democratic party to the enactment of laws that will secure to the people of New-Jersey the control of the pure waters of the State; and added that the municipalities of New-Jersey are at the mercy of a few corporations who have acquired control of nearly all the sources of water supply within the State, and who are in a position to demand what they will be paid for allowing the cities to obtain this necessary of life.

It also demanded that the laws of the State be amended to provide severe penalties for discrimination in the fixing of rates for transportation of freight in any way injurious to the farmers or other people of the State.

### **NEW-JERSEY POPULIST.**

**September 2, 1895.**

The platform, containing two paragraphs, reaffirms the party's "allegiance to the second Declaration of Independence—the platform adopted at Omaha, July 4, 1892," and demanded the Initiative and referendum, conferring upon the people the right and power to control their own affairs.

### **NEW-JERSEY PROHIBITION.**

**June 14, 1895.**

The platform declares for public ownership of all State and municipal monopolies, for woman suffrage, for a more equal distribution of the products of labor, for a free and untrammelled press. The action of the Court of Pardons in releasing the Guttenburg convicts is condemned, and the last Legislature is arraigned for "trucking to the interests of the liquor and monopoly power."

### **NEW-YORK REPUBLICAN.**

**September 17, 1895.**

The Republican party of New-York, by its delegates in convention assembled, makes the following declaration of its principles:

"We reaffirm our adherence to the American policy of protection, and we demand such legislation as will afford an adequate income for the maintenance of the Government, while giving encouragement to American capital and remunerative wages to American labor.

"We denounce the Wilson tariff with its iniquitous income tax attachment (happily declared unconstitutional by the Supreme Court of the United States) as the first step accomplished in the campaign for the annihilation of American Industries begun by Grover Cleveland in December, 1887. This measure is neither a tariff for protection nor a tariff for revenue, but a tariff for deficit, falling by scores of millions a year to raise the amount of revenue necessary for the expenses of our National Government. We denounce the Democratic Administration for its gross mismanagement of the finances of the Nation. It already has added more than \$165,000,000 to the National debt and the burdens of the people, and there is every evidence that this increase is to be continued. We denounce the Democratic Administration for its false and misleading statements of the public expenditures, and for its failure to promptly pay the Nation's honest debts that it may be able to present a delusive statement of the Treasury's actual condition.

"We welcome the dawn of returning prosperity following the Republican victories of 1894—those victories giving assurance that the Democratic party has been rendered powerless to work further destruction to American Industries, and that the duty of repairing Democratic inroads upon them will be prosecuted with untiring vigor. And we denounce the attempts of the Democratic Administration newspaper organs to mislead and begot the public in regard to the real character and extent of recent restoration of wages. With a complete return of the Republican party to power and the enactment of such remedial legislation as the conditions plainly require, we confidently look for a renewal of the prosperity that marked the quarter century of its government of the country.

"In behalf of American citizens in other countries, who are entitled to the most watchful and unyielding defence and protection in all emergencies, we denounce the infamous policy of the Federal Administration, which has made the Stars and Stripes the emblem of supine neglect and wretched incapacity. In the broader field of our relations with foreign powers, where American doctrine should have been the supreme guide and inspiration, the Administration, by yielding established rights, trucking to foreign influence and the wholesale sacrifice of American prestige and National dignity, has furnished an unmatched spectacle of Federal disgrace and imbecility.

"We believe that the Nation's honor, as well as the material interests of our citizens, demands the maintenance of a National currency every dollar of which, whether in gold, silver or paper notes, shall be of equal value and equal debt-paying or purchasing power, and we declare our unalterable opposition to the free and unlimited coinage of silver. Any inflation of the currency of the country by degrading the standard of value to the silver basis is distinctly repudiated.

"We denounce the Democratic party for the robbery of millions of dollars from the hard-working farmers of the State through free wool and the reduction of the tariff

upon agricultural products by the Wilson Tariff bill, and we demand adequate protection for our farm products.

"Last fall, for the first time in twelve years, the people of the State intrusted the Republican party with the control of both the Executive and Legislative branches of their Government. The party was charged with the duty of righting great wrongs which had been embodied in law by a discredited Democratic administration of State affairs. That duty has been discharged with care and fidelity to the people's interests.

"The reform measures which the people of the city of New-York asked for, and which were indispensable to the complete overthrow of the corrupt political machine that had so long plundered and betrayed the great metropolis of the State, were, with a single exception, enacted into law in the face of a united Democratic opposition.

"The revised Constitution, which went into effect last January, imposed many important duties upon the Legislature, which were fully met and faithfully discharged. Prominent among them was the constitutional requirement of uniform charters for cities of the various classes. Among the acts of the Legislature designed for the amelioration of the condition of the working people of the city of New-York, the law providing for the inspection and improvement of tenement-houses is entitled to special commendation.

"The most rigid care and economy were exercised by the Republican Legislature of the State in granting appropriations of the people's money. The tax rate was kept down to the lowest figures possible under the shrinkage of receipts from indirect taxation—due to the general business depression, which was brought about by Democratic mismanagement in the Nation. The necessity of meeting expenditures which were rendered obligatory by the new Constitution, and the extension of the act for State care of the pauper insane to the counties of New-York and Kings, made imperative an increase in the tax rate the present year.

"We congratulate the people of the State on the success of the long struggle which the Republican party has waged to secure honest electoral reform. The blanket ballot promises relief to the voters from the cumbersome and complex system of voting which prevailed last year. Every advance toward honest electoral reform has been made, step by step, against the determined opposition of the Democracy of the State.

"The interests of labor have been carefully protected by the Republican party on State as well as National affairs, and we urge the adoption and extension of the principle of arbitration in determining disputes between employer and employed.

"The Constitutional Convention recognized the truth that the canals of the State are the property of the people and the appropriate object of their solicitous care. The amendment embodying this principle was adopted by an emphatic majority. The Legislature has provided for the submission of the question of canal improvement in concrete form to a popu-

lar vote. The people can be safely trusted to deal wisely with this matter.

"We heartily indorse the wise and excellent administration of Governor Levi P. Morton. He has been mindful of the desires of the people, and he has been always in sympathy with the best impulses of the time. The overwhelming expression of confidence given him by the people at the polls last November shows how warmly he appeals to the popular heart. A public career of unquestioned distinction, his clear and flawless record and his acknowledged ability warrant the highest honor in the Nation, and we therefore present Levi P. Morton as the candidate of the Republicans of the Empire State for the Presidency of the United States, and we pledge him the loyal and unstinted support of New-York in the coming Republican National Convention.

"We favor the maintenance of the Sunday laws in the interest of labor and morality."

### NEW-YORK REPUBLICAN STATE LEAGUE.

September 5, 1895.

The resolutions declared that the Administration of President Cleveland has been in direct opposition to the welfare and best interests of the people, with depression, discouragement and disaster as its fruition; protested against antagonizing labor or capital, and recognized the mutual dependence of one upon the other; declared that the Republican doctrine of protection to home industries is a truthful fact, instead of a false theory; declared for such a standard of values as would make every dollar coined or issued by the United States pass at par in any market of the world, and that among the different kinds of money issued no dollar should have any superiority or prestige over any other dollar; indorsed the proposition for the establishment of a National labor insurance and pension system; commended the enforcement of the Sunday law by the police authorities of New-York, and declared that it was not a political question, but is one the determination of which will, to a large extent, measure the moral line of the Empire State; favored the proposed appropriation of \$9,000,000 by the State for the improvement of the canals of the State; commended the administration of Governor Morton and all the other State officers as one that commands the respect and confidence of the people, and that their official records are an honor to the party that placed them in office.

### NEW-YORK DEMOCRATIC. September 25, 1895.

The Democratic party, in convention assembled, makes the following declaration of its principles and policy:

1. Home rule the first essential condition of good municipal government—Local jurisdiction and control over purely local affairs; no legislative meddling.
2. Economy in public expenses; no public money for private purposes or political jobs; strict audit of official expenditures; a low tax rate.

3. Honesty in public office; no tainted legislators; no corrupt traffic in legislation; clean men and free agents; no hypocrites.

4. Equal and honest enforcement of all the laws; a proper observance of a day of rest and an orderly Sunday; modification or repeal of laws unsupported by public opinion; no unjust sumptuary laws; no blue laws; recognition of the fundamental American principle of freedom of conscience; home rule in excise as well as in other matters within reasonable limitations established to protect the interest of temperance and morality and an amendment of the excise and other laws by the Legislature of the State which shall permit each municipality expressing its sentiments by a popular vote of a majority of its citizens to determine within such proper legislative restrictions as shall be required by the interests of the entire State what may best meet its special necessities and conditions.

5. The attempts of prominent Republican politicians in the large cities of the State to repudiate their own platform are renewed evidence of their hypocrisy and dishonesty on the excise question and of their desire to deceive the people.

6. Equal taxation; no unjust discrimination; no favored interest; no partial legislation.

7. Individual liberty; the right of all citizens to equal opportunities before the law; equal and exact justice to all men.

8. Honest elections; compulsory official accounting of expenditures by political committees as well as candidates; personal registration of voters as a safeguard against fraud.

9. Practical and honest reform in the civil service.

10. Intelligent and liberal promotion of agriculture.

11. Improved highways of travel throughout the State in the interests of our citizens, and particularly of the farmers and bicycle riders.

12. Beneficial and needed legislation in the interests of labor.

13. Federal taxation for revenue only; no Government partisanship with protected monopolies; no meddling with the present reformed tariff to the injury and unsettling of business and industries.

14. Sound money; gold and silver the only legal tender; no currency not convertible into coin; gradual retirement and extinction of the greenback currency; no free and unlimited coinage of silver.

15. Strict construction of the Federal Constitution; rigid maintenance of the reserved rights of the State; no Force bills.

16. No entangling alliances with foreign nations; the vigorous enforcement of the Monroe doctrine; no jingoism.

We reaffirm the Democratic National platform of 1892 and congratulate the people that Democratic legislation and Democratic Administration have successfully brought the country out of the disastrous financial and industrial condition into which it was plunged by the ill-conceived acts of the Republican party.

We indorse the Administration of President Cleveland.

The Republican record: We invite the

attention of electors to the humiliating record made by the Republican party in its recent restoration to power in this State. In full control of all branches of the State Government, equipped with complete power to accomplish promised reforms, it has prodigally wasted the people's money and forfeited public confidence by its defiance of the popular will and its scandalous disregard of the public welfare. As a result of their less than one year of power, State taxation has been increased over \$4,500,000; the tax rate has been raised from 2.18 to 3.24; many new and expensive State commissions have been created; hundreds of thousands of dollars have been fruitlessly and unnecessarily expended by legislative committees in searching through the State departments for Democratic iniquities, which were not found, because they did not exist; the principle of home rule has been deliberately and continually violated; the civil service reform laws have been flagrantly disregarded, especially in reference to the deserving veterans, and the entire legislative record has been one of scandal, incompetence and extravagance. Upon such a record of faithlessness to public trust the Republican party deserves the condemnation of the people at the polls, and the Democratic party invites the co-operation of all citizens in restoring good government to the Empire State.

## NEW-YORK POPULIST.

August 29, 1895.

The platform, about 2,500 words in length, demands the introduction into National, State and local politics legislation known as the initiative and referendum; demands the abolition of National and other banks of issue, and that all money, whether of paper, silver or gold, should be issued by the Federal Government only, and be made legal tender for all payments and debts, public or private; demands the "free and unlimited coinage or use of both silver and gold at the ratio of 16 to 1"; demands Government ownership and control of all railway lines (whether steam or electric), telegraphs, telephones and canals, and of the coal mines owned by or related to such roads; protests against the neglect or abandonment of the State canals, and recommends that by National aid, under State supervision, they should be repaired and be fitted with electric power and other improvements; favors the graduated taxation and limitation of the larger land-holdings, and a graduated inheritance and income tax legislation, making mortgages real estate for the purpose of taxation; favors legislation for the construction of roads and other public works, the enforcement of the eight-hour labor laws, and the election of an Arbitration Board, with power to settle all disputes between labor and capital; favors the abolition of the license or excise liquor system, and Government control of all importations, manufacture and selling of alcohol and alcoholic liquors for all purposes, and that the sale of liquors for beverage purposes should be by the State dispensary system, without profit; favors the "suppression of the 'Pinkertons,' 'White Caps,' mob laws,

lynchings, 'Gerry societies' or 'agents' for the suppression of vice or crime under the support and employment of individuals or societies"; favors the abolition of capital punishment; also the election of President, Vice-President and Senators by the people.

### **NEW-YORK PROHIBITION.**

**September 4, 1895.**

The platform reaffirmed its adherence to the principles of prohibition and allegiance to the National party; that a Christian citizen's ballot is his testimony witnessing his political righteousness; opposed all measures and candidates not in full accord with the principles of prohibition; opposed all religious tests of citizenship; opposed all appropriations for sectarian purposes; opposed all combinations and trusts that fatten at the expense of the masses; favored proportional representation and the Swiss ballot system; favored civil and religious liberty; opposed all class legislation, and favored the Windom currency system.

### **NORTH CAROLINA REPUBLICAN.**

**August 30, 1894.**

**SILVER.**—"We favor a financial policy not in favor of monometallism, either of gold or silver, as the basis of a financial system, but of international bimetalism, and strenuous efforts of the National power to be directed against such foreign nations as adhere to the single gold standard. Under existing conditions, with no international agreement, we favor the free coinage of the entire product of American mines at the ratio of 16 to 1. Now and in the future all dollars should be of equal purchasing power, to the end that a suitable currency, abundant for all wants, shall secure to all the people the full results of their labor."

**TARIFF.**—"We favor a tariff for the protection of American labor against the underpaid and pauper labor of foreign countries, the Blaine system of reciprocity, and opposition to the Democratic policy which attempts its abandonment and repeal. We denounce the Tariff bill recently passed by the Democrats in Congress (which is now the law of the country without the signature, but the condemnation of the President) as un-American in principle and vicious in its operations, destructive of the prosperity of labor, and beneficial only to trusts and combinations of capital. We denounce the attempts of the Democratic party and its President to place the raw materials of the South on the free list."

### **NORTH CAROLINA DEMOCRATIC.**

**August 8, 1894.**

**SILVER.**—"We hold it is the duty of the law-making department of the Government now in the hands of the Democracy to take immediate steps to restore by legislation equal privileges of silver with gold at the mints by free and unlimited coinage of both gold and silver at the ratio of 16 to 1, such being the ratio of coinage which heretofore has held in the United States."

**STATE BANK TAX.**—"That we urge upon the said law-making department of the Government the abolition of the unconstitutional and prohibitive tax of 10 per cent upon the issue of State banks."

**MISCELLANEOUS.**—Demands the enactment of an income tax; emphatically approves the tariff doctrine enunciated by the Chicago platform, and commends the President for his sturdy effort to secure the passage of a tariff bill; favors the abolition of the Internal Revenue tax on spirits and tobacco.

### **NORTH CAROLINA POPULIST.**

**August 1, 1894.**

The platform denounces the old parties and demands the issue of greenbacks and free coinage of silver, but omits the Sub-Treasury bill.

### **NORTH CAROLINA SILVER.**

**September 25, 1895.**

The platform declared that "the only way to put an end to the evils of monometallism is to open the mints of the country to be free and unlimited coinage of silver"; and "to this end we earnestly recommend to the voters that hereafter they elect only such Senators and Representatives in Congress as are sincerely in favor of principles hereinbefore expressed, and only such Presidential electors as will vote for no man for President or Vice-President who is not in favor of such principles, and whose record and platform are guarantees that they will be faithfully executed."

### **NORTH DAKOTA REPUBLICAN.**

**July 19, 1894.**

**TARIFF.**—Earnestly and emphatically opposes free trade and the single gold standard of Great Britain; demands adequate protection for all home industries, North, South, East and West, so as to maintain the American standard of wages, and to this end favors a tariff on foreign goods competing with domestic goods equal to the difference between foreign and American wages. With the exception of articles of luxury, goods which, by reason of climate or other conditions, cannot be profitably produced in this country should be admitted free of duty.

**RECIPROCITY.**—"By adherence to the Republican principle of reciprocity, new and larger markets can be and ought to be secured."

**FINANCIAL.**—Opposes the fiat money doctrine of the People's party, and demands the use of both gold and silver as standard money. Also demands that the mints be opened to the coinage of silver mined in the United States, with such restrictions and under such provisions, to be determined by legislation, as will maintain the parity of values of the two metals. Urges that Congress should levy a tax on silver imports sufficient to protect the American mines.

### **NORTH DAKOTA DEMOCRATIC.**

**July 26, 1894.**

**TARIFF.**—"We are in favor of tariff for revenue only and urge the prompt enactment of a tariff bill."

**MONEY.**—"We demand the free bi-

metallic coinage of both gold and silver and the restoration of the bimetallic standard as it existed for eighty years prior to the demonetization of the standard silver dollar in 1873, and, should it become necessary in order to maintain the two metals in circulation to readjust the ratio, it should be determined whether gold has risen or silver fallen; and whether there should be a change of a gold or silver dollar, or both, to the end that whatever ratio is adopted the rights of both debtor and creditor should be preserved. Having in view the demands of the people for an adequate circulating medium, we declare that we are not in favor of gold monometallism or silver monometallism, but that both should be coined in such a ratio as will maintain the two metals in circulation."

### **NORTH DAKOTA INDEPENDENT, 1894.**

**CURRENCY AND SILVER.**—"We favor the free, unlimited coinage of gold and silver at the ratio of 16 to 1, supplemented by full legal tender paper money exclusively controlled by the Government, issued until the sum total of money in actual circulation shall reach \$50 per capita."

**GOVERNMENTAL OWNERSHIP.**—"We favor the Government ownership of telegraphs and railroads."

**THE REFERENDUM.**—"We favor the initiative and referendum, allowing the people to introduce or veto all laws."

**WOMAN SUFFRAGE.**—"Recognizing the ability of women in the State, we favor equal suffrage."

### **OHIO REPUBLICAN. May 28, 1894.**

The Republicans of Ohio, in State Convention assembled, congratulate the people of the country upon the signal victory in the State and Congressional elections last fall, assuring a glorious National victory in 1896, and declare as follows:

"We reaffirm our adherence to the principles of the Republican party, as defined by the National Convention in 1892, chief among which are:

"A protective tariff which, restoring American wages and American products, shall serve the highest interests of American labor and American development, while providing adequate revenue for the uses of the Government.

"Reciprocity, which, while seeking and gaining the world's markets for our surplus products, shall not lower or destroy American wages, nor surrender our own markets to foreign commodities which can be produced at home.

"Fair elections, based upon a free ballot and an honest count, the safeguard of American institutions, the true source of public authority.

"Honest money, consisting of gold, silver and paper, every dollar as good as any other dollar, and all backed by the National faith and honor.

"We favor bimetallicism, and demand the use of both gold and silver as standard money, either in accordance with a ratio to be fixed by an international agreement, if that can be obtained, or under such restrictions and such provisions to

be determined by legislation as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

"We denounce the present Democratic Administration whose vicious and vacillating course has brought us distress at home and humiliation abroad. It has inaugurated a policy looking toward ultimate free trade, which has deranged business, crippled our industries, distressed our homes and dealt labor a serious blow. With deplorable incompetency it has failed to raise revenue enough to run the Government and has had to borrow, in less than two years, \$162,000,000 mainly to pay ordinary running expenses, selling in secret to favored foreign syndicates the bonds of the Government at prices far below their actual value. It has lowered the flag in Hawaii, in an un-American attempt to overthrow a republic and restore a monarchy, and, with unpatriotic indifference, has suffered British troops to land in Nicaragua, in contemptuous disregard of the Monroe Doctrine; by these and similar acts our country, second in power and dignity to none, has suffered a loss of respect throughout the world.

"We denounce the free-wool provision of the present Tariff act as an unjust discrimination against an important industry, and demand such protection for sheep husbandry as will secure fair prices for American wool.

"We denounce the present administration of the Pension Bureau for its betrayal of the interests of the Union soldiers, and we pledge anew to the veterans of the Republic a watchful care and recognition of their just claims upon a grateful people."

### **OHIO DEMOCRATIC. August 21, 1895.**

The platform congratulates President Cleveland for his successful efforts in the repeal of the Sherman Silver bill, the Federal Elections law and the McKinley Tariff law, and for upholding the credit of the country. Also congratulates Senator Brice for the earnest and effective support he gave to the President in the above matters.

**FINANCIAL.**—Reaffirms the following portion of the seventh plank of the platform of the National Democratic Convention of 1892:

"We hold to the use of both gold and silver as the standard money of the country, and to coin both gold and silver without discrimination against either metal, or charge for mintage, but the dollar unit of coinage of both metals must be of equal intrinsic and exchangeable value, or be adjusted by international agreement or by such safe legislation as shall insure the maintenance of the parity of the two metals, and the equal power of every dollar at all times in the payment of debts, and we demand that the paper currency shall be kept at par with, and redeemed in, such coin."

**STATE AFFAIRS.**—Denounces the Legislature as corrupt and unworthy of the confidence of the people; views with alarm the increase of the indebtedness of

counties and municipalities of the State and demands economy in expenditures.

### OHIO POPULIST.

August 2, 1895.

The platform favors the free and unlimited coinage of silver, independent of what other nations may do; the "coinage" out of paper of money in sufficient amount to increase the volume of money in circulation to not less than \$50 per capita, paper money to be in denominations not larger than \$20; the annual coinage of paper, gold and silver money in quantity sufficient to maintain prices in property in general upon a level that existed in 1866; a law that shall make unlawful any obligation payable in gold only, and declares that all debts, public and private, shall be payable in any lawful money of the United States at option of the debtor. Favors immediate abolition of National banking system; opposes issue of bonds by United States for any purpose whatever, either in time of peace or war; reaffirms the Omaha platform on State matters. Favors revision of tax laws, so that property-owners shall pay taxes only on what they own, and not on what they owe; favors legal regulation of size of screens used in coal mines; favors direct legislation by initiative and referendum in National, State and local government, the imperative mandate and proportional representation; indorses Coxe's non-interest bond and good road bills; favors the passage of the per diem service pension law, and that Congress should provide for the payment to Union soldiers of such sums as would make their pay equal to coin with interest thereon.

### OREGON REPUBLICAN, 1894.

**PROTECTION.**—"We affirm that a policy of consistent protection is necessary for advancement and conservation of our industrial interests, for assurance to labor of steady employment and adequate wages, for promotion and maintenance of prosperity, local and general. We point to the past and to the contrast furnished by the present, in support of this claim; and we censure and condemn the Democratic tariff programme, as developed in Congress, as highly injurious to the productive and industrial interests of the country, and in particular as hurtful to those of our own State. We denounce the action of the Democratic party in Congress for its discrimination against producers in our fields, forests and mines and in favor of particular classes of manufacturers, chiefly of the East, and of special interests in the South."

**BIMETALLISM.**—"We reaffirm the doctrine of the Republican party in relation to money, as stated in its National platform of 1882, particularly as follows, to wit: The American people from tradition and interest favor bimetalism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or coin, issued by the Government, shall be as good as any other. We commend the efforts made by our Government hitherto to secure an international conference to adopt such measures as will insure parity of value between gold and silver throughout the world, and call upon it to renew and continue such efforts."

### OREGON DEMOCRATIC.

April 18, 1894.

**INCOME TAX.**—"We believe that all taxation should be equal and just, that unnecessary taxation is unjust taxation, and that the wealth of a nation should bear its just proportion of the burdens of the National government, and that we are in favor of an income tax."

**TARIFF.**—Indorses the efforts of Congress in behalf of tariff reform.

**SILVER.**—Opposes all measures of discrimination against silver; and demands free coinage to supply the demands of business, and that all money issued by the Government be made a legal-tender for all debts, both public and private.

### OREGON POPULIST.

March 15, 1894.

Denounces the issuance of United States interest-bearing gold bonds at the instigation and in the interest of the money-lenders of America and Europe.

### PENNSYLVANIA REPUBLICAN.

August 28, 1895.

**FINANCIAL.**—Accepts unreservedly the determination enunciated by the National Republican Convention of 1892, in demanding "the use of both gold and silver money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal." Also declares "opposition to the debasement of the National currency by the admission of silver to free and unlimited coinage, at the arbitrary ratio of 16 to 1."

**TARIFF.**—Declares continued adherence to the protective policy, and "insists upon such legislation as will secure restoration and maintenance of this policy without qualification or abatement." "Charges the Democratic party, under Mr. Cleveland's leadership, with the precipitation upon the country in the early part of 1893 of the most disastrous industrial and financial panic in our history, which was caused by the open threat of Mr. Cleveland to destroy the protective policy, and by the fear that other radical and destructive legislative changes would be attempted under the same leadership. The country has had an object lesson in destructive statesmanship which it will not soon forget."

"We rejoice that the scheme of President Cleveland and other free-trade leaders to inflict upon the country the infamous Wilson Tariff bill as passed by the House of Representatives was defeated in the United States Senate. One year ago a tariff bill which embodies substantial although not complete con-

cessions to the protective policy became a law without the President's signature. Such measure of prosperity as the country enjoys to-day is due to the radical changes made by the United States Senate in the Wilson bill, and to the subsequent election of a new Congress pledged to resist the Cleveland free-trade policy. We thank the Republican members of the House of Representatives from Pennsylvania for their activity in exposing the destructive character of the Wilson Tariff bill as passed by the House of Representatives, and we thank the Republican Senators from Pennsylvania for their efficient help in securing its defeat. Especially do we thank Senator Matthew Stanley Quay for his heroic resistance to the bill throughout many weary months, leading the Republican opposition to its enactment, and finally compelling the Democratic majority in the Senate to agree to the substitution of many protective duties for its free-trade provisions."

**BOND ISSUES.**—Charges upon the Democratic party the fault for a constantly growing deficit in receipts, as compared with expenditures, thus compelling the borrowing of money in large amounts at exorbitant premiums in time of peace to maintain the credit of the Government. For the failure of the Democratic Administration to provide sufficient revenue to meet the wants of the Government "its responsibility is absolute, and it has exhibited to the world such inability and faithlessness in the discharge of the high trust committed to its care that its history continues to excite the contempt and distrust of all thoughtful citizens."

**IMMIGRATION.**—Approves Congressman Stone's bill to prevent the immigration of paupers, criminals and persons incapable, either physically or mentally, of self-support.

**MISCELLANEOUS.**—Urges the adoption of a fixed and well-considered policy for the permanent betterment of the highways, and commends the administration of Governor Hastings.

### **PENNSYLVANIA DEMOCRATIC SOCIETIES.** **September 11, 1895.**

The platform declared that "the enactment of the Sherman Silver Purchasing act and the McKinley Tariff law found, as accurately predicted by Mr. Cleveland, their results in bankrupt railroads, closed factories, ruined farms, abandoned fields, impaired National credit and general disaster. The repeal of such iniquitous legislation and the substitution of more moderate tariff laws have found their immediate results in the resumption of business and the restoration of the National credit."

It challenged especial attention to the fact that prosperity and the consequent material increase of wages have been most pronounced in the industries whose existence the Republican party claimed were dependent upon high tariff duties; and declared that the voluntary increase of wages of those employed in the manufacturing industries, amounting to no less than \$250,000,000, was absolutely unknown under the McKinley Tariff act. It urged that the people, irrespective of party, should so act together as to in-

sure the election of a Democratic President in 1896.

**SILVER.**—"We especially reaffirm so much of the platform of the last Democratic National Convention as calls for the use of both gold and silver as the standard money of the country, but the dollar unit of coinage of both metals must be of equal intrinsic and exchangeable value or be adjusted by international agreement or by such safeguards of legislation as shall insure the maintenance of the parity of the two metals and the equal power of every dollar at all times in the payment of debts. We believe that such parity could not be maintained by the free coinage of silver at the ratio of 16 to 1, and we are, therefore, opposed to any legislation looking to that end."

**MISCELLANEOUS.**—The platform arraigned and condemned the present State administration for its refusal to reapportion the State; for the waste of public money; for increase of official salaries; for legislation favorable to the interests of corporations and monopolies.

### **PENNSYLVANIA DEMOCRATIC SOCIETIES.**

**September 3, 1895.**

The platform declared that "the late depression was in a large degree the consequence of the Sherman Silver Coinage Act repealed by the Democratic Congress and the restrictions imposed upon production and exchange by the McKinley Tariff law removed by the Democratic Congress and replaced with the Wilson bill, under which our prostrate industries have been revived and our commerce extended, and under which our workmen are receiving steady wages and paying less than before for all the necessities of life."

### **PENNSYLVANIA PEOPLE'S.**

**July 4, 1895.**

The resolutions reaffirm the Omaha platform, condemn the Legislature for vicious and corrupt legislation in creating new offices and increasing salaries. They also condemn the Democratic party for bonding the Nation in time of peace; demand a reduction of officials' salaries, county, State, and National; proportional representation and cumulative voting and direct legislation. They demand State control of the liquor traffic, and equal rights for men and women, politically, socially and economically. The action of the United States Supreme Court in the Debs case is denounced as revolutionary. Other decisions of the court were also condemned.

### **RHODE ISLAND REPUBLICAN.**

**March 14, 1895.**

Reaffirms loyalty to the principles of Republicanism, and condemns the Democratic National Administration of 1893 and 1894 as one that has brought disgrace and business disasters upon the people.

**TARIFF.**—"We favor a return to a tariff system which recognizes as of primary importance the principles of protection. The employment of American labor and capital is a surer sign of National prosperity than the increased im-

portation of goods, the manufacture of which has furnished employment to foreign labor and capital, while our own has remained idle. While changing conditions in the business and commercial world necessitate frequent changes in tariff schedules, the principles of protection remain the same, having for their foundation the single patriotic idea: protection to American interests."

**PENSIONS.**—"We favor just and liberal pensions for the relief of the poor and disabled veterans of the late war. The Republican party continues to believe that there is no statute of limitation against a grateful recognition by the Government of the services and sacrifices of the soldiers of the republic."

**EDUCATION.**—Favors non-sectarian public schools and liberal appropriations for their support.

**IMMIGRATION.**—Favors legislation to put a stop to the United States continuing as a "dumping ground for the vicious and pauper classes of Europe."

**FINANCIAL.**—"We protest against cheap money, the destruction of our banking system, the establishment of State banks, and all other Democratic and Populist theories which are sought to make something of nothing, and to use that something in the payment of labor and indebtedness. Safety to business demands a currency every dollar of which is equal in value to every other dollar throughout our vast territory and in the marts of the world."

**ARMY AND NAVY.**—Favors a military force sufficiently large to suppress riot and disorder, to secure the complete enforcement of all laws, and to give protection to all citizens in the enjoyment of all the rights guaranteed to them under the Constitution and the laws. Favors "liberal appropriations for the building and maintenance of a navy sufficient for the protection of our coast line and our maritime interests, and powerful enough to entitle America to the respect of foreign nations."

**STATE.**—Favors biennial elections, thus saving expense and at the same time tending to permanence and efficiency in State government; favors legislation for the curative treatment of the intemperate in State institutions.

### **RHODE ISLAND DEMOCRATIC.** March 14, 1895.

The Democratic State Convention adopted no platform, with the exception of a single resolution in opposition to the proposed amendment to the Constitution providing for biennial elections, etc. The amendment provided, in addition to the biennial election of State officers and the State Legislature, that the Lieutenant-Governor shall be the presiding officer of the Senate, and have a vote in case of a tie.

### **SOUTH CAROLINA DEMOCRATIC (TILLMANITES).** September 19, 1894.

**MONEY.**—"We demand the free and unlimited coinage of silver at a ratio of 16 to 1, and insist upon its immediate enactment without waiting for interna-

tional agreement. We insist upon it for the protection of our farmers and laboring classes, the first and most defenceless victims of unstable and fluctuating currency."

### **SOUTH CAROLINA REFORM DEMOCRATIC.**

August 16, 1894.

Demands the free and unlimited coinage of silver on the ratio of 16 to 1; demands repeal of the McKinley Tariff bill; demands a just and equitable system of graduated tax on incomes.

### **SOUTH DAKOTA REPUBLICAN.** August 23, 1894.

**TARIFF.**—"In the interest of the country at large, and particularly in the interest of the people of this great agricultural Northwest, it affirms its conviction that this Nation owes to its own citizens and their industries all reasonable protection against competition with foreign labor, and it believes that this can be best and most certainly afforded by the friends of protection, rather than by those who declare, as did the last Democratic National Convention, that protection is unconstitutional and fraudulent, and which declaration has smitten this whole country with a blight that has withered its manufacturing industries, shrivelled its commerce and dried up the fountains of its finances. The policy of a Democratic Congress, which levies upon this country the tribute of millions in behalf of the Sugar Trust and robs this country's wool growers of millions in behalf of Australian flock owners, has been fitly characterized by a Democratic President as perfidy and dishonor, and we declare our preference for that reciprocity policy of the Republican party which got something for the country at large in exchange for whatever advantage was accorded foreign nations and their commercial interests."

**MONEY.**—"We favor the use of both silver and gold as money at a ratio of 16 to 1, confining the coinage of silver to the American product at the net cost of the actual expense of coinage, and we demand that silver as well as gold shall be a legal-tender for the payment of all just debts, both public and private."

**PENSIONS.**—"An overwhelming majority of the old soldiers of the Union know upon which party to depend for due recognition of their patriotic sacrifices and valorous services in crushing rebellion, and the Republicans of South Dakota only need assure them of the same justice and liberality in their behalf that have been declared heretofore and which have been so industriously promoted by South Dakota's Representatives of that party in Congress."

### **SOUTH DAKOTA DEMOCRATIC.** September 5, 1894.

**TARIFF.**—"We declare ourselves in favor of free trade, believing that as long as we have any tariff legislation, so long shall we have the heads of trusts, their attorneys and witnesses at Washington, and so long shall we have men in official positions who are too weak to rise above a handful of their constituents and vote

for the great mass of the people and for their country's good."

**CURRENCY.**—"We demand the coinage of both silver and gold under such conditions and at such a ratio as will maintain the parity of the two metals."

**INCOME TAX.**—"We congratulate the people on the establishment of the income tax by the Democratic party."

**PENSIONS.**—"We demand that the Government treat with liberality and with full appreciation of their heroism the old soldiers who offered their lives in the Nation's defence."

### **SOUTHERN AND WESTERN STATES SILVER.**

**June 13, 1895.**

The platform cited that silver and gold coin have in all ages constituted the money of the world; spoke of the evils that would follow demonetization of either metal, and declared that demonetization would be a crime. The resolutions advocated "the immediate restoration of silver to its former place as a full legal-tender standard money, equal with gold, and the free and unlimited coinage of both silver and gold at the ratio of 16 to 1, and upon terms of exact equality. That while we should welcome the co-operation of other nations, we believe that the United States should not wait upon the pleasure of foreign governments or the consent of foreign creditors, but should themselves proceed to reverse the 'grinding process' that is destroying the prosperity of the people, and should lead by their example the nations of the earth."

### **TENNESSEE REPUBLICAN.**

**August 22, 1894.**

**TARIFF.**—"We declare for a system of protective duties, adjusted so that every American resource can be developed by American labor, receiving American wages, and we insist upon a tariff bill that will accomplish this end, and hereby reaffirm our devotion to the doctrines of the Republican party and its policies as set forth in the National platform of 1892."

**MONEY.**—"The American people, from tradition and interest, favor bimetallicism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether silver, gold or paper, shall be at all times equal, and we are in favor of a circulating medium of volume sufficient to meet the demands of business and commerce."

**PENSIONS.**—"That the Republicans of Tennessee, ever mindful of the patriotic and loyal services of the veteran soldiers of the Republic, reaffirm their unswerving devotion to them and unreservedly condemn the present Administration for its illiberal, unjust and unpatriotic crusade against the Nation's defenders in the matter of pensions."

### **TENNESSEE DEMOCRATIC.**

**August 15, 1894.**

**TARIFF.**—Favors a "tariff for revenue only, and commends all legislation re-

ducing protective taxes as a step toward the consummation of the Jeffersonian policy, of 'free commerce with all nations.'"

**INCOME TAX.**—Favors a "Federal tax upon incomes as a fair, just and equitable method of raising revenue."

**FINANCIAL.**—Favors the bimetallic standard, the coinage, without reference to the policy of other nations, of both gold and silver in such manner as will maintain both metals in circulation at parity.

### **TENNESSEE POPULIST.**

**June 22, 1894.**

Demands a National currency safe, sound and flexible, issued by the general Government only, a full legal tender for all debts, public and private, and that without the use of banking corporations; a just, equitable and efficient means of distribution, direct to the people; free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1; that the amount of circulating medium be speedily increased to not less than \$50 per capita; a graduated income tax; that all State and National revenue shall be limited to the necessary expense of the Government economically and honestly administered; the abolition of the internal revenue laws.

### **TEXAS REPUBLICAN.**

**August 6, 1894.**

**TARIFF.**—"Believing in America for Americans, we affirm our allegiance to the National Republican platform as adopted at Minneapolis in 1892. We demand a tariff for the protection of all American industries, and articles which cannot be produced in the United States, except luxuries, should be admitted free of duty; and on all imports coming into competition with American labor there should be duties levied equal to the difference between wages at home and abroad. We condemn the action of our Texas Congressmen in so voting on a tariff as to blight the lumber, wool and other industries of our State."

**RECIPROCITY.**—"We condemn free trade with foreign nations in any form unless by reciprocity or treaties that will open up the markets of other countries to American producers. We believe in the Republican doctrine of protection by the general Government of life, liberty and property of every American citizen at home or abroad."

### **TEXAS REPUBLICAN ("LILY-WHITE").**

**August 30, 1894.**

**TARIFF.**—"We reaffirm the American doctrine of protection, and we favor more uniform protection to manufacturers and producers in every branch of industry which shall equal the difference between the compensation paid to American labor and the earnings of labor abroad. We denounce the attitude of the Democratic Congress in legislating against the industrial interests of the country. We denounce their flagrant discrimination against the agricultural and pastoral growth everywhere, while fostering the combinations and trusts of aggregated capital, creating and maintaining monop-

lies at the expense of every consumer and injury of the entire country. We point with pride to the success of the Republican policy of reciprocity, under which our interchange of trade had grown enormously, leading to free intercourse and freer commerce with every American nation, and we denounce the action of the Democratic Congress which has abrogated these trade relations to the injury of every interest and every point of the country."

**MONEY.**—"We are in favor of sound money—gold, silver and currency—its volume as large as practicable, so coined and issued that every dollar shall be equal in value the one to the other."

### TEXAS DEMOCRATIC.

August 6, 1895.

The platform commended the financial policy of the National Administration, and declared in favor of free coinage of silver on a ratio of 16 to 1, independent of international agreement.

### TEXAS POPULIST.

June 21, 1894.

**FINANCE.**—Demands a National currency "which shall be a full legal tender for all debts, public and private, and that without the use of banking corporations a just, equitable and efficient means of distribution direct to the people, at a tax not exceeding 2 per cent per annum, be provided, as set forth in the sub-treasury plan of the Farmers' Alliance, or some better system; also by payments in discharge of its obligations for public improvements"; also the free and unlimited coinage of silver and gold at the present ratio of 16 to 1, and that the amount of circulating medium be increased to not less than \$50 per capita.

**MISCELLANEOUS.**—Demands a graduated income tax; the establishment of postal savings banks; government ownership of railroads, telegraphs and telephones; the abolition of private banks of issue, whether they be State or National. Condemns the issue of gold bonds in times of peace.

### UTAH REPUBLICAN.

1895.

The first State Republican Convention of Utah was held at Salt Lake City August 28, 1895. The platform adopted was as follows:

"The Republicans of Utah, in convention assembled, congratulate the people of the Territory that the Republican party is again the dominant political organization of the Nation and of Utah, and proclaim to the people of Utah and of the United States that the supreme duty of this crisis is to declare a new National independence.

"Irrespective of the action of any foreign nation, we demand the remonetization and free and unlimited coinage of silver at the ratio of 16 to 1, and we pledge the Republican party of Utah to work for the accomplishment of this demand.

"We condemn the action of the present National Administration for issuing Government bonds in time of peace to meet a deficit caused by unwise and un-American

legislation, and for its unprecedented and unpatriotic coalition with a syndicate of foreign money lenders to procure the sale of Government bonds, adversely to the interests of the people.

"We favor the American doctrine of protection to home industries, established by the founders of the Government, re-established by the Republican party, and at all times practised by the pioneers and people of Utah.

"We condemn the failure of the Democratic Administration to open the Uncompahgre and Uintah reservations for settlement, and favor the cession of the unsold non-mineral public lands to the States and Territories, respectively, in aid of irrigation and the public schools.

"We pledge our unfaltering support to the public school system, and to every measure which will increase its power for good.

"We believe that public officers should receive fixed salaries, and we pledge the next Republican Legislature to enact laws to that end in accordance with the proposed Constitution.

"We demand the strictest economy in all public expenditures, that the taxes for the new State may be kept at the lowest limit.

"We heartily indorse the Constitution formulated and adopted by the Republican Constitutional Convention, and recommend its ratification by the people.

"We demand that the real estate belonging to the Mormon Church, and now held by the United States, be returned to the Church.

"We congratulate the women of Utah that the privilege of suffrage has been extended to them, and heartily welcome them into participation in public affairs.

"We condemn the National Democratic Administration for its weak and vacillating foreign policy and its failure to maintain the Monroe Doctrine, whereby the interests of the United States and her sister nations upon this Western continent have been imperilled.

"We denounce the Democratic party because it is opposed in its National legislation to all the material interests of this people.

"We denounce the Democratic party of Utah because it stuffed the ballot boxes in Weber, Salt Lake and San Pete counties in its endeavor to obtain control of the Constitutional Convention.

"We denounce the Democratic members of the Utah Commission as accessories to this attempted fraud."

### UTAH DEMOCRATIC.

September 5, 1895.

The platform of the first State Democratic Convention is as follows:

"The Democratic party of Utah, in convention assembled, reposing its trust in the intelligence, patriotism and justice of the people—standing on the Constitution as a foundation and limitation of the powers of the Government, as well as the guarantee of the liberties of the citizen—congratulate the Territory—now soon to be a State—on the assured success of the policy adopted by the National organization as laid down in all its platforms.

"For the Democracy of the entire Terri-

tory we reaffirm our faith in the permanence of Federal union and our devotion to the Constitution and the laws; and declare as cardinal doctrines of Democracy:

"First—Absolute acquiescence in the will of the majority as a vital principle of the Democratic party.

"Second—Total separation of Church and State for the sake alike of civil and religious liberty.

"Third—The liberty of the individual, unvexed by sumptuary laws.

"Fourth—Support by the State of the public schools.

"Fifth—The supremacy of the civil over the military power.

"Sixth—Exact equality of all persons before the law.

"Seventh—The right to a free ballot—the right preservative of all other rights.

"Eighth—That the Democratic party is the friend of the laboring man in every avocation of life, and will protect his interest alike against the aggressions of monopoly as well as the commune.

"We believe the restoration of the money of the Constitution is now the paramount issue before the country, and insist that both parties shall plainly state their respective positions upon the question, in order that the voters may intelligently express their preference. We therefore declare ourselves in favor of the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, as such coinage existed prior to 1873, without waiting for the aid or consent of any other nation. Gold and silver coin to be a full and legal tender for all debts, public and private.

"We denounce the Republican party for the demonetization of silver in 1873 and for its repeated acts of hostility toward its remonetization.

"We call attention to the fact that the country was in the throes of a financial panic when the Democratic Administration assumed control in 1893, and we congratulate the people upon the approaching reign of prosperity as a result of a Democratic reform of the tariff; and also to the fact that factories, foundries and mills have resumed work since the repeal of the McKinley law, and to the constantly advancing wages of workmen in almost every industry.

"We again express our hearty appreciation of the Democratic Congress and President in providing an enabling act, by virtue of which Utah is about to assume its position as a sovereign State.

"We commend the action of the Democratic members of the Constitutional Convention in surrounding the taxing and revenue raising power of the State by such restrictions and limitations as to preclude any squandering of public property in aid of private enterprises, and to confine the expenses of carrying on the public business within proper limits of economy, despite the almost unanimous opposition of a Republican majority. And we favor the adoption of the proposed Constitution.

"We congratulate the women of Utah upon their admission to equal political rights with men under the provisions of

the Constitution proposed, and the Democratic party for the earnest and able support of that measure by its representatives in the Constitutional Convention.

"We denounce as false the charge that the Democratic party of Utah has been guilty of stuffing ballot boxes or other election frauds, and condemn the Republican party for its unwarranted and libelous attack upon the majority of the Utah Commission, and deplore the lack of principle shown by its attempt, without any evidence and for partisan purposes, to besmirch the character of honorable citizens."

## VERMONT REPUBLICAN.

June 20, 1894.

**TARIFF.**—"We denounce as especially injurious to the State the provisions of the Wilson bill. We denounce the increase of the tax on the poor man's breakfast table, which is accompanied by a decrease in the tariff on articles of luxury. We denounce the Wilson bill as sectional in its provisions, subservient to gigantic monopolies, a menace to business interests, and we predict that if it becomes a law prosperity will not return to our land until the Republican party is again in power."

**SILVER.**—"We approve the strenuous efforts of the Vermont Senators and Representatives in Congress to render as harmless as possible the prospective tariff legislation. We favor the continued and extended use of silver in our circulation within the extent of the ability of the Government to preserve the present parity between gold and silver. To this end we will hail with enthusiasm all efforts of the Government to obtain an agreement with all other commercial nations to secure the free coinage of silver on any proper ratio."

## VERMONT DEMOCRATIC.

June 28, 1894.

**TARIFF.**—"We approve of the measures proposed by the representatives of the Democratic party in Congress for the relief of the country from unjust and discriminating tariff taxations. We denounce and hold the Republican party responsible for the present depressed condition of the country and do not allow their cowardly attempts at shifting their responsibility, as it was directly traced to the efforts of the McKinley Tariff act, which fostered temporarily extravagant and reckless financial business schemes to the present disastrous results. We demand a tariff which shall be a protection to American labor and keep the country in a steady and conservative condition and not a cause of such violent inflations and depressions as have occurred under the present McKinley bill."

**SILVER.**—"We recognize the fact that the progress of civilization has made the large nations of the world dependent upon each other financially, and we demand a currency that shall be of its face value in every part of the globe. We believe in gold and silver as a circulating medium, and that they shall be made of equal value, as demanded in the National Democratic platform of 1892."

**VIRGINIA DEMOCRATIC.****August 18, 1893.**

Reiterates the principles announced in the National Convention at Chicago, and urges the speedy enactment of such laws as will "carry out the provisions of that platform and relieve the country from the disastrous financial condition to which the unwise and reckless legislation of the Republican party has brought it"; insists upon such legislation as will provide for an expansion of the currency of the country sufficient to meet the business needs of the country without delay; indorses "the principles announced by the Chicago Convention upon the subject of tariff taxation and urges upon Congress the imperative duty of carrying into effect by appropriate legislation the declarations of that platform as soon as the more pressing needs of the currency problem have received attention"; recommends that the prohibitory 10 per cent tax on State bank issues be repealed.

**VIRGINIA POPULIST.****August 3, 1893.**

**FINANCE.**—"We favor the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1; a National currency safe, sound and flexible, a full legal tender for all debts, public and private, issued by the general Government only, based on its credit and not on its indebtedness, in volume sufficient to maintain a healthy condition of business, and distributed directly among the people, when demanded on the security of their property, at a reasonable rate of interest, under such system as the wisdom of Congress may devise. We are unalterably opposed to State banks, or any other than National currency, because of its undesirableness and because the Constitution of the United States conferred the power to issue money on the general Government only, and this power cannot be delegated."

**VIRGINIA PROHIBITION.****September 6, 1893.**

The last plank in the platform declares in favor of "a graduated income tax, supported by effective laws, that the poor man may not alone bear the burden of taxation, while the rich man, declining ownership of real estate because it can be listed and estimating his own wealth, possesses a pocket bulging with bonds upon which he defiantly pays no taxes." This is understood to mean a State income tax, though this is not made clear by the language of the text.

**WASHINGTON REPUBLICAN.****September 19, 1894.**

"We affirm our allegiance to the principles of the Republican party, and indorse unreservedly the platform of 1892, believing a return to these principles in the administration of the Government is absolutely necessary to insure a return of National prosperity.

"We deplore the great calamity that has befallen our common country by reason of the gross incompetency and misrule of the Democratic party, which for nearly two years has had absolute control of the Federal Government. We con-

demn it for its so-called policy of tariff reform, which in practice its leader and head denounces as one of 'perfidy and dishonor,' a policy which taxes the poor man's breakfast table for the sake of enriching its political friend and benefactor, the colossal Sugar Trust of America, a policy the very menace of which has destroyed confidence, ruined values, demoralized capital and starved labor."

**WASHINGTON DEMOCRATIC.****September 28, 1894.**

**TARIFF.**—"Resolved, That we earnestly and cordially indorse the efforts of the present Democratic Administration to reform the enormities of the Republican tariff system as indorsed in the late McKinley bill, and we heartily commend the bill recently passed by a Democratic Congress as an intelligent and patriotic step in the direction of an enlightened international policy, and which is approved by the highest statesmanship of the world. A policy which shall throw open the seaports of the United States, and particularly the seaports of our own State, to those raw staple products, such as wool, flax, hemp, jute and other staples, which experience has proven must ever be the basis of a sound manufacturing system. That by the importation into our own ports of these staples we shall at one and the same time encourage the building up of a State and local manufacturing system, which shall free our people from the exactions of manufacturing trusts 3,000 miles distant, and at the same time, by encouraging the importation of such staples, stimulate a system of international interchange and thus directly foster and encourage the export of our manufactured products, and other products in which we excel all the nations of the earth."

**MISCELLANEOUS.**—Approves of the policy of an income tax; demands the free and unlimited coinage of both silver and gold in the ratio of 16 to 1, and the passage of such laws as will make silver receivable for all debts, public and private, and be equal in purchasing power with gold.

**WASHINGTON POPULIST.****June 29, 1894.**

Demands "free and unlimited coinage of silver at the ratio of 16 to 1 without the consent of any other nation on earth."

**WEST VIRGINIA REPUBLICAN.****May 5, 1892.**

Reaffirms Republican platform of 1888, condemns the Gubernatorial steal four years ago, indorses protection as a principle, and commends the McKinley Tariff law and reciprocity; asserts belief in American ability to make all the tinplate consumed in the country, and exhorts all Americans to purchase American products in preference to imported goods; condemns the Free Wool bill as an unjust and hurtful attack on the agricultural interests of the country; demands better immigration legislation; regards as of highest importance that every dollar issued by the United States shall have a purchasing power of 100 cents, so that our gold, silver and paper issues may be kept on

an equal footing; favors liberal pensions and denounces as partisan the Democratic attacks on the present administration of the Pension Office.

### **WEST VIRGINIA REPUBLICAN, August 3, 1892.**

Indorses Minneapolis nominations and platform; policy of Protection as necessary to the development of the country; favors anti-Pinkerton law, and denounces Democratic State administration for creation of a State debt, legislative gerrymander and steal of the Governorship in 1889.

### **WISCONSIN REPUBLICAN, July 25, 1894.**

**TARIFF.**—"The present condition of the country resulting from the threatened change in its industrial policy by the Democratic party, the hundreds of factories and workshops closed down, the thousands of men out of employment, are the best witnesses which can be gotten to testify to the wisdom of the policy of protection to home industries which has always been sustained and fostered by the Republican party."

**FINANCIAL.**—"The Republican party is in favor of honest money. We are opposed to any scheme that will give the country a depreciated and debased currency. We favor the use of silver as a currency to the extent only that it can be circulated on a parity with gold."

### **WISCONSIN DEMOCRATIC, September 6, 1894.**

**TARIFF.**—"The new tariff law affords the country substantial relief, and is a broad stride in the direction of accomplishing the results that the Democratic party has so long contended for."

**SILVER.**—"By the repeal of the Republican measure known as the Sherman Silver law, the money of the country is restored to a sound basis, and no proposed legislation should be entertained which does not provide that every dollar issued by the Government should be of equal intrinsic and interchangeable value."

**INCOME TAX.**—"The income tax feature of the Tariff bill meets our approval."

### **WYOMING REPUBLICAN, September 27, 1894.**

**TARIFF.**—"We once more renew our allegiance to the Republican party, proclaim our devotion to its cardinal principles and again pronounce in favor of protection and reciprocity as expressed in the McKinley bill; and we demand the continuance of the tariff system as advocated by the Republican party for the past thirty years. We are opposed to the Democratic schemes of forcing the workmen of America to compete with the cheap labor of Europe and Asia, by admitting the products of such labor free, and we believe in the equal and full protection of life and property and the equal fostering and encouragement of every industry. We denounce the manifest incompetency of the Democratic party in the administration of National affairs as exhibited by its weak

and vacillating foreign policy, by the shameful violations of its party pledges, and by its repeated attacks upon the beneficial provisions of our tariff system, in consequence of which the business of the country has been prostrated and its industries paralyzed. We denounce the manifestly unwise and un-American tariff bill now pending in Congress as a measure calculated to protect trusts and to reduce American labor to the conditions known in foreign countries. We denounce all attempts on the part of the Democratic party to place our principal products upon the free list, thus directing a positive blow at the prosperity of our own State."

**PENSIONS.**—"We favor the payment of liberal pensions to the soldiers and sailors of the Union and to their surviving dependents, as a sacred obligation due from the entire people."

**SILVER.**—Favors the free and unlimited coinage of silver and gold at a ratio of 16 to 1, with full legal-tender functions accorded to each in payment of public and private debts.

**IMMIGRATION.**—Favors such restriction upon immigration as shall more completely protect the laborers of America.

### **WYOMING DEMOCRATIC, August 9, 1894.**

**TARIFF.**—"We regard the tariff question as settled by the overwhelming voice of the people in favor of such tariff taxes only as are needed to pay the expenses of the Government when economically administered. We condemn those representatives of the people in Congress and out who have stood in the way of the complete fulfilment of the promises of the party on this question. We accept the Wilson bill as it passed the House of Representatives as but a partial fulfilment of the promises of the Democratic party to reduce the tariff. We favor still lower tariff taxation for the relief of the people in these times of depression."

**SILVER.**—Favors the "free and unlimited coinage of gold and silver at the ratio of 16 to 1, without charge for mintage, and demand that the Nation return to such system of coinage at once without waiting for any other nation."

**INCOME TAX.**—Favors an income tax as a part of the fiscal system, recognizes the principle as safe and just, and welcomes it as a step toward the restoration of equality of taxation.

### **WHITE HOUSE EXPENSES.**

The contingent expenses of the Executive branch of the Federal Government for 1895, in addition to the salary of the President (amounting to \$50,000 a year), were \$43,200. These include the salaries of a private secretary, assistant secretary, executive clerk, disbursing officer, four clerks, steward, usher, five doorkeepers, four messengers, a watchman and an engineer; and the cost of stationery, record books, telegrams, library books, horses, harness, carriages, etc.

# ELECTION OF UNITED STATES SENATORS.

## ARKANSAS.

The Legislature met on January 29, 1895, and elected a Senator for the full six years' term beginning March 4, 1895, on the first ballot, the vote being: James H. Berry (Dem.), 99; William M. Fishback (Dem.), 19.

## CALIFORNIA.

Senator Leland Stanford died on June 28, 1893, and the Governor appointed George C. Perkins to the vacancy until the Legislature should meet and elect a successor. The Legislature proceeded to the election, each House voting separately, on January 22, 1895. The Senate took three ballots, the first being as follows: George C. Perkins (Rep.), 18; M. H. De Young (Rep.), 4; A. G. Booth (Rep.), 1; C. A. Felton (Rep.), 1; John Daggett (Dem.), 6; B. D. Murphy (Dem.), 2; W. W. Foote (Dem.), 2; J. G. Maguire (Dem.), 1; J. J. Dwyer (Dem.), 1; Dennis Spencer (Dem.), 1; John Boggs (Dem.), 1. The second ballot was the same, except that Murphy dropped one vote, Maguire got one more, Spencer was dropped, and Bart Burke and J. H. Seawell (Dem.) each got one vote. The third ballot resulted as follows: Perkins, 20; De Young, 4; Booth, 1; Daggett, 5; Foote and Maguire each 2; Murphy, Dwyer, Seawell and Boggs each 1. The Assembly made the choice on the first ballot, as follows: Perkins, 42; De Young, 12; Daggett and Foote each 7; J. H. Neff (Rep.), 5; W. W. Bowers (Rep.), 3; J. B. Stetson (Rep.), T. V. Cator (Pop.), O. A. Hall (Rep.) and John H. Wise (Dem.) each received 1. The two houses met in joint session on January 23, and confirmed the vote of the preceding day, resulting in the choice of George C. Perkins.

## COLORADO.

Each house of the Legislature voted separately on January 15, 1895, for the successor to Edward O. Wolcott (Rep.) for the six years' term beginning March 4, 1895. The vote stood: Senate—Wolcott, 16; Patterson (Pop.), 16; Thomas (Dem.), 1. House—Wolcott, 41; Lefe Pence (Pop.), 23. In joint session on the following day Wolcott was re-elected, the vote being: Wolcott, 57; Pence, 39; Thomas, 3.

## DELAWARE.

The election for a successor to Anthony Higgins for the six years' term from March 4, 1895, to March 4, 1901, was one of the longest contests on record, and it ended in a way to leave doubt whether the election of Henry A. Dupont (Rep.) would be contested or not. There were 217 ballots taken. The first ballot was taken on January 15, and the final one only a few moments before the hour on the day set for the adjournment of the Legislature, May 9. The joint Legislature was originally composed of 30 members—21 in the Assembly and 9 in the Senate, thus making 16 votes necessary to a choice. Governor Marvel died on April 8, and William T. Watson, president of the Senate, was sworn in as Governor on April 9. As the Constitution of the State prevents the Governor from holding two offices at the same time, the joint session of the Legislature

was reduced in number to 29, making 15 the majority vote.

The first ballot, on January 15, resulted as follows: House—Higgins (Rep.), 9; Addicks (Rep.), 5; Massey (Rep.), 1; Walcott (Dem.), 5; Tunnell (Dem.), 1. Senate—Higgins, 1; Addicks, 1; Massey, 2; Walcott, 5. This was a loss to Higgins of one vote from that given to him in the caucus the night before. The first joint ballot, taken on January 16, was: Higgins, 10; Addicks, 6; Massey, 3; Walcott, 9; Tunnell, 1. A second ballot on the same day showed no change. Subsequent ballots day after day showed no real change, only as a Republican or a Democrat would be absent. The forty-second ballot, on February 13, was: Higgins, 9; Addicks, 6; Massey, 4; Walcott, 6; Bayard (Dem.), 5. On March 21 Walcott withdrew his name and the ballot taken gave Higgins 7; Addicks, 5; Nields (Rep.), 7; Ridgely (Dem.), 10; Bayard, 1. Bradford (Rep.), who had received 6 votes on the day before, dropped out. The hundredth ballot, on April 2, showed as follows: Higgins, 9; Addicks, 4; Massey, 3; Pennewill (Rep.), 1; Ridgely, 9; Tunnell, 1. The 110th ballot on April 13 was: Higgins, 9; Addicks, 5; Massey, 4; Pennewill, 1; Ridgely, 9; Bayard, 1. The 114th ballot, on April 18, is thus recorded: Higgins, 10; Addicks, 5; Pennewill, 4; Ridgely, 9; Tunnell, 1. Two ballots, the 122d and 123d, were taken on April 26, when Mr. Massey's followers returned to him from Pennewill, and gave him 6 votes. The 127th ballot on April 30 showed no change from previous votes, except that Mustard (Dem.) received one vote. After the 132d ballot was taken, on May 6, Massey sent a letter to his supporters declining the further use of his name, the recorded vote being: Higgins, 6; Addicks, 6; Massey, 6; Pennewill, 1; Ridgely, 9; Tunnell, 1. The Massey men would not yield to either Higgins or Addicks, and continued to vote for their favorite candidate. Forty-two ballots were taken on May 8, the day before the time fixed for the adjournment, and the sensational incident of the day was the desertion from their leaders of the followers of Higgins and Addicks. The Higgins men voted for Henry A. Dupont and the Addicks men for William Dupont. On the fifth ballot of the day the Massey men, who had been voting for Pennewill, went over to H. A. Dupont. The sixteenth ballot of the day showed this vote: H. A. Dupont, 11; William Dupont, 7; Higgins, 1; Ridgely, 9; Tunnell, 1. On the thirty-third ballot of the day Hiram H. Burton (Rep.) got 8; W. Dupont, 10; H. A. Dupont, 1; Ridgely, 9; Tunnell, 1. The last ballot of the day was: William Dupont, 11; Burton, 7; Jolls (Rep.), 1; Ridgely, 9; Tunnell, 1. On the following day, May 9, a telegram was received from William Dupont declaring that his name had been used without his knowledge or consent. It being almost certain that Henry A. Dupont would get fifteen votes and thus be elected, J. Edward Addicks hit upon a desperate plan and Governor Watson was dragged into the joint session to act as a Senator, to thus prevent the Republicans from making fifteen votes a majority. This scheme was planned after

one of the Addicks men announced that he had concluded to vote for Dupont, which threw the other four Addicks supporters into dire confusion. The thirty-seventh ballot of the day resulted as follows: Dupont, 15; Addicks, 4; Rldgely (including Watson's vote), 10; Tunnell, 1. It was then a few moments within the hour of adjournment sine die, and Senator Alrichs demanded that Henry A. Dupont be declared elected Senator, he having received the majority vote of the joint Assembly, consisting of 29 members, inasmuch as Mr. Watson, who had assumed the presiding officer's chair, was Governor of the State and not a member of the Senate.

A scene of indescribable confusion followed, and the presiding officer declined to entertain any motions or appeals from his decisions. As the gavel fell and Governor Watson declared the joint Assembly dissolved, Mr. McMullen sprang to his feet and said: "As Speaker of this House, I declare Henry A. Dupont elected Senator."

### IDAHO.

The first ballot by the Legislature for a successor to George L. Shoup (Rep.), for the six years' term beginning March 4, 1895, was on January 15, by each house separately, the vote being: House—Shoup, 11; Sweet (Rep.), 13; Heyburn (Rep.), 2; Browne (Rep.), 1; Claggett (Pop.), 9. Senate—Shoup, 3; Sweet, 8; Claggett, 6; Regan (Dem.), 1. The first ballot of the joint session on January 16 was: Sweet, 21; Shoup, 15; Claggett, 15; Heyburn, 1; Browne, 1. There was practically little change in the ballot till January 24, when it stood: Shoup, 20; Sweet, 19; Claggett, 15. The final ballot, resulting in the reelection of Shoup, was on March 7, the vote being: Shoup, 27; Sweet, 12; Claggett, 14.

### ILLINOIS.

Shelby M. Cullom was nominated by the Republican legislative caucus on January 17 to succeed himself for the six years' term beginning March 4, 1895, receiving 103 votes to 21 votes cast for George S. Willits. On January 22 the two branches of the Legislature proceeded to the election, with this result: In the Senate, Shelby M. Cullom (Rep.), 32; Wayne MacVeagh (Dem.), 12. House—Cullom, 90; MacVeagh, 60. In the joint session on January 23 Cullom was declared elected.

### KANSAS.

On the tenth ballot of the caucus of the Republican members of the Legislature, taken on January 21, Lucien Baker was nominated for the term of six years beginning March 4, 1895. The two houses balloted separately on January 22, with the following result: Senate—Baker, 16; L. P. King (Pop.), 9; Dennison (Pop.), 8; Dester, 1; Daniels, 1; E. R. Ridgley (Pop.), 1; Botkin, 1. House—Baker, 91; King, 26; Ridgley, 1; John Martin (Dem.), 5; G. W. Glick (Dem.), 1. In the joint session on the following day Mr. Baker was elected with 104 votes.

### MASSACHUSETTS.

The election for a successor to George F. Hoar for the six years' term beginning

March 4, 1895, took place on January 15, each branch of the Legislature voting separately. The vote stood: Senate—Hoar (Rep.), 34; John E. Russell (Dem.), 4. House—Hoar, 181; Russell, 38. In joint session on the following day Senator Hoar was declared re-elected.

### MICHIGAN.

The Republican members of the Legislature met in caucus on January 2 and renominated James McMillan for the six years' term beginning March 4, 1895, and on the following day Julius C. Burrows was nominated for the seat made vacant by the death of F. B. Stockbridge, and filled pro tem. by John Patton, jr., the term expiring on March 3, 1899. The vote in caucus on the second ballot stood: Burrows (Rep.), 70; Olds (Rep.), 32; Patton (Rep.), 25; Hubbell (Rep.), 4. The Legislature in joint session on January 15 re-elected McMillan by a unanimous vote, John Donovan, the lone Democrat, voting for him. Burrows was elected for the short term, Donovan voting for John Strong (Dem.)

### MINNESOTA.

At the joint session of the Legislature on January 23, Governor Knute Nelson (Rep.) was elected on the first ballot for the full term of six years from March 4, 1895. The vote was as follows: Nelson, 102; Wasbburn (Rep.), 36; Comstock, 9; McCleary, 2; Donnelly, 13; Lind, 1; Mitchell, 4.

### MONTANA.

The Legislature voted for a Senator for the long term beginning March 4, 1895, and for the short term (seat vacant) ending March 3, 1899, on January 15. The vote for the six years' term stood: Senate—T. H. Carter (Rep.), 13; Hauser (Dem.), 6; Oker (Pop.), 1. House—Carter, 43; Hauser, 3; Oker, 13. The vote for the short term was: Senate—Lee Mantle (Rep.), 13; Clark (Dem.), 5; Ramsdell (Pop.), 1. House—Mantle, 43; Ramsdell, 13; Clark, 3. The election of Carter and Mantle was ratified in joint session on the following day.

### NEBRASKA.

Each house of the Legislature voted separately for Senator for the full term of six years, beginning March 4, 1895, on January 15, the result being: John M. Thurston (Rep.), 97; W. J. Bryan (Dem.), 17; W. J. Jones (Pop.), 18.

### NEW-HAMPSHIRE.

The caucus of the Republican members of the Legislature, held on January 10, 1895, renominated William E. Chandler to succeed himself for the full six years' term, beginning March 4, 1895. He was re-elected by the Legislature, the vote being: Senate—Chandler (Rep.), 18; Sinclair (Dem.), 1. House—Chandler, 243; Blair (Rep.), 1; Sinclair, 77.

### NEW-JERSEY.

In the caucus of the Republican members of the Legislature on January 14, 1895, General W. J. Sewell and Franklin Murphy were the only candidates, the former being chosen. At the session of the

Legislature on January 22, General Sewell was elected for the full term of six years, the vote being: Senate—Sewell, 14; Murphy (Rep.), 1; A. L. McDermott (Dem.), 5. House—Sewell, 49; Murphy, 5; McDermott, 6. The joint session officially declared the election of General Sewell on the following day.

### NORTH CAROLINA.

The Republican caucus met on January 14, 1895, and nominated Peter C. Pritchard (Rep.) to fill out the unexpired term of Zebulon B. Vance, deceased, and to succeed Thomas J. Jarvis, appointed pro tem. by the Governor. The vote stood: Pritchard, 32; Holton, 21. On January 15 the Republicans and Populists met in joint caucus and nominated Marion Butler (Pop.), to succeed Matt W. Ransom for the long term, beginning March 4, 1895. There was only one ballot taken, resulting as follows: Short term—Pritchard (Senate 44, House 73), 117; Overman (Dem.) (Senate 4, House 41), 45. Long term—Butler (Senate 44, House 73), 117; Mason (Dem.) (Senate 4, House 41), 45.

### OREGON.

The Republican members of the Legislature nominated Joseph N. Dolph on January 17, 1895, to succeed himself for the six years' term beginning March 4, 1895, receiving 42 votes. On January 22 each House voted separately, the vote being: House—Dolph (Rep.), 29; F. A. Moore (Rep.), 1; Governor Lord (Rep.), 1; W. D. Hare (Pop.), 7. Senate—Dolph, 19; Bennett (Dem.), 8; Hare, 3. In joint session on January 23 Dolph received 44, lacking two votes of a majority. The balloting continued with very little change until the twenty-third ballot, on February 24, when one of the Dolph men nominated George W. McBride, just fifteen minutes before the adjournment of the Legislature sine die. McBride was elected, the vote being: McBride, 72; J. H. Raley (Dem.), 6; Hare (Pop.), 10; J. K. Weatherford (Dem.), 1.

### SOUTH CAROLINA.

The Legislature, on December 12, 1894, elected B. R. Tillman (Dem.), for the six years' term beginning on March 4, 1895. There was only one joint ballot, the vote being: Tillman, 131; Butler (Conservative), 21; Murray (Rep.), 2; Crum (Rep.), 1.

### SOUTH DAKOTA.

The joint convention of the Legislature met on January 23, and re-elected Richard F. Pettigrew (Rep.) for the full term from March 4, 1895, to March 3, 1901, the vote being 100 for Pettigrew; J. C. Crawford (Pop.), 23; L. N. Crill (Pop.), 1.

### TENNESSEE.

Both Houses of the Legislature voted separately on January 22 for a Senator for the full term of six years, beginning on March 5, 1895, the ballot being: House—Isham G. Harris (Dem.), 60; E. J. Sanford (Rep.), 29; A. L. Mims (Pop.), 6. Senate—Harris, 19; Sanford, 10; Mims, 3. In joint session on the following day Har-

ris was re-elected, the vote being: Harris, 79; Sanford, 39; Mims, 9.

### TEXAS.

The Texas Legislature unanimously elected Horace Shilton (Dem.), on January 22, to succeed Richard Coke, for the full term from March 4, 1895, to March 3, 1901. There was only one ballot.

### WASHINGTON.

The first ballot for United States Senator to fill the vacancy existing by reason of a failure to elect at the session of 1893 was taken on January 23, 1895, resulting in no choice. Nine ballots in all were taken on January 23 and 24, without result, the Republican votes being divided between candidates. The Republicans met in caucus on January 31, and nominated John L. Wilson, who was elected on the twenty-eighth ballot, the vote being: John L. Wilson (Rep.), 80; H. C. Wallace (Dem.), 6; G. H. Westcott (Pop.), 24.

### WEST VIRGINIA.

Stephen B. Elkins was unanimously nominated at a caucus of the Republican members of the Legislature on January 11, 1895, for the full term of six years, beginning March 4. The Democrats nominated Johnson L. Camden, to succeed himself, on January 16. The election took place on January 23, the vote being: Elkins, 60; Camden, 29; Wirt R. Neal (Pop.), 2.

### WYOMING.

The Republican members of the Legislature in caucus on January 8, 1895, nominated Clarence D. Clark for the short term, which seat was vacant, and to end on March 3, 1899, and nominated Francis E. Warren to succeed Joseph M. Carey (Rep.), who did not get a single vote. The opposition to Senator Carey was due to his votes in the Senate against the free coinage of silver. Both Houses proceeded to an election on January 22, with the following result: Short term—Clark (Rep.), 47; Samuel T. Corn (Dem.), 6. For six years, from March 4, 1895, Warren (Rep.), 47; William H. Holliday (Dem.), 6. Only one ballot was taken and it was approved in joint session on the following day.

## POLITICAL MISCELLANY 1895.

**ARIZONA.**—The Legislature adjourned, by limitation, on March 22, amid scenes of great disorder. Action on the Appropriation bill was delayed till after the Legislature had lapsed by limitation, thus leaving all the Territorial institutions and officers without funds for the coming two years, unless an extra session is held and which can only be called by Congress.

**ARKANSAS.**—The following amendment to the Statutes was approved April 1, 1895:

"Whenever the adult inhabitants residing within three miles of any school-house, academy, college, university or other institution of learning, or of any church-house in this State, shall desire to prohibit the sale or giving away of any vinous, spirituous or intoxicating liquors of any kind, or alcohol or any compound or preparation thereof commonly called tonics or bitters, and a majority of such inhabitants shall petition the County Court of the county wherein such institution of learning or church-house is situated, praying that the sale or giving away of intoxicating liquors and alcohol enumerated in the premises be prohibited within three miles of any such institution of learning or church-house, said County Court, upon being satisfied that a majority of such inhabitants have signed such petition, shall make an order in accordance with the prayer thereof, and thereafter for a period of two years, and until upon a petition of a majority of the adult inhabitants of such territory the court shall make an order nullifying and revoking the former order, it shall be unlawful for any person to vend or give away any spirituous, vinous or other intoxicating liquors of any kind, or alcohol or any preparation thereof, commonly called tonics or bitters, within the limits aforesaid."

**COLORADO.**—On February 4, the Legislature passed a bill prohibiting the flying of any foreign flag in Colorado, except over the buildings occupied by the different consuls.

**INDIANA.**—The Legislative Apportionment bill was passed over the Governor's veto by both Houses on March 5. On February 23, Governor Matthews signed a bill providing for a new form of taxation. One of the provisions requires all taxable persons to list with the assessor all moneys loaned to building and loan associations; this means all paid-up and prepaid stock, which had hitherto been untaxed. The second feature requires that all greenbacks shall be taxed.

**IOWA.**—On April 2 the Supreme Court handed down a decision sustaining the constitutionality of the statute for the regulation of the liquor traffic, known as the "Mulct law." This law was passed by the Legislature as a compromise measure between license and prohibition. Under its provisions prohibition remains the general law of the State, but upon the petition of a majority of the voters of cities of over 5,000 population and of 65 per cent of the voters of counties

having no cities of that size, city councils and township authorities may impose a mulct tax of \$600 and upward a year upon places where liquor is sold, the payment of this tax to be a bar to prosecutions under the prohibitory law. The constitutionality of the measure was attacked in the lower courts immediately after it became a law.

**KANSAS.**—On April 6, the Supreme Court handed down a decision in the case of the Burlington Railroad against the Atchison County Commissioners (who had assessed the railroad property at its full value and other property in the county at 25 per cent of its actual value) that all property must be assessed on the same basis, corporations the same as individuals, and one class of property the same as another.

**MASSACHUSETTS.**—Boston's new charter was approved June 1. It provided as follows: That the term of the Mayor be increased from one to three years; a bipartisan Board of Elections succeeds the Boards of Registrars of voters; the Board of Commissioners of Public Institutions and Board of Survey are abolished; the confirming power of the Board of Aldermen is taken away, so far as relates to the offices created by the bill.

**MICHIGAN.**—The voters, at the election November 6, 1894, adopted the Constitutional Amendment by a vote of 127,758 for and 29,607 against, that soldiers, sailors and marines who reside at the soldiers' homes established by the State may acquire a residence where such home is located; also, by a vote of 117,088 for and 31,537 against, an amendment to the election laws was adopted, providing that no elector is qualified to vote unless he shall have resided in the State six months, and in the township or ward in which he offers to vote, twenty days next preceding the election. The amendments voted upon on April 1, 1895, providing for an increase in salaries of the Governor and other State officers, and to establish Circuit Court districts, was defeated. On March 25, 1895, the Supreme Court decided that the Anti-Fusion act passed by the Legislature is valid. The act provides that a candidate for an office, where he receives the nomination from more than one party, should elect before a given date on which ticket he would run. Failing to do this, his name would be placed on the first ticket certified to, but in no case could such candidate's name appear more than once on the official ballot. On April 4 the Legislature passed a bill wiping out Manitow County, a part going into Grand Traverse County and the remainder into Leelanaw County.

**MINNESOTA.**—On March 14, the Legislature passed the bill providing for the taxation of unused railway lands.

**NEBRASKA.**—The Legislature adopted the Golden Rod as the floral emblem of the State; also that the State shall be known as "The Free-Planters' State."

**NEW-JERSEY.**—On March 5, Judge Van Syckel filed a memorandum declaring

unconstitutional, the Short law under which Montclair and other Essex municipalities were incorporated. On March 14 the Elective Judiciary Act became a law, the Legislature passing it over the Governor's veto. The effect of the enactment of the law is to give the people the power to select their own county judges. On September 9, Justice Van Syckle, of the Supreme Court, Justice Lippincott concurring, rendered a decision declaring the law invalid, because it merely changed the name of the county courts, while it seeks to deprive the Governor of his constitutional right of appointing the judiciary. On September 16 Justice Magie filed an opinion dissenting radically from that taken by the other members of the court, and held that the act is constitutional. The bill providing that Lincoln's birthday (February 12) shall be a legal holiday was signed by the Governor on April 18, 1895.

**OHIO.**—The Circuit Court, on March 30, rendered a decision declaring the direct inheritance tax law, levied by the previous Legislature, as unconstitutional. The court held that it was in the nature of an excess tax upon the right or privilege of succession to property; also, that it was not uniform in its operation.

**SOUTH CAROLINA.**—The Act of Dec. 24, 1892, giving the State control of the liquor traffic, has been the cause of much contention between the courts and the State executives. The Supreme Court on April 19, 1894, declared the law to be unconstitutional. On July 23, 1894, Governor Tillman issued a proclamation to the effect that, the Supreme Court not having touched upon the act approved Dec. 23, 1893, which reaffirmed the act of 1892, it should be enforced by the constabulary. The Supreme Court on October 8, 1894, filed a decision declaring the law unconstitutional, Justices Pope and Gary concurring, and Justice McIver dissenting. Subsequently an action was brought in the United States Circuit Court which, on April 26, 1895, issued a temporary injunction against the enforcement of the law on the ground that it attempts to abridge the rights of citizens to import into the State for their own use and consumption such liquors as they may desire, and is thus a restriction and regulation of commerce between the States, and in conflict with Article 1, sections 8 and 9, of the Constitution of the United States. Governor Evans declared that he would not obey the injunction, and instructed the constabulary to go ahead with the seizures. On May 6 the case again came before the United States Circuit Court, and two days later a permanent injunction was issued restraining all persons, under any circumstances, from interfering with the transit or importation into the State of liquors of any kind, or of searching for them, or in any manner carrying out the provisions of the Dispensary law. At the November (1894) election the vote for a Constitutional Convention, to be held in September, 1895, was 31,402 for and 29,523 against. The ten days for the registration of voters for the election of delegates expired at 4 p. m., March 14, 1895, and immediately afterward a committee of

colored men filed a petition with Governor Evans, which stated that not more than 10,000 electors had been registered within the entire State, and that many more than 100,000 remained unregistered and disfranchised. The petitioners protested against the conditions which required electors to travel from 10 to 50 and 75 miles to the various county seats, exposing themselves to all sorts of weather for weeks in endeavoring to qualify themselves, and at the end of their waiting not getting an opportunity to register. On April 22 Judge Goff, of the United States Circuit Court, issued a temporary injunction restraining the officials from holding elections for a Constitutional Convention, on the ground that the Registration act of 1892 was unconstitutional; that there was sufficient fraud at the polls in the election of 1894 to vitiate the calling of a Constitutional Convention; that there was a conspiracy between Tillman, Evans and others to defraud the negro of his right of suffrage; that Governor Evans had sought to carry out the conspiracy by removing notaries for taking affidavits from negroes, and because of illegal acts by supervisors. Governor Evans declared that he should not obey the injunction, but that he would execute the laws of the State without fear of presumptive interference of a United States Circuit Court Judge. A hearing was had on the temporary injunction on May 2, by Judge Goff, who, on May 8, made the injunction permanent against the enforcement of the registration and election laws. On May 14 Governor Evans issued a proclamation denouncing the judges who had decided against the registration and election laws, and declaring that he would not convene an extra session of the Legislature to amend the laws, and that an appeal would be taken to the United States Supreme Court. The proclamation concluded with: "I appeal to the sovereign people of South Carolina, the wisest and the safest and purest tribuna, to protect their homes and liberties. They have never failed to respond to duty. The government of the people must and shall be perpetuated, and we are ready to lead the fight under the white man's flag." The United States Circuit Court of Appeals, through Judge Hughes, dissolved the injunction of Judge Goff on June 11.

See "South Carolina Constitutional Convention."

**TENNESSEE.**—The Governorship contest between Peter Turney (Dem.) and Henry Clay Evans (Rep.) will long be remembered by the people of the United States, for the reason that it commanded universal attention from the time that the Democratic House of Representatives adopted the resolution, on January 15, 1895, providing that the vote should not be counted until after an investigation of charges of fraud. The ten Populists and three Democrats voted with the Republicans of the Legislature in opposition to the measure. Governor Turney, who claimed to have been re-elected, continued to occupy his seat pending the investigation. Mr. Evans had obtained from every Sheriff in the State certified copies of the returns, which gave him a total vote of

105,134, a majority over Turney of 784. The Committee of Investigation was instructed to take evidence and report within forty days; that when the report should be made the joint convention should consider it, pass upon the objections, determine the contest and declare who had been elected, and that person should be inaugurated as early as practicable. The Investigating Committee made majority and minority reports on April 30. The majority reported in favor of seating Mr. Turney, and the minority reported in favor of seating Mr. Evans, who, according to the face of the returns, had 784 majority. The report of the minority added that if the investigation had been fairly conducted Mr. Evans's plurality would have been increased many thousands. The reports were discussed and on May 3, the vote being taken at midnight, the majority report was adopted by a vote of 71 to 57. Four Democrats were absent. Mr. Turney was sworn in on May 8, and inaugurated as Governor on the same day, the Republican and Populist members of the Legislature refusing to take any part in the ceremonies, but spending the day with Mr. Evans at Chattanooga.

WASHINGTON.—The Superior Court rendered a decision on April 15, 1895, that a marriage in any State in the Union between two parties, either of whom had been divorced in Washington, was illegal if contracted before the expiration of the statutory period of six months, within which an appeal may be taken.

### NEW-YORK.

ELECTION LAW.—The blanket-ballot law was approved by Governor Morton on May 29, 1895. Each ballot is to contain the names of all candidates, those of the various parties in parallel columns, headed by the chosen devices or emblems. The voter is to designate by a cross the candidate he desires to vote for. The days of registration in the interior cities are to be the fourth Friday and fourth Saturday, the third Friday and third Saturday before election day. The law requiring personal registration by farmers is abolished, but it is extended to villages having 5,000 population and over. The penal code was amended so to make any person guilty of a misdemeanor who shall vote or attempt to vote at a political caucus or convention without being entitled to do so; or who, by bribery, menace or other corrupt means, directly or indirectly, attempts to influence the vote of any person, or obstructs such person in voting, or prevents him from voting at such caucus or convention; or who, fraudulently or wrongfully, does any act tending to affect the result of an election at such caucus or convention; or who, directly or indirectly, receives money or other valuable thing before, at, or after such caucus or convention for voting or refraining from voting for or against any person at such caucus or convention.

POWER OF REMOVAL.—A law was passed by the Legislature of 1895 giving power to the Mayor of the city of New-York, elected for a full term, to remove

from office any person holding office by appointment from the Mayor (except judicial officers, for whose removal other provision is made by the Constitution), at any time within six months after the commencement of the term of office of the Mayor. After the expiration of the said period of six months any such public officer may be removed in the manner heretofore provided by law.

POLICE BOARD.—A law was also passed providing that the Police Commission of New-York City shall consist of four persons, who shall hold office for six years, unless sooner removed, and until their successors shall be appointed and have qualified. And at no time shall more than two of said Commissioners belong to the same political party. The law also provides that there shall be a Chief of Police; a Deputy Chief of Police; six Inspectors of Police; not more than fifty captains, and 2,482 patrolmen, in addition to sergeants, detective sergeants, doormen and surgeons. No person in the police force is permitted to contribute directly or indirectly to any political fund, or become a member of any political organization.

CITY MAGISTRATES.—An act of May 10, 1895, abolished the office of Police Justice in New-York City after June 30, 1895, and provided for the appointment of nine City Magistrates in their stead, three of whom are to hold office till July 1, 1899; three until July 1, 1902, and the others until May 1, 1905. The successors of the City Magistrates are to be appointed by the Mayor, as vacancies occur, and are to be appointed for terms of ten years. The same law provided for the appointment, by the Mayor, of five Justices of Special Sessions, to hold office for two, four, six, eight and ten years, respectively; and, when vacancies occur by expiration of term, the successors are to be appointed for terms of ten years.

JUDICIARY DISTRICTS.—A law of April 23, 1895, divided the State into four judicial departments as follows: First—County of New-York; Second—Counties of Kings, Queens, Richmond, Suffolk, Westchester, Rockland, Orange, Putnam and Dutchess. Third—The third, fourth and sixth judicial districts. Fourth—The fifth, seventh and eighth judicial districts. In each department, after January 1, 1896, there shall be an appellate division of the Supreme Court, consisting of seven justices in the first department, and of five justices in each of the others.

ZOOLOGICAL SOCIETY.—An act of April 26, 1895, incorporates the New-York Zoological Society for the purpose of encouraging and advancing the study of zoology, original researches in the same and kindred subjects, and of furnishing instruction and recreation to the people, with power to purchase and hold animals, plants and specimens appropriate to the objects for which said corporation is created.

WESTCHESTER ANNEXATION.—The bill providing for the annexation of 20,000 acres of land to New-York City heretofore included within the limits of West Chester, East Chester and Pelham was signed by the Governor on June 6, 1895. The annexed territory includes that lying

southerly of a straight line drawn from the point where the northerly line of the city meets the centre line of the Bronx River to the middle of the channel between Hunter's and Glen islands, in Long Island Sound, and also the village of Wakefield. It is made a part of the Twenty-fourth Ward and gives an additional population to the city of 17,000 persons. The Board of Supervisors of Westchester County, acting under a decision of the Court of Appeals upon the annexation of a part of the county to New-York, reapportioned the county into three Assembly Districts on October 7, 1895, as follows: First District: Yonkers, Mount Vernon and East Chester. Second District: Greenburg, Mamaroneck, New-Rochelle, Pelham, Rye, West Chester, White Plains, Harrison and Scarsdale. Third District: Bedford, Cortlandt, Lewisboro, Mount Pleasant, New-Castle, North Castle, Salem, Ossining, Poundridge, Somers and Yorktown. Mandamus proceedings to test the legality of the apportionment were brought before Justice Barnard on October 12, at Poughkeepsie, and an adjournment was taken till after election, it being agreed that a decision before election might disfranchise all the electors in Westchester County.

**BARBER LAW.**—A law was put into effect on June 1, 1895, forbidding barber shops to be kept open on Sunday in any city, town or village of this State (excepting in New-York City and Saratoga Springs, where barbers are permitted to remain open till 1 p. m. on Sundays), under pain of arrest, fine and imprisonment.

**FOREIGN FLAGS.**—On February 22 Governor Morton signed the Assemblyman Lawson bill prohibiting the display of foreign flags upon the public buildings in the State.

**NEW-YORK CITY ELECTIONS.**—The Legislature passed a bill, which became a law June 4, providing that the County Clerk and Register elected in New York in November, 1895, should serve for two years from January 1, 1896; that the District-Attorney, Sheriff, Controller and four Coroners elected in 1897, should serve for two years from January 1, 1898, and that the terms of office in each of the above cases should be for two years thereafter, in accordance with the new Constitution.

### BROOKLYN.

The Legislature's bill providing for the election of Aldermen by Senate districts was approved by the Governor on June 7, 1895. Four Aldermen are to be elected in each of the seven Aldermanic districts created. The boundaries of the districts are as follows: First District, the First, Second, Third, Fourth, Fifth and Sixth wards of Brooklyn; Second District, the Seventh, Thirteenth, Nineteenth and Twenty-first wards; Third District, the Ninth, Eleventh, Twentieth and Twenty-second wards; Fourth District, the Eighth, Tenth, Twelfth, Thirtieth and Thirty-first wards; Fifth District, the Twenty-third, Twenty-fourth, Twenty-fifth and Twenty-ninth wards, and such territory of Kings County as may here-

after become a part of the said city of Brooklyn; Sixth District, the Fourteenth, Fifteenth, Sixteenth and Seventeenth wards; Seventh District, the Eighteenth, Twenty-sixth, Twenty-seventh and Twenty-eighth wards.

Under an act of the Legislature, approved April 16, 1895, the town of Flatlands was merged in the city of Brooklyn on January, 1, 1896, to be known as the Thirty-second Ward.

### FOREIGN MISCELLANY.

**CANADA AND NEWFOUNDLAND.**—A convention was begun at Ottawa in March, 1895, to negotiate terms of union between Newfoundland and Canada, and after a prolonged consideration of the proposition, the Whiteway Government of Newfoundland rejected the final proposals on May 16.

Canada's terms included the assumption of \$10,000,000 of Newfoundland's debt, leaving \$5,000,000 to be assumed by the colony. The Dominion proposed to grant 80 cents per capita for the local administration, \$50,000 for legislation, \$150,000 for the Crown lands, and \$40,000 for police, in lieu of the formation of a militia body, a total of \$505,000. This was exclusive of the services to be taken over and maintained by the Dominion Government. These services now demand the expenditure of \$900,000, so that Canada conceded to Newfoundland the equivalent of \$1,405,000. The main objection to these proposals was that they left Newfoundland in debt nearly \$7,000,000, on which interest would have to be paid annually. Newfoundland demanded a bounty to fishermen, a subsidy of \$1,500,000, an additional \$100,000 for the Crown lands in Labrador and for the fisheries of the Maritime Provinces, an efficient weekly mail and passenger service to Halifax, bounties to local industries, and the establishment of a naval brigade. She reserved for herself all the precious metals in the colony.

The acceptance of Canada's proposals would have left a total annual deficit of \$520,000, which would have had to be made up by direct taxation in Newfoundland, besides another \$150,000 yearly after five years, when the colony would be obliged to operate the railway itself. Canada negotiated with the British Government, hoping to secure help to complete the railway. These negotiations failed, and Canada then made her last offer of \$6,000 a mile to complete the railway, Newfoundland to assume the remaining \$9,000 a mile. This was beyond Newfoundland's means, and the negotiations were broken off.

**CHINESE EXCLUSION LAW.**—The United States Supreme Court on May 27, 1895, decided the Geary Chinese Exclusion Act constitutional and incidentally affirmed the general right of the United States to exclude aliens of all kinds.

**FORMOSA.**—On May 25, 1895, it was announced that the island of Formosa had been added to the list of Republics. Tang Ching (hitherto Chinese Governor) was chosen President. The island had

been ceded to Japan in the treaty of peace with China, ratified on May 8, but before the Japanese Governor, Admiral Kabayama, could reach there and assume control of affairs the people declared their independence. The population, estimated at about 3,000,000, includes between 10,000 and 15,000 of the "Black Flags," an organization of Chinese brigands. The agricultural class is composed of poor and ignorant Chinese peasants, while the native inhabitants, who live in the interior, are savages. The island was turned over to the Japanese Governor by the Chinese Commission on June 2. The Republic collapsed early in June and Tang Ching fled.

**FRANCE.**—On April 21, 1894, the President signed a decree forbidding French diplomats, consuls, consular agents, etc., to marry without the consent of the Minister of Foreign Affairs. If an Ambassador, Minister, Consul or other French official desires to marry a foreigner, permission must be obtained from the Minister of Foreign Affairs one month before the first publication of the bans.

**GREENLAND.**—Dr. Nansen in the story of a journey across Greenland, recounted by him before the Berlin Geographical Society in 1890, stated that all Greenland south of latitude 75 degrees is covered with ice; but how far this icecoat extends over North Greenland is not accurately known. That it must extend beyond latitude 75 degrees is evident from the vast glaciers along the west coast. The glacier at Upernavik has a motion of 99 feet in 24 hours, or 49 inches an hour. The great glaciers, like the Humboldt, at 80 degrees latitude, do not show any considerable movement, and as Grinnell Land is not completely covered with ice, it is probable that the extreme north of Greenland is not wholly overlaid with an ice-covering. It is estimated that the thickness of the ice-coat is 5,000 to 6,000 feet over the valleys. As there is no melting of the surface ice, and practically no evaporation, the accumulation of ice is checked by the glacier discharge, and, apparently, by the terrestrial heat. Given the mean annual temperature of the island ice at minus 22 degrees Fahr., and the geothermic scale of depth of the ice at about 55½ feet per degree Fahr., the temperature of the ice would, even at 3,000 feet, stand at melting point. A melting process goes on at the bottom of the ice, and rivers pour into the sea from under the ice in winter as well as in summer, and the erosive force of such streams must be enormous.

**NORWAY.**—On Jan. 1, 1896, the local option law relative to the sale of spirits went into effect. One of the sections of the new statutes of this so-called Gothenburg scheme, also known as the "Samslag," provides that before it can be instituted in any locality a vote shall be taken, in which all men and women over 25 years of age have a right to take part, to decide whether the "Samslag" shall be established or maintained within the limits of the town or village. If a majority vote is against it, then prohibition is enforced for a period of five years, at the end of which time a new vote may be demanded if a sufficient number of the peo-

ple petition for it. Another provision gives the Government the right to 65 per cent of the profits of the sales of liquor where allowed, which percentage is to be utilized for an old-age pension fund. Fifteen per cent of the remainder will go to the commune for municipal purposes, and the other 20 per cent is to be distributed among the temperance societies and other institutions.

**VENEZUELA.**—Congress voted a law in 1894 decreeing that any person landing in Venezuela shall be recorded in a special register. After the name, profession and other information required from the newly arrived person has been recorded, a permit of sojourn will be issued to him. The enactment of such law is in order to prevent the immigration and residence in Venezuela of the "detritus," or "scum of other nations" so long as there are no extradition treaties covering such cases.

### JAPAN-CHINA WAR.

The "Yellow War," as that between Japan and China was called, beginning with the attack upon the Japanese column by the Chinese soldiers at Seoul, Corea, on July 23, 1894, and ending with the treaty of peace in April, 1895, was a war the record of which will occupy a prominent place in the future history of the world. No modern war shows such a record of successes as those achieved by the Japanese arms on land or sea. It was a record unbroken by a single serious reverse, and one which abounds in instructive lessons to students of military, and especially of naval, methods and tactics.

The beginning of the trouble dates back to the uprising of the peasantry in Chululdo, the granary of Corea, in May, 1894. The cause of the Agrarian uprising was the frightful oppression of the peasantry by the official classes. On May 16 the Government troops were defeated by the insurgents at Reisan, and Ming Ei-Shun, the Korean Minister of War, appealed to China for help to crush the insurrection, which was at once granted. Early in June about 2,000 Chinese landed on Corean soil, which was in violation of the terms of the convention between China and Japan that neither country should send troops into Corea without previously notifying the other. Japan made every effort to secure a peaceful settlement, offering China equal co-operation to carry out the necessary reforms in Corea, but China curtly rejected every proposition. Japan then set to work alone and found the friends of progress in Corea favorable, and proposals were submitted to a commission of fifteen Coreans. The treachery of the Mings, acting under the influence of the Chinese, caused an insolent reply; the Japanese were placed under surveillance, and the crisis came when the Japanese envoy sought an interview with the Corean sovereign on July 23. The Japanese column entered Seoul by the South Gate, and as the head of the line passed the Royal Palace it was fired on by the troops assembled there. The King then sent for the envoy, and the result of the conference was that the

King deposed the entire body of his treacherous councillors, appointed new officers, and proceeded to suppress the social and political abuses. The King made a formal resolve to free himself from the domination of China, and trust his destiny to the more liberal and civilizing influences of the Japanese.

Some of the principal events of the war which followed are as follows:

July 23, 1904—The Kow-Shing, a Chinese transport chartered from the English to carry troops to Corea, was sunk by the Japanese. Chinese warship Tsao-Kiang captured off Round Island.

July 30—Chin-Yuen, Chinese ironclad, was sunk by Japanese.

August 1—Japan declared war against China.

September 15—Engagement at Ping-Yang; Chinese abandoned place during night and Japanese took possession on following morning. Chinese lost 2,000 killed and wounded and 700 prisoners; Japanese loss, 192 killed, 487 wounded.

September 17—Yaloo River naval fight. Japanese had 11 ships; Chinese had 14 battle-ships and cruisers and 4 torpedo boats. Chinese cruiser Chin-Yuen was sunk after being struck 200 times; Chin-Yuen was also sunk. Yang-Wai was stranded, Tsao-Yung was set on fire and beached, Chen-Yuen had 120 shot-holes in her sides, and the Ting-Yuen was badly damaged. The Japanese vessels were little damaged. Fight lasted five hours, in which the Chinese had 600 officers and men killed, besides a large number wounded. The total loss to the Japanese was 67 killed and 197 wounded.

October 9—Che-Foo taken by Japanese.

October 24—Japanese forces invaded Chinese territory by crossing the borders into Manchuria.

November 19—The Chinese warship Chen-Yuen was stranded to avoid sinking by torpedoes.

November 21—Port Arthur was occupied by Japanese troops. The capture of Moukden followed immediately afterward.

December—Hai-Tcheng taken by Japanese.

December 20—Li Hung Chang was superseded in the chief command of the Chinese armies by Lin Kum Yo.

January 7, 1905—King of Corea announced with formal ceremonies the independence of his kingdom.

January 7—John W. Foster sailed from the United States for China, at the Chinese Emperor's request, to aid in the negotiations for peace.

January 10—Kai-Phing taken by the Japanese.

January 27—Wei-Hai-Wei invested by the Japanese.

February 4—Chinese battle-ship Ting-Yuen sunk by torpedo.

February 5—Battle-ship Lai-Yuen and two other Chinese warships sunk by torpedoes.

February 12—Chinese Admiral Ting sent to Japanese Admiral Ito a proposal to surrender all Chinese ships, arms, forts, etc., under his command. This was assented to and the surrender was completed on the following day. Ting and the other officers under him were reported to have committed suicide to escape the more dis-

graceful punishment by the Chinese Emperor.

February 12—Ning-Hai-Chu taken by Japanese.

March 4—Old city of Niu-Chwang taken by Japanese. Chinese loss, 1,880 killed and wounded; 500 prisoners. Japanese loss, 206 killed and wounded.

March 6—Ying-Chow, the port of Niu-Chwang, taken by the Japanese.

March 24—Li Hung Chang, as Chinese Peace Envoy, was shot at Simonoseki by a young Japanese, who was immediately arrested and sentenced to penal servitude for life.

Peace Negotiations—After the United States Ministers to China and Japan had, as agents, completed preliminary steps toward negotiations for peace the real movement began. Japan had announced at the outset its willingness to receive the Chinese envoys, provided they were clothed with full and absolute power. The meeting with the first envoys was held at Hiroshima on February 1, but when the credentials were exchanged those of China were found to be defective and the negotiations were suspended and the Chinese envoys were requested to leave the country as soon as possible. In addressing them Count Ito said that it was the wish of Japan to avoid results which had been the experience in the past, wherein treaties that had been solemnly concluded had afterward been repudiated by China without reason. The result was that China finally resolved, in the latter part of February, to make overtures in a form consonant with the traditions of diplomacy. She appointed Li Hung Chang, who remained practically Prime Minister, in spite of the machinations of his enemies, with full power to negotiate, and Mr. Foster as advisory counsel. Bona fide negotiations were begun on March 21, and the treaty of peace was signed at Simonoseki on April 16. These were the terms: The independence of Corea; the cession to Japan of the Liau Tong Peninsula and the Island of Formosa; the payment by China of an indemnity of \$100,000,000; and the opening of a large part of China to international commerce, especially for the introduction of machinery. Subsequently, on the strenuous demand of Russia, backed by Germany and France, Japan waived the cession of the Liau-Tong Peninsula, accepting in lieu thereof an additional indemnity of \$50,000,000.

### JAPANESE TREATY.

The new Treaty made between the United States and the Empire of Japan will go into operation on July 17, 1909, and remain in force for the period of twelve years from that date. Either party is allowed the right, however, at any time thereafter to give notice to the other of its intention to terminate the Treaty, and at the expiration of twelve months after such notice has been given the Treaty is to cease. The great principle of recognizing Japan's supreme right as a modern civilized nation to control its domestic affairs relating to imports, for which the United States had contended for many years, was made immediately operative

by a protocol. The United States is, therefore, the first Nation to make this recognition of Japan's remarkable progress toward civilization. The Treaty was concluded between the representatives of the two countries on November 22, 1894; the ratification was advised by the Senate on February 5, 1895; it was ratified by President Cleveland on February 25, and by the Emperor of Japan on February 27; the ratifications were exchanged at Washington on March 21, 1895, and the proclamation of the President bears the same date.

Article 1 declares that the citizens or subjects of either country shall have full liberty to enter, travel or reside in any part of the territories of the other, and shall enjoy full and perfect protection for their persons and property in whatever relates to rights of residence and travel; to the possession of goods and effects of any kind; to the succession to personal estate, and the disposal of property of any sort and in any manner whatsoever which they may lawfully acquire; in the right of private or public exercise of their worship and of burying their dead according to their religious customs. The subjects of either are also exempted from all compulsory military service, from all contributions imposed in lieu of personal service, and from all forced loans or military exactions or contributions.

Article 2 provides that there shall be reciprocal freedom of commerce and navigation between the two countries, but the stipulations contained in this and the preceding article do not in any way affect the laws, ordinances and regulations with regard to trade, the immigration of laborers, police and public security in force or which may be enacted in either of the two countries.

Article 3 provides that it shall not be allowable to search the premises, or examine or inspect books, papers, or accounts of the citizens or subjects of either country except under conditions and laws prescribed for citizens of the country.

Article 4 provides that no other or higher duties shall be imposed on the importations into either country than on the like article provided or manufactured in any other foreign country.

Article 5 provides similar conditions upon exports.

Article 6 prescribes that the citizens or subjects of either country shall enjoy a perfect equality of treatment with native citizens in all that relates to warehousing, bounties, facilities and drawbacks. Other articles follow governing importations, tonnage and harbor dues, etc., relating to maritime commerce.

Article 17 provides that the several foreign settlements in Japan shall, from the date the Treaty comes into force, be incorporated with the respective Japanese communes, and shall thenceforth form part of the general municipal system of Japan.

The new Treaty will be substituted for the treaties of 1854, 1858, 1866 and 1878, and all arrangements and agreements subsidiary thereto. Of the most immediate importance in the Treaty is the protocol providing that on April 21, 1895, the import tariff then in operation in Japan af-

fecting American goods should cease to be binding, and Japanese autonomy in customs duties should be complete. The protocol does not, however, limit or qualify the right of the Japanese Government to restrict or to prohibit the importation of any article which for sanitary reasons, or in view of public security or morals, might offer any danger. Pending the opening of the country to citizens of the United States the Japanese Government agreed to extend the passport system in such a manner as to allow citizens of the United States, on the production of a certificate of recommendation from the representative of the United States at Tokio, or from any of the Consuls of the United States at the open ports of Japan, to obtain passports available for any part of the country and for any period not exceeding twelve months from the Japanese Foreign Office at Tokio.

### MADAGASCAR.

The France-Madagascar war, which began on December 10, 1894, ended on September 30, 1895, by the surrender of the Malagassy capital, Antananarivo. The controversy between France and the island was of long standing. In 1891 John L. Waller, an American Consul, arrived at Tamatave and required recognition, technically termed the "exequatur." The French Resident assumed that it was his prerogative to determine upon the matter, but the Queen resented the claim as an interference with the internal administration of her realm. The Queen also protested against the interference by the French Resident in matters of trade and concessions to foreigners. The continued resistance to their policy of encroachment the French regarded as a just cause for war. Early in October, 1894, France sent its ultimatum to the Queen, which interdicted her from holding any relations with foreign Governments, or their representatives, except through the French Resident; that concessions to foreigners engaged in trade or industry must be submitted for approval; and that if the Queen declined to authorize the construction of harbors, roads, railways, canals, etc., the French were to have the right to construct them and to collect all tolls and dues. A week's grace was granted to the Queen to acquiesce, but as no response was made, the French envoy took his departure from the capital and went to Tamatave. A few weeks later the Queen sent her reply, which was, in effect, that the French Resident should become the intermediary between Madagascar and the Powers; that France might effect such public works on the island as the Hovan authorities should deem necessary; that the matters in dispute between France and Madagascar should be adjudged by a mixed court; that the boundaries of the French territory around Diego Suarez should be definitely ascertained, and that the Government should reserve the right to import arms and munitions of war.

This reply was not satisfactory to the French, and on November 27, 1894, the Chamber of Deputies voted a credit for the conduct of the war, and it began on December 10 by the French occupying

Tamatave. In April an additional force of 15,000 French troops, under command of General Duchesne, landed in Madagascar, after which collisions took place between them and the Hovas, the former being usually successful, especially when assisted by the French squadron. The French captured Maravay, Fort Dauphin, etc., and on September 30, 1895, entered Antanarivo, the Hovan capital. The Queen then concluded terms of peace with the French, the conditions being that the French should be permitted to maintain a rigorous protectorate; that Madagascar should not be annexed to France, but that the reign of the Queen should be continued; that the Prime Minister, husband of the Queen, should be exiled, and that the Hova Governmental organization should be retained, but upon such terms as would insure to the French exclusive control. France, then, has definitely added to her possessions one of the largest islands in the world, an island nearly 1,000 miles in length and 350 miles in width at the broadest part, with an area of at least 230,000 square miles.

The case of ex-United States Consul John L. Waller has also attracted universal attention toward Madagascar. He was commissioned as United States Consul at Tamatave, and the Hova Government granted him an exequatur in 1891. His successor was appointed in January, 1894, and he then secured a concession of about 144,000 acres of land on March 15, 1894, over and against the protest of the French Resident. Much of the land is rich and fertile, and in great demand for agricultural purposes, while the forests abound in mahogany, ebony and rosewood; but most valuable of all are the innumerable rubber trees. The French had long before set covetous eyes upon this land, and were determined to wrest it from the American. The first move was a proposition to Mr. Waller to relinquish the concession and to accept of 12,800 acres and sufficient money to develop and make it productive. This offer was rejected by Mr. Waller, and the French then declared the original lease null and void. This was done on May 16, 1894, but was in direct contravention to the France-Madagascar treaty of 1885, and with the treaty of 1883 between the United States and Madagascar, both of which were formed to protect concessions to American citizens. On July 18, 1894, the French Resident issued another semi-official note, in which it was declared that the French Government would consider as null and void any concessions granted to foreigners by the Hova Government, which had not been ratified by him and registered at the Presidency. Finally, on March 5, 1895, Mr. Waller was arrested and thrown into prison by the French authorities, and fifteen days later he was convicted by a French court-martial upon a charge of conspiring with the Hovas against the French, and was condemned to twenty years' imprisonment. The charge was that Mr. Waller had sent out private correspondence to his wife and others in violation of an order of the French Resident, on January 18, 1894, that all correspondence must be submitted for official examination. A petition, signed by members of the Chicago bar and others, urging President Cleveland to

do everything possible to secure the release of Mr. Waller from the French prison, was laid before the Secretary of State on October 19.

## NATURALIZATION LAWS.

**DECLARATION OF INTENTION.**—An alien seeking naturalization as a citizen of the United States must declare on oath before a Circuit or District Court of the United States, or a District or Supreme Court of the Territories, or a court of record of any of the States having common law jurisdiction and a seal and a clerk, at least two years before his admission that it is, bona-fide, his intention to become a citizen of the United States, and to renounce forever all allegiance and fidelity to any foreign State or ruler, and particularly to the one of which he may be at the time a citizen or subject.

**OATH ON APPLICATION FOR ADMISSION.**—At the time of his application for admission he must also declare on oath, before some one of the courts above specified, "that he will support the Constitution of the United States, and that he absolutely and entirely renounces and abjures all allegiance and fidelity to every foreign prince, potentate, State or sovereignty, and particularly, by name, to the prince, potentate, State or sovereignty of which he was before a citizen or subject."

**CONDITIONS OF CITIZENSHIP.**—It must appear to the satisfaction of the court to which the alien has applied for final admission that he has resided continuously within the United States for at least five years, and in the State or Territory where the court is held at least one year, and that during that time "he has behaved as a man of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the same."

**TITLES OF NOBILITY.**—If the applicant bears any hereditary title or belongs to any order of nobility, he must make an express renunciation at the time of his application.

**SOLDIERS AND NAVY SAILORS.**—Any alien twenty-one years old and upward who has been honorably discharged, having served five consecutive years, from the Army, Navy or Marine Corps of the United States, may become a citizen on his petition, without any previous declaration of intention, provided the court admitting such alien shall, in addition to proof of good moral character, be satisfied of the proof of the service and honorable discharge of such alien.

**MINORS.**—Any alien under the age of twenty-one, who has resided in the United States three years next preceding his twenty-first birthday, and has continued to reside therein up to the time he makes application to be admitted a citizen, may, after he arrives at the age of twenty-one, and after he has resided five years within the United States, including the three years of his minority, be admitted a citizen; but he must make a declaration on oath and prove to the satisfaction of the court that for the two years

next preceding it has been his bona-fide intention to become a citizen.

**CHILDREN OF NATURALIZED CITIZENS.**—The children of persons who have been duly naturalized, being under twenty-one at the time of the naturalization of their parents, shall, if dwelling in the United States, be considered as citizens.

**CITIZENS' CHILDREN BORN ABROAD.**—The children of persons who now are or have been citizens of the United States are considered as citizens, though they may be born out of the limits and jurisdiction of the United States.

**CHINESE.**—The naturalization of Chinese is prohibited by Section 14, Chapter 126, Laws of 1882.

**PROTECTION OF NATURALIZED CITIZENS.**—Section 2,000 of the Revised Statutes of the United States expressly declares that "all naturalized citizens of the United States while in foreign countries are entitled to and shall receive from this Government the same protection of person and property which is accorded to native-born citizens."

**THE RIGHT OF SUFFRAGE.**—The right to vote is conferred by the State, naturalization by the United States. In several States aliens who have declared their intentions enjoy the right to vote equally with naturalized or native-born citizens. But the Federal Naturalization laws apply to the whole Union alike, and no alien may be naturalized until after five years' residence, except an honorably discharged soldier or a person whose parents have been naturalized while he was under twenty-one years of age, as above recited. Even after five years' residence and due naturalization he is not entitled to vote unless the laws of the State confer the privilege upon him.

## COPYRIGHT IN THE UNITED STATES, ETC.

Under the International Copyright act (approved March 3, 1891; took effect July 1, 1891) any United States citizen, or citizen or subject of foreign nations granting copyright to United States citizens on substantially the same basis with their own citizens, or which become parties to an international agreement for reciprocity in copyright, who is "the author, inventor, designer or proprietor of any book, map, chart, dramatic or musical composition, engraving, cut, print or photograph or negative thereof, or of a painting, drawing, chromo, statue, statuette, and of models or designs intended to be perfected as works of the fine arts, and the executors, administrators, or assigns of any such person," may secure for 28 years the sole liberty of printing, reprinting, publishing, completing, copying, executing, finishing and vending the same; and, in case of a dramatic composition, of publicly performing or representing it or causing it to be performed or represented by others.

An amendment was made by Congress March 2, 1895, relative to penalties for a violation of the laws.

The applicant, on or before the day of publication in this or any foreign country, must deliver at the office of the

Librarian of Congress, or deposit in the mail within the United States, addressed to him at Washington, D. C., a printed copy of the title of the book, map, etc., or a description of the painting, drawing, statue, or model or design for a work of the fine arts for which he desires a copyright. He must also, not later than the day of publication in this or any foreign country, deliver at the Librarian's office, or deposit in the mail within the United States, addressed to him at Washington, D. C., two copies of a book, photograph, chromo or lithograph printed from type set within the United States, or from plates made therefrom, or from negatives or drawings on stone made within the United States, or from transfers made therefrom, or a photograph of a painting, drawing, statue, model or design. Free mailing labels are furnished by the Librarian. The legal fee for recording each copyright claim is 50 cents, and for a copy of this record (or certificate under seal of the office) an additional fee of 50 cents is required if certificate is wanted. For publications which are the production of persons not citizens or residents of the United States, the fee for recording title is \$1, and 50 cents additional for a copy of the record. Certificates covering more than one entry in one certificate are not issued. The Secretary of the Treasury prints weekly catalogues of copyright publications deposited, for distribution, at \$5 annual subscription.

Failure to deposit two copies forfeits copyright, and involves a penalty of \$25.

Proprietors of copyrights must send to the Librarian copies of all subsequent editions in which substantial changes are made. Authors have exclusive right to dramatize or translate their works copyrighted in the United States. An author or designer, or his widow or children, may secure an extension of the copyright for 14 years, by recording the title a second time within 6 months before the expiration of the first period. The penalty for unauthorized use of a copyright notice is \$100.

Each number of a periodical claiming copyright must be entered separately, the same as a book.

Every person who shall "without the consent of the proprietor of the copyright first obtained in writing, print, publish, dramatize, translate or import, or knowing the same to be so printed, published, dramatized, translated or imported, shall sell, or expose to sale" any copy of a copyrighted book, must forfeit every copy to the proprietor and is liable for damages in a civil action. In the case of paintings or statuary, the infringer forfeits \$10 for every copy he sells, possesses or exposes for sale. With other copyrighted articles, he forfeits the plates and \$1 for every sheet he possesses or exposes for sale. Persons purchasing for use, and not for sale, may import, subject to duty, not more than two foreign copies of a copyrighted book.

Switzerland, France, Belgium, Great Britain, Germany, Denmark, Portugal Italy and Spain have been admitted to the benefits of the new law. For an American citizen to secure copyright in Great Britain the title must be entered at Stationers'

Hall, London, the fee for which is five shillings; the work must be published in Great Britain simultaneously with its publication in the United States, and five copies of the publication are required.

A foreigner may secure copyright in France by depositing two copies of the publication at the Ministry of the Interior in Paris.

In Germany a foreigner must enter his work in the general registry book of copyrights at Leipzig, and have it published by a firm having its place of business within the German Empire.

Copyright in Canada has lately assumed serious complications. The Canadian authorities have presented to the British Government for approval an act requiring the manufacture of books within the Dominion as a condition of copyright, the claim being that by the Canadian Act of Confederation legislation on this subject was to be a prerogative of the Dominion. The approval of this act would contravene the guarantee of Great Britain to the United States of rights in the entire empire, which was the condition precedent of the admission of British subjects to the security of the American law. The British Government has refused to assent to the act in its present shape, and negotiations are now in progress looking to its modification. (Oct. 1, 1895.)

## TRADE MARKS LAWS.

The following classes may obtain registration:

1. (a) Any person, firm, or corporation domiciled in the United States or located in any foreign country which, by treaty, convention or law, affords similar privileges to citizens of the United States, and who is entitled to the exclusive use of any trade-mark and uses the same in commerce with foreign nations or with Indian tribes.

(b) Any citizen or resident of this country wishing the protection of his trade-mark in any foreign country, the laws of which require registration in the United States as a condition precedent.

2. Every applicant for registration of a trade-mark must cause to be recorded in the Patent Office—

(a) The name, domicile and place of business or location of the firm or corporation desiring the protection of the trade-mark, and the residence and citizenship of individual applicants.

(b) The class of merchandise and the particular description of goods comprised in such class to which the trade-mark has been appropriated.

(c) A description of the trade-mark itself, with fac-similes thereof, and the mode in which it has been applied and used.

(d) The length of time during which the

trade-mark has been used by the applicant on the class of goods described.

3. A fee of \$25 is required on filing each application.

An application will consist of a statement or specification, a declaration or oath, and the fac-simile with duplicates thereof. It shall contain a full and clear specification of the trade-mark, particularly discriminating between its essential and non-essential features. It should also state for what time the trade-mark has been used by the applicant, the class of merchandise, and the particular goods comprised in such class to which the trade-mark is appropriated, and the manner in which the trade-mark has been applied to the goods.

No trade-mark will be registered unless it shall be made to appear that the same is used as such by the applicant in commerce between the United States and some foreign nation or Indian tribe, or is within the provisions of a treaty, convention or declaration with a foreign Power, nor which is merely the name of the applicant, nor which is identical with a known or registered trade-mark owned by another and appropriated to the same class of merchandise, or which so nearly resembles some other person's lawful trade-mark as to be likely to cause confusion in the mind of the public or to deceive purchasers, or which is merely descriptive in nature.

All letters should be addressed to the Commissioner of Patents, Washington, D. C.

## SUGAR BOUNTY.

On September 5, 1895, R. B. Bowler, Controller of the Treasury, rendered a decision on the constitutionality of the sugar bounty appropriated in the Sundry Civil Bill by the LXXX Congress, the case being the claim of the Oxnard Beet Sugar Company, of Nebraska, for \$11,782 50. The Controller asserted his jurisdiction and his right to refuse payment of these bounties on the ground of the unconstitutionality of the appropriation. He quoted the decision of the Court of Appeals of the District of Columbia, in a suit brought for a mandamus to compel the Secretary of Treasury and the Commissioner of Internal Revenue to pay the sugar bounties provided by the McKinley law, and held, in substance, that the court having decided all such bounties to be unconstitutional, its decision was one of which he was bound to take cognizance. He quoted other decisions on this point and held that the claim was one involving a controverted question of law, coming directly within the provision of the statutes permitting an appeal from the decision of the Court of Claims to the Supreme Court of the United States, and thus obtain a final decision. He therefore ordered the papers to be returned to the Auditor for transmission to the Court of Claims, in accordance with the Revised Statutes, "in order that there may be furnished a precedent for the future action of the Executive Department in the adjustment of the class of cases involved in these sugar bounties."

## DIVORCE LAWS.

## CAUSES FOR ABSOLUTE DIVORCE.

**ADULTERY**—In all States and Territories, excepting South Carolina, which has no divorce laws.

**IMPOTENCE**—In all excepting Arizona, California, Connecticut, the Dakotas, Idaho, Iowa, Louisiana, New-Mexico, New-York, South Carolina, Texas and Vermont.

**DESERTION**—In all except New-York and South Carolina, as follows: Period: Six months' abandonment—Arizona. One year, in Alaska, Arkansas, California, Colorado, the Dakotas, Florida, Idaho, Kansas, Kentucky, Louisiana, Minnesota, Missouri, Montana, Nevada, Oregon, Utah, Washington, Wisconsin and Wyoming; two years, in Alabama, District of Columbia, Illinois, Indiana, Iowa, Michigan, Mississippi, Nebraska, North Carolina, Pennsylvania, and Tennessee; three years, in Delaware, Georgia, Maine, Maryland, Massachusetts, New-Hampshire, New-Jersey, Ohio, Texas, and West Virginia; five years in Rhode Island, or shorter term (in discretion of court), and Virginia; seven years, in Connecticut and Vermont.

**HABITUAL DRUNKENNESS**—In all except Maryland, New-Jersey, New-York, North Carolina, Pennsylvania, South Carolina, Texas, Vermont, Virginia and West Virginia. In Arizona divorce is granted for this cause to the wife only.

**CRUELTY, INHUMAN TREATMENT,**

etc.—In all except Maryland, New-Jersey, New-York, North Carolina, South Carolina, Virginia and West Virginia. For this cause in Alabama, Kentucky and Tennessee divorce is granted to the wife only.

**FELONY OR OTHER INFAMOUS CRIME**—In all except the District of Columbia, Florida, Maine, New-Jersey, New-Mexico, New-York, North Carolina and South Carolina.

**NEGLECT TO SUPPORT WIFE**—For six months, Arizona; for one year, California, Colorado, the Dakotas, Idaho, Nevada and Wyoming; for two years, Indiana; for three years, Delaware and New-Hampshire; time not specified, Maine, Massachusetts, Michigan, Nebraska, New-Mexico, Rhode Island, Tennessee, Utah, Vermont, Washington and Wisconsin (at discretion of court.)

**OTHER CAUSES**—Voluntary separation—Kentucky and Wisconsin. Former husband or wife living—Arkansas, Colorado, District of Columbia, Florida, Illinois, Kansas, Mississippi, Missouri, Montana, New-Jersey, Ohio, Pennsylvania and Tennessee. If member of religious sect which believes marriage unlawful—Kentucky, Massachusetts and New-Hampshire. Indicted for felony and fugitive from justice—Louisiana and Virginia. Husband indicted for felony and a fugitive—North Carolina. Refusal of wife to

"remove with her husband to this State"—Tennessee. Indignities to the person of the other to render his or her condition intolerable—Alaska, Arkansas, Missouri, Oregon, Pennsylvania, Tennessee, Washington and Wyoming. Conduct rendering it unsafe for wife to live with husband, or turning wife out of doors—Tennessee. Violent and ungovernable temper—Florida. Attempt by either upon the life of the other—Illinois, Louisiana and Tennessee. Gross neglect of duty—Kansas and Ohio. Wife given to intoxication—Wisconsin. Husband a vagrant—Missouri and Wyoming. Mental incapacity at time of marriage—District of Columbia, Georgia and Mississippi. Permanent and incurable insanity occurring subsequent to marriage—Arkansas. Incurable chronic mania, or dementia, of ten years or more existence—Washington. Any cause rendering marriage originally void—Maryland and Rhode Island. (See "Marriage Laws.") Marriage within prohibited degrees—Florida, Georgia, Mississippi, New-Jersey and Pennsylvania. Marriage by duress or fraud—Connecticut, Georgia, Kansas, Kentucky, Ohio, Pennsylvania and Washington. Marriage of either party under the age of consent—Delaware. When either party has obtained a divorce in another State—Florida, Michigan and Ohio. Defamation—Louisiana. Any other cause deemed by a court sufficient and when the court shall be satisfied that the couple can no longer live together—Washington. Insanity for six years—Idaho.

**LIMITED DIVORCE.**—Alabama, Arkansas, Delaware, District of Columbia, Georgia, Kentucky, Louisiana, Maryland, Michigan, Minnesota (in favor of wife only), Nebraska, New-Jersey, New-York, North Carolina, Pennsylvania (in favor of wife only), Rhode Island, Tennessee (in favor of wife only), Virginia, West Virginia, Wisconsin.

Alabama.—Courts of Alabama have decided that the Legislature cannot grant divorces.

#### PREVIOUS RESIDENCE REQUIRED.

Five years, Massachusetts (if when married both parties were residents three years); three years, Connecticut, New-Jersey; two years, District of Columbia, Florida, Indiana, Maryland, Michigan (when the cause for divorce occurred out of the State, otherwise one year), North Carolina, Tennessee; one year, Alabama (abandonment, three years), Arkansas and Vermont (if cause occurred out of the State), Colorado (unless cause for divorce occurred within the State, or while one or both of the parties resided in the State); Illinois (same as Colorado), Iowa, Kansas, Kentucky (if cause occurred out of the State, plaintiff must have been a resident of the State at time of occurrence), Maine, Minnesota, Mississippi (in case of desertion, two years); Missouri (same as Colorado), Montana, New-Hampshire, Ohio, Oregon, Pennsylvania, Rhode Island, Utah, Virginia, Washington, West Virginia, Wisconsin; six months, Arizona, California, Idaho, Nebraska, Nevada, New-Mexico, Texas, Wyoming; ninety days, the Dakotas.

The new divorce law of South Dakota reads:

A divorce must not be granted unless the

plaintiff is in good faith a resident of the State of South Dakota for at least six months preceding the granting of such divorce, and in no case shall a divorce be granted without personal service of the summons within the State, or personal service of the summons and complaint in case of non-residents without the State. If such personal service as aforesaid, within or without the State, be not had, then in that event the plaintiff shall not be entitled to a decree of divorce until the plaintiff shall have been a resident of this State one year preceding the granting of such divorce.

The statutory grounds remain the same as before. In effect the law requires a residence in South Dakota of three months before an action can be begun, and three months more are required before a decree can be granted. The weak point in the old divorce law was that in case the defendant could not be found, a decree could be obtained by default, but in such cases the courts always held that the defence could come in and reopen the case, which often resulted in embarrassing complications. The present law does away with the difficult feature.

**OKLAHOMA.**—Divorces granted prior to 1895 by Probate Courts are made legal; hereafter divorces can be had only through the District Court.

**SOUTH CAROLINA.**—The Constitutional Convention adopted a clause forbidding the passing of any laws by the State Legislature recognizing divorce.

### BALLOT REFORM.

The following States and Territories have adopted new ballot laws, based more or less on the Australian system: Alabama, Arkansas, California, Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New-Hampshire, New-Jersey, New-Mexico, New-York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Texas, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming.

Under the New-Jersey laws each party ticket is printed on a separate ballot. Connecticut uses the envelope system. In New-York and all the other States having the ballot-reform laws the single or "blanket" ballot is used; that is, all the names in nomination are printed on one sheet, the voter's choice to be indicated by marking.

The only States in which ballot-reform does not yet exist are: Florida, Georgia, Louisiana, North Carolina, South Carolina.

The Alabama Legislature, immediately after the conclusion of the campaign of 1892, enacted what is known as the Sayre Election law. This law in its general effect is a modification of the Australian ballot. But the Sayre law contains one provision which requires that election returns from no county shall record a number of votes greater than the registration list of that county warrants, and then it

goes on with almost preternatural ingenuity to guard against fraudulent registration lists. As soon as the registration is completed the lists are required to be displayed in the courthouse, where, during June and July, they are subject to inspection and to whatever investigation interested parties may see fit to prosecute. A false registration makes the offenders subject to prosecution for perjury and forgery, and the mere presence on the list of the name of a voter who did not actually register is held to be prima-facie evidence of guilt.

Everybody has heard of the "eight boxes" used in South Carolina. The law says:

"At each precinct a space or inclosure, such as the managers of election shall deem fit and sufficient, shall be railled off or otherwise provided with an opening at one end or side for the entrance of the voter, and an opening at the other for his exit, as a polling-place in which to hold the election for the State, circuit and county offices." The statute then declares that "but one voter shall be allowed to enter any polling-place at a time, and no one except the managers shall be allowed to speak to the voter while in the polling-place casting his vote."

The new method of voting in Australia, adopted in 1892, is thus described by Chief Justice Griffith, of Queensland: It allows the voter to indicate his first and second choice candidates by placing the figure 1 opposite the name of his first choice and the figure 2 opposite his second choice. Then if the first choice candidate proves to be unpopular, the first choice is disregarded, and the vote is given, according to the second choice, to some other candidate. By this means a great economy of votes is effected. Where there are three candidates the least popular candidate would fall of election and the votes of his supporters would go to one of the two remaining candidates according to the wish of the voter. In this way two minorities may become a majority. This method was described in The Tribune of October 28, 1891.

NOTE.—See "Tribune Almanac," 1893, for dates when ballot-reform laws passed.

## WOMAN SUFFRAGE.

Women have equal suffrage with men at elections in Colorado and Wyoming.

In Montana women who are taxpayers have the same voting privilege as men at elections.

Judge Dixon, of the Supreme Court of New-Jersey, on November 8, 1894, handed down a decision in the Vineland School case, which, in substance, declared that women can vote on all questions at school district meetings, but not for election of trustees. At the 1894 election the proposition to give women equal suffrage with men at elections was rejected by a vote of 130,129 against to 95,302 in favor.

The act of the Michigan Legislature of 1893 giving women the right to vote at municipal elections was declared uncon-

stitutional by the Supreme Court of that State in October, 1893.

Women formerly voted in Washington, but the Territorial Supreme Court subsequently decided against the right being given to them. When the State Constitution was adopted a clause allowing women to vote was defeated.

In some form, mainly as to taxation and school matters, women may vote in the following States and Territories: Arizona, Arkansas, Connecticut, Delaware, Idaho, Illinois, Iowa, Kansas, Massachusetts, Minnesota, Montana, Nebraska, New-Hampshire, New-York, North Dakota, Ohio, Oklahoma, Oregon, South Dakota, Vermont and Wisconsin.

The Suffrage Act of Ohio reads that every woman "born or naturalized in the United States," possessing the other necessary qualifications, may vote for school officers. A woman not born in the United States and who had not obtained naturalization papers, but whose husband had been naturalized, was denied the right to vote and the case went before Judge Ricks, who decided that, although a woman was born an alien, her marriage to a citizen of the United States made her a naturalized citizen. Unmarried women born in other countries are compelled to apply for naturalization before they can vote.

The Woman Suffrage law of California was declared unconstitutional early in March, 1875.

The Constitutional Convention of Utah adopted the clause on woman suffrage on April 5, 1895, by a vote of 75 to 13.

The New-York Legislature of 1895 passed an amendment to the Constitution providing for full woman suffrage, but it must be re-passed by the next Legislature to be of effect.

The Cape Colony, the Russian colonies in Siberia, Australia, New-Zealand and Tasmania have municipal woman suffrage. Iceland, the Isle of Man and Pitcairn Island have full woman suffrage.

EUROPE.—In England, Scotland and Wales women vote for all elective officers but members of Parliament. In France the women teachers elect women members of all boards of education. In Sweden women vote for all elective officers but Representatives; also, indirectly, for members of the House of Lords. In Norway they have school suffrage. In Ireland they vote for harbor boards, poor-law guardians, and in Belfast for municipal officers. In Russia women householders vote for all elective officers and on all local matters. In Finland for all elective officers. In Austria-Hungary they vote, by proxy, for all elective officers. In Croatia and Dalmatia they do so at local elections in person. In Italy widows vote for members of Parliament. In Prussia women vote, mainly by proxy, at local elections and for members of provincial Diets. In Belgium women taxpayers have municipal suffrage by proxy, and in Luxemburg for members of the Legislature also. In Switzerland women real estate owners have local suffrage in the canton of Berne. In Rumania women taxpayers have municipal suffrage by proxy. Women have full suffrage in Iceland.

## PRESIDENT OF THE UNITED STATES.

The act of Congress approved January 19, 1886, providing for the performance of the duties of the office of President in case of the removal, death, resignation or inability both of the President and Vice-President, is as follows:

"That in case of removal, death, resignation, or inability of both the President and Vice-President of the United States, the Secretary of State, or if there be none, or in case of his removal, death,

resignation or inability, then the Secretary of the Treasury, or if there be none, or in case of his removal, death, resignation or inability, then the Secretary of War, or if there be none, or in case of his removal, death, resignation or inability, then the Attorney General, or if there be none, or in case of his removal, death, resignation or inability, then the Postmaster General, or if there be none, or in case of his removal, death, resig-

nation or inability, then the Secretary of the Navy, or if there be none, or in case of his removal, death, resignation or inability, then the Secretary of the Interior shall act as President until the disability of the President or Vice-President is removed or a President shall be elected: Provided, That whenever the powers and duties of the office of President of the United States shall devolve upon any of the persons named herein, if Congress be not then in session, or if it would not meet in accordance with law within twenty days thereafter, it shall be the duty of the person upon whom said powers and

duties shall devolve to issue a proclamation convening Congress in extraordinary session, giving twenty days' notice of the time of meeting.

"Sec. 2. That the preceding section shall only be held to describe and apply to such officers as shall have been appointed by the advice and consent of the Senate to the offices therein named, and such as are eligible to the office of President under the Constitution, and not under impeachment by the House of Representatives of the United States at the time the powers and duties of the office shall devolve upon them respectively."

## TAXATION ON SHIPPING.

The following memorandum, prepared by the United States Commissioner of Navigation, relates to taxation of vessels:

"Vessels are not subject to Federal taxation in the United States except in the form of a few small fees on entry and clearance, for specific services and tonnage tax. As imposed under the act of June 19, 1886, these taxes do not put vessels of the United States at a disadvantage compared with the vessels of other nations; indeed, for the fiscal year 1893 American vessels paid \$70,019 tonnage taxes; foreign vessels, \$464,920, of which British vessels alone paid \$338,674. For purposes of comparison it may be noted that the total British subvention to steamships enrolled as cruisers by the Admiralty in this year's naval estimates is \$106,839, and that the British postoffice estimates for this year allow a loss of \$302,934 on the cost of mail transportation to the United States over receipts from such postage, which may be taken as a rough measure of subsidy under the form of mail contract.

"The only taxes, therefore, on vessel property which may be deemed to place vessels owned in the United States at a disadvantage, compared with vessels owned in other countries, are imposed by State tax laws. These have been modified by decisions of the Supreme Court of the United States, particularly in the case of the Philadelphia Steamship Company against Pennsylvania, 122 United States reports, 326, in which it is held:

"The corporate franchises, the property, the business, the incomes of corporations created by a State may undoubtedly be taxed by the State; but in imposing such taxes care should be taken not to interfere with or hamper, directly or by indirection, interstate or foreign commerce, or any other matter exclusively within the jurisdiction of the Federal Government."

"Since 1881 New-York State has exempted 'from all taxation for State and local purposes' all vessels registered in the State engaged in foreign commerce; and this exemption, drawn in the broadest terms, is to continue to the year 1922. Under the decision of the Supreme Court of the United States noted above, Pennsylvania levies no taxes on vessels in foreign commerce. Delaware imposes no taxes on vessels. Alabama exempts from tax vessels engaged in foreign trade. In the four States named vessels registered for foreign trade, in so far as taxation is concerned, are more advantageously placed than those subject to income tax in Great Britain, Germany and France.

"Massachusetts and Connecticut tax vessels in the foreign trade on the valuation of net earnings, not deducting insurance, for the preceding year, thus placing them substantially on an equality with vessels owned in Great Britain, France and Germany. New-Hampshire taxes vessels as 'stock in trade.' In the remaining twenty-one seaboard and lake States all vessels are taxed as personal property."

"While nominally assessments are at

the full valuation, the valuation varies not only in one State, as compared with other States, but also at different ports in the same State. The twenty-one States where this system obtains are Maine, Rhode Island, New-Jersey, Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida, Mississippi, Louisiana, Texas, California, Oregon, Washington, Ohio, Indiana, Illinois, Wisconsin, Michigan and Minnesota. In North Carolina, South Carolina and Georgia more or less elaborate systems of license charges and occupation taxes impose further burdens on shipping."

## PATENT OFFICE PROCEDURE AND STATISTICS.

Applications for United States patents must be addressed to the Commissioner of Patents, Washington, D. C., and signed and sworn to by the inventor. The invention must not have been in public use or on sale for more than two years prior to the application. The applicant must fully describe his invention and distinctly claim those parts which he believes to be new. The application must be illustrated with drawings when possible. When filed, a first fee of \$15 is payable, and a second fee of \$20 is exacted, if the application is allowed, before the patent will be issued. The patent runs 17 years from date of issue. Extensions can be obtained only by special act of Congress. A pamphlet of rules and forms is distributed free by the Commissioner of Patents. Suits to enjoin infringement of letters patent are brought by bill in equity in U. S. District or Circuit courts. The profits realized by an infringer can also be recovered.

The total number of United States Patents granted up to June 30, 1895, was 542,930. The total number of applications received for the fiscal year was 36,972 for patents, 1,453 for designs, 77 for reissues, 2,314 for caveats, 2,183 for trade marks and 318 for labels. The number of patents granted was 20,745. The number of patents which expired was 12,906, and the expenditures were \$1,038,166. The total balance to the credit of the Patent Fund in the United States Treasury on June 30, 1895, was \$4,566,757. The Patent Office Library contains 65,000 volumes. The model hall has 154,000 models. The office does not require models now, except in special cases.

Officers: President, C. W. Knapp, of the "St. Louis Republic"; vice-presidents, J. A. Butler, of "The Buffalo News"; secretary, W. C. Bryant, of "The Brooklyn Times"; treasurer, H. F. Gunnison, of "The Brooklyn Eagle"; Executive Committee, F. E. Whiting, of "The Boston Herald"; S. H. Kauffmann, of "The Washington Star"; W. H. Self, of "The Pittsburgh Times"; M. A. MacRae, of "The Cincinnati Post," and F. Driscoll, of "The St. Paul Pioneer Press."

## WEATHER SIGNALS.

The Weather Bureau furnishes, when practicable, for the benefit of the general public and those interests dependent to a greater or less extent upon weather conditions, the "Forecasts" which are prepared at the central office in Washington, D. C., and certain designated stations daily, at 10 a. m. and 10 p. m. for the fol-

lowing day. These weather forecasts are telegraphed to stations of the Weather Bureau, railway officials, postmasters, and many others, to be communicated to the public by means of flags or steam whistles. The flags adopted for this purpose are five in number, and of the form and colors indicated below:

## FLAG SIGNALS.

No. 1.  
White Flag.No. 2.  
Blue Flag.No. 3.  
White and Blue Flag.No. 4.  
Black Triangular Flag.No. 5.  
White Flag with  
bl'k sq. in centre.

No. 1 indicates clear or fair weather; No. 2, rain or snow; No. 3, local rain or snow; No. 4 always refers to temperature (when placed above Nos. 1, 2, or 3, it indicates warmer weather; when placed below Nos. 1, 2 or 3, it indicates colder weather; when not displayed, the indications are that the temperature will remain stationary); No. 5, a cold wave, or the approach of a sudden and decided fall in temperature. During the late spring and early fall the cold wave flag is also used as a frost warning flag to indicate anticipated frosts. When No. 5 is displayed, No. 4 is always omitted. A special (inland) storm flag, red, with black square in centre (not shown above), is prescribed for use in North Dakota, South Dakota, Minnesota (except at Lake stations), Iowa, Nebraska and Wyoming, to indicate high winds, accompanied with snow with temperature below freezing. When displayed on poles the signals should be arranged

to read downward; when displayed from horizontal supports a small streamer should be attached to indicate the point from which the signals are to be read.

Whistle Signals—The warning signal, to attract attention, will be a long blast of from fifteen to twenty seconds' duration. After this warning signal has been sounded long blasts (of from four to six seconds' duration) refer to weather, and short blasts (of from one to three seconds' duration) refer to temperature; those for weather to be sounded first: One long, fair weather; two long, rain or snow; three long, local rain or snow; one short, lower temperature; two short, higher temperature; three short, cold wave.

(By repeating each combination a few times, with an interval of ten seconds between, possibilities of error in reading the signals will be avoided, such as may arise from variable winds, or failure to hear the warning signal.)

## POSTAL INFORMATION.

### CLASSES OF MAIL MATTER.

Domestic mail matter is divided into four classes:

**First Class**—Letters, postal cards, and matter wholly or partly in writing, whether sealed or unsealed (except manuscript copy accompanying proof-sheets or corrected proof-sheets of the same), and all matter sealed or otherwise closed against inspection. Rates of postage—Two cents per ounce or fraction thereof. Postal cards, one cent each. On "drop" letters two cents per ounce or fraction thereof, when mailed at letter-carrier's office; and one cent per ounce or fraction thereof at other offices.

**Second Class**—Newspapers and publications issued at stated intervals as often as four times a year, bearing a date of issue and numbered consecutively, issued from a known office of publication, and formed of printed sheets, without board, cloth, leather or other substantial binding. Such publications must be originated and published for the dissemination of information of a public character, or devoted to literature, the sciences, art, or some special industry. They must have a legitimate list of subscribers, and must not be designed primarily for advertising purposes, or for circulation free, or at nominal rates. Rate of postage—For publishers and news agents, one cent a pound or fraction thereof. For others than publishers and news agents, one cent for each four ounces or fraction thereof.

**Third Class**—Books, periodicals and matter wholly in print (not included in second class), proof-sheets, corrected proof-sheets and manuscript copy accompanying the same. Rate of postage—One cent for each two ounces or fraction thereof.

**Fourth Class**—Merchandise—namely, all matter not embraced in the other three classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service, and not above the weight provided by law. Rate of postage—One cent per ounce or fraction thereof, but on seeds, cuttings, roots, scions and plants, one cent for each two ounces or fraction thereof.

### LIMIT OF WEIGHT.

A package must not exceed four pounds in weight, unless it be a single book. Second-class matter is not subject to the four-pound limitation.

### PAYMENT OF POSTAGE.

On first-class matter the postage should be fully prepaid, but if two cents in stamps be affixed the matter will be forwarded and remainder due collected of addressee before delivery.

On second-class matter the postage must be fully prepaid when sent by others than publishers or news agents.

On third-class matter the postage must be fully prepaid.

On fourth-class matter the postage must be fully prepaid.

### WHAT MAY BE WRITTEN OR PRINTED ON MAIL MATTER.

**Second Class**—Name and address of persons to whom the matter is to be sent; index-figures of subscription book printed or written; printed title of publication; printed or written name or address, without advertisement of publisher or sender;

written or printed words or figures, or both, indicating date on which subscription ends; correction of typographical errors, a mark except by written or printed words to designate a word or passage to which it is desired to call attention; the words "sample copy"; publishers' or news agents' bills, receipts and orders for subscription, but the same shall convey no other information than the name, place of publication, subscription price, and amount of subscription due. The number of copies inclosed may be indicated on wrapper or face of package.

**Third Class**—Sender's name and address, with the word "from"; marks other than by written or printed words to call attention to word or passage; correction of typographical errors; on the blank leaves or cover of any book may be placed a simple manuscript dedication or inscription not in the nature of a personal correspondence; upon the address side of wrapper, envelope, tag or label must be left space sufficient for legible address and necessary stamps.

**Fourth Class**—With matter of this kind may be inclosed any mailable third-class matter. On wrapper, cover, tag or label may be written name and address of sender, with word "from"; marks, numbers, names or letters for purposes of description, or same may be printed; any printed matter not in nature of a personal correspondence. On address side must be left space sufficient for legible address and necessary stamps.

### THE REGISTRY SYSTEM.

All mail matter, including drop letters, may be registered; but not matter addressed to fictitious names, initials or box numbers, or bearing vague and indefinite addresses.

The registry fee is eight cents in addition to postage. It must be prepaid by stamps affixed.

The rates of postage to all other countries and colonies (except Canada and Mexico) are as follows:

|  |          |
|--|----------|
| Letters, 15 grams ( $\frac{1}{2}$ ounce).....          | 5 cents. |
| Postal cards, each.....                                | 2 cents. |
| Newspapers and other printed matter, per 2 ounces..... | 1 cent.  |

### Commercial papers:

|   |          |
|---|----------|
| Packets not in excess of 10 ounces .....                                    | 5 cents. |
| Packets in excess of 10 ounces, for each 2 ounces or fraction thereof ..... | 1 cent.  |

### Samples of merchandise:

|  |          |
|--|----------|
| Packets not in excess of 4 ounces .....                                    | 2 cents. |
| Packets in excess of 4 ounces, for each 2 ounces or fraction thereof ..... | 1 cent.  |

Registration fee on letters or other articles .....

8 cents  
Ordinary letters for countries of the Postal Union (except Canada and Mexico) must be forwarded whether any postage is prepaid on them or not. All other mailable matter must be prepaid, at least, partially.

### CANADA AND MEXICO.

Matter mailed in the United States addressed to Canada or Mexico is subject to the same postage rates and conditions as it would be if it were addressed for delivery in the United States.

## TIN-PLATE INDUSTRY OF THE UNITED STATES.

The Tinned-Plate Manufacturers' Association of the United States issued a circular in March, 1895, giving the number of black plate (tin) mills in the United States, their capacity, etc. It showed that there were in this country, completed and in course of construction, thirty-four tin-plate works, with 166 mills. The capacity of these mills was estimated to ex-

ceed an annual production of 260,000 tons of finished product, and to give employment to 11,000 or 12,000 hands. The capital invested was about \$8,500,000, and the annual wages about \$7,000,000. Quoting from the circular, it says: "Less than four years ago no tin plates were made in this country. . . . The tin-plate clause of the McKinley bill went into effect on July 1, 1891. In less than a period of four years the American tin-plate industry has so developed as to more than meet the requirements of the home market. Such growth is unparalleled." The capacity of a mill in operation for forty-five weeks in a year is about 30,000 boxes, or 3,300,000 pounds. The capacity of the 166 mills in operation and the 58 prospective mills per annum is 6,720,000 boxes. The consumption of tin plates in the United States per annum is about 6,000,000 boxes; deducting the supply for the Pacific Coast (dressed meats and fish), and for Standard Oil Company, imported plates for export on which drawback is allowed (about 1,500,000 boxes), makes a net market of domestic plates for consumption of 4,500,000 boxes. The tin-plate works in England and Wales have an aggregate of 519 mills, and of this number 232 mills were idle in 1894. The following are the firms operating mills in the United States:

## THE EARTH.

The area of the earth is 197,500,425 square miles, of which 145,000,000 are of water and 52,500,425 of land; its circumference at the equator is 24,896,8214 statute miles. The diameter of the earth at the poles is 7,898.8809 statute miles, and at the equator 7,924.9111 statute miles. Of the principal land divisions, North America comprises 8,155,438 square miles; South America, 7,410,042 square miles; Europe, 3,807,115 square miles; Asia, 16,428,854 square miles; Africa, 11,500,000 square miles; Oceanica, 5,198,451 square miles. Among the highest mountains are

Mount Everest, India, 29,002 feet; Mount Dapsang, Thibet, 28,278 feet; Aconcagua, Chili, 22,422 feet; Chimborazo, Ecuador, 21,420 feet; Arequipa, Peru, 20,320 feet; Kilima-Njaro, East Africa, 19,600 feet; Logan, Canada, 19,500 feet, Elbous, Russia, 18,526 feet; Popocatepetl, Mexico, 17,784 feet; Mt. Blanc, France, 15,810 feet; Whitney, California, 14,898; Rainier, Washington, 14,444 feet; Pike's Peak, Colorado, 14,147 feet; Fremont's Peak, Wyoming, 13,576 feet. The largest lakes are Lake Superior, with an area of 32,000 square miles, and Lake Michigan, 25,600 square miles.

**AGRICULTURAL STATISTICS.**

The total acreage yield and value of principal farm products of the United States for 1894 were as follows:

**AMERICAN FLAG.**

The official National ensign contains 44 stars—four rows of seven stars each, and two rows (the upper and lower) of eight stars each. On July 4, 1896, another star will be added to the right of the fourth row from the top to represent the State of Utah. The official flags are of five sizes, as follows: 36 feet long by 19 feet wide; 27.2 feet long, 14.1-3 feet wide; 23.1 feet long, 12.1-5 feet wide; 16.9 feet long, 8.9 feet wide; 9½ feet long, 5.1 feet wide. June 14, the anniversary of the adoption of the "Stars and Stripes," is celebrated as Flag Day in very many of the States, especially by the children of the public schools. The first suggestion for such celebration was made by the Westchester County (N. Y.) Association of the Grand Army of the Republic.

The New-York Legislature passed a bill, which was approved by Governor Morton, February 22, 1895, prohibiting the display of foreign flags on any public building in the State. The Colorado Legisla-

ture passed a bill on February 4, 1895, prohibiting the display of any foreign flag in that State, except over the buildings occupied by the several consuls.

The above figures show an increase in construction over the year 1893, of 2,247.48 miles, against an increase in 1893 of 4,897 miles. The total number of corporations on June 30, 1894, was 1,924, an increase of 34 over the number in 1893; locomotives, 35,492, an increase of 704; cars—passenger, 32,911; freight, 1,201,273; company's service, 39,762. The total number of employees was 779,608, against 873,602 in 1893, a result of business depression and of the consequent economy on the part of the railways. The total railway capital on June 30, 1894, was \$10,796,473,813, a decrease per mile of line of \$470.

In many respects the North Pacific Ocean resembles the North Atlantic. A great warm current, much like the Gulf Stream and of equal magnitude, called the Black Stream or Japan current, runs northward along the eastern shore of Asia. Close to the east coast of Japan it flows through a marine valley, which holds the deepest water in the world. It was sounded at a depth of five and a quarter miles by the United States steamer Tuscarora in 1875, while surveying for a projected cable route between the United States and Japan. The heavy sounding-weight took more than an hour to sink to the bottom. But trial was made of a chasm yet more profound, where the lead did not fetch up at all. In November, 1895, a depth of 29,400 feet was attained without touching the bed of the ocean, in latitude 23 degrees 40 min. S.; longitude 175 degrees 10 min. W.

## SEA WATER'S SATURATION.

German scientists, who claim to have made most careful computations, declare that if all the salt in the sea waters of the globe was extracted, the amount would be greater than the land, so far as the latter appears above the surface. The statement is that the seas cover 73 per cent of the earth's surface, estimated at 9,260,000 (German) square miles. The percentage of chloronium in the sea is the same at all depths. Assuming that the average depth of the sea is a half (German) mile, there are then 3,400,000 cubic miles of sea water. A cubic mile of sea water contains, on the average, about twenty-five kilograms of salt. The 3,400,000 cubic miles of sea water would therefore contain 85,000 cubic miles of distilled pure salt.

## THE TRIBUNE FRESH-AIR FUND.

Organized in 1877, its object being to send children of the New-York poor into the country for a summer vacation of two weeks. Hospitable country people receive them, not as boarders, but give them food and lodging and freedom of the country grounds. 271,921 children have had the benefits of this fund, at an average cost of \$2.63. The fund is dependent upon voluntary contributions. The following table shows a continued and steady growth of the work from the beginning:

| Year.        | Number of Children sent for two weeks. | Number for one day. | Total No. of Beneficiaries. | Expenditures. | Cost per Child. |

**BEHRING SEA SEAL FISHERIES.**

(For proceedings of Commission of Arbitration see *Tribune Almanac* for 1894, pp. 198-200. For the regulations approved by Congress see *Tribune Almanac* for 1895, page 29.)

The regulations governing vessels employed in fur-sealing during the season of 1895, mutually agreed upon between the Governments of the United States and Great Britain, were signed on January 18, 1895, and were promulgated by President Cleveland on the following day. They were as follows:

**Article I**—Every vessel employed in fur seal fishing shall have, in addition to the papers now required by law, a special license for fur-seal fishing.

**Article II**—Before the issuance of the special license required by the fourth article of the award, the master of any sailing vessel proposing to engage in the fur-seal fishery shall produce satisfactory evidence to the officer to whom application is made that the hunters employed by him are competent to use with sufficient skill the weapons by means of which this fishing may be carried on.

**Article III**—Every sealing vessel provided with special license shall show, under her national ensign, a flag not less than four feet square, composed of two pieces, yellow and black, joined from the right-hand upper corner of the fly to the left-hand lower corner of the luff, the part above and to the left to be black, and the part to the right and below to be yellow.

**Article IV**—In order to protect from unnecessary interference sealing vessels within the area of the award during the close season (that is to say, between April 30 and August 1), but which have not violated the law, any sealing vessel lawfully traversing or intending to traverse the area of the award during the close season, on the way to her home port, or any other port, to or from the sealing grounds, or for any other legitimate purpose, may, on the application of the master, have her sealing outfit secured under seal, and an entry thereof made on her clearance and logbook, and such sealing up and entry shall be a protection to the vessel against interference or detention during the close season by any cruiser, so long as the seals so affixed shall remain unbroken, unless there shall be evidence of any violation of the fishery articles of the award notwithstanding.

**Article V**—Such sealing up and entry may be effected in port or at sea by any naval, consular or customs officer of the nation to which the vessel belongs. It may also be effected in the case of British sealing vessels at the Island of Attou, by any naval or customs officer of the United States in the absence of any British naval or consular officer. It may also be effected at sea as regards British vessels by the commander of a United States cruiser, and as regards United States vessels by the commander of a British cruiser. If the master shall so desire, the officer effecting the sealing up and entry shall deliver to him a certificate of the number of seals and sealskins

on board at that date, keeping a copy of the same.

**Article VI**—And whereas, by the sixth fishery article of the award, the use of nets, firearms and explosives is forbidden in the fur-seal fishery, but that restriction does not apply to shotguns, when such fishing takes place outside the Behring Sea, during the season when it may be lawfully carried on, and any sealing vessel having shotguns and ammunition on board may, before entering Behring Sea, on the application of the master, have the same secured under seal, and an entry thereof made on her clearance or log book; and such sealing up and entry may be effected in the same manner and shall afford the same protection against improper seizure or detention in Behring Sea during the season when the fishery may lawfully be carried on there, as the securing of sealing outfits under the last preceding regulation.

**Article VII**—Any vessel of the United States may obtain special license for fur-seal fishing upon application to the chief officer of the customs in any port of the United States, or to the United States consular office of any port in Japan, and complying with the requirements of these regulations.

**Article VIII**—The foregoing regulations are intended to apply only to the season of 1895.

On February 20 President Cleveland issued his annual proclamation, differing in no respect, except in date and signatures, from previous proclamations issued by the United States. The provisions of Section 1,956, Revised Statutes, and of Section 3 of the Act of March 2, 1889, are quoted. Those provisions forbid, under penalty of fine and imprisonment, the unauthorized killing of any fur-seal within the territory of Alaska "or the waters thereof," at any time, and prohibit all unauthorized persons from entering the waters of Behring Sea for this purpose. The proclamation simply follows the lines of the Revised Statutes of the United States, and makes no reference to the schedules of the Paris Tribunal of Arbitration, which establish a forbidden zone of sixty miles around the Pribyloff Islands, and only prohibits the killing of seals in Behring Sea outside that zone between May 1 and July 31 of each year.

**CLAIMS MADE BY GREAT BRITAIN.**

During the year 1894 claims were presented by Great Britain for "indirect and consequential damages" to vessels actually seized in Behring Sea, or warned out of it by the cruisers of the United States, amounting with interest to \$549,169.26. Considerable correspondence followed between Sir Julian Pauncefote, the British Minister, and W. Q. Gresham, the Secretary of State, resulting in an offer by the latter, by direction of President Cleveland, on August 21, 1894, to pay a lump sum of \$425,000 "in full satisfaction" of said claims, subject to the action of Congress on the question of appropriating the money. Sir Julian Pauncefote promptly accepted the offer, on the same day that it was made, on behalf of the alleged British subjects who were the claimants. On February 15, 1895, about two weeks

before the end of the LIII<sup>d</sup> Congress, an estimate for the appropriation of \$425,000 to carry out the agreement was received in the House of Representatives. When it came to a vote it was defeated by a vote of 113 yeas to 142 nays. An effort was then made to engraft the appropriation upon the General Deficiency bill in the Senate, but it was defeated by the objection of Senator Morgan, who had been a member of the Tribunal of Arbitration, and who declared that the just claims of the British subjects would not exceed, if they should amount to, the sum of \$80,000.

### FUR-BEARING ANIMALS.

The President issued a proclamation on February 18, 1895, promulgating the laws relative to fur-bearing animals in Alaska and Behring Sea, and warning all persons from violating the provisions of the law under the penalties provided. The special provisions are as follows:

"No person shall kill any otter, mink, marten, sable, or fur-seal, or other fur-bearing animal within the limits of Alaska Territory, or in the waters thereof; and every person guilty thereof shall, for each offence, be fined not less than two hundred nor more than one thousand dollars, or imprisoned not more than six months, or both; and all vessels, their tackle, apparel, furniture and cargo, found engaged in violation of this section shall be forfeited; but the Secretary of the Treasury shall have power to authorize the killing of any such mink, marten, sable, or other fur-bearing animal, except fur-seals, under such regulations as he may prescribe; and it shall be the duty of the Secretary to prevent the killing of any fur-seal, and to provide for the execution of the provisions of this section until it is otherwise provided by law; nor shall he grant any special privileges under this section."

Section 3 of the act entitled "An act to provide for the protection of the salmon fisheries of Alaska," approved March 2, 1889, provides:

"Sec. 3. That section 1,956 of the Revised Statutes of the United States is hereby declared to include and apply to all the dominion of the United States in the waters of Behring Sea; and it shall be the duty of the President, at a timely season in each year, to issue his proclamation and cause the same to be published for one month in at least one newspaper, if any such there be published, at each United States port of entry on the Pacific coast, warning all persons against entering said waters for the purpose of violating the provisions of said section; and he shall also cause one or more vessels of the United States to diligently cruise said waters and arrest all persons and seize all vessels found to be, or to have been, engaged in any violation of the laws of the United States therein."

### UTAH'S STATEHOOD.

The act of Congress of July 16, 1894, required the Governor of Utah Territory to order an election on November 6, 1894, for delegates to a Constitutional Convention. Under the provisions of this

act 107 delegates were elected. The convention assembled on March 7, 1895, and elected permanent officers, with John Henry Smith as chairman, as agreed on in the Republican caucus. The Democrats made no nominations. On the same day the convention adopted the following resolution:

"Resolved, That we, the delegates of the Constitutional Convention for and in behalf of the people of the proposed State of Utah, do hereby declare that we adopt the Constitution of the United States."

The convention continued in session 66 days, and after adopting the revised Constitution on May 8, 1895, by a unanimous vote of those present (only six delegates being absent), the convention adjourned sine die. The Constitution contains about 18,000 words, and is subdivided under twenty-four separate heads or articles.

Article 1, called the "Declaration of Rights," grants the inherent and inalienable right of all to enjoy and defend their lives and liberties; to acquire, possess and protect property; to worship according to the dictates of their consciences; to assemble peaceably, protest against wrongs, and petition for redress of grievances; to communicate freely their thoughts and opinions, being responsible for the abuse of that right; prohibits appropriations of public money for sectarian purposes, and provides for the punishment of offences.

Article 2 describes the boundaries of the State as follows:

"Commencing at a point formed by the intersection of the thirty-second degree of longitude west from Washington, with the thirty-seventh degree of north latitude; thence due west along said thirty-seventh degree of north latitude to the intersection of the same with the thirty-seventh degree of longitude west from Washington, thence due north along said thirty-seventh degree west longitude to the intersection of the same with the forty-second degree of north latitude; thence due east along said forty-second degree of north latitude to the intersection of the same with the thirty-fourth degree of longitude west from Washington; thence due south along said thirty-fourth degree of west longitude to the intersection of the same with the forty-first degree of north latitude; thence due east along said forty-first degree of north latitude to the intersection of the same with the thirty-second degree of longitude west from Washington; thence due south along said thirty-second degree west longitude to the place of beginning."

Article 3 provides that while perfect toleration of religious sentiment is guaranteed, polygamous or plural marriages are forever prohibited; that the people disclaim all right and title to the unappropriated public lands lying within the boundaries of the State; that lands belonging to citizens of the United States not living in Utah shall never be taxed at a higher rate than the lands belonging to residents of the State; that all debts and liabilities of the Territory, incurred by authority of the Legislative Assembly, shall be assumed and paid by the State; and that the public school system shall be free from sectarian control.

Article 4 prescribes the qualifications of

voters; fixes the time of general elections for the first Tuesday after the first Monday in November; specifies the oath or affirmation to be taken by all elective or appointive officers; and declares that "both male and female citizens of this State shall enjoy equally all civil, political and religious rights and privileges."

Article 5 provides that the powers of the Government of the State shall be divided into three distinct departments, the Legislative, the Executive and the Judicial.

Article 6 provides that the regular sessions of the Legislature shall be held biennially, and, except in first session, shall commence on the second Monday in January after the election of members of the House. The members of the House, after the first election, are to be elected on the first Tuesday after the first Monday in November, 1896, and biennially thereafter, their terms being for two years. The Senators are to be elected at the same time and place, and their terms are to be for four years; provided, however, that the Senators elected in 1896 shall be divided by lot into two classes, and the seats of Senators of the first-class shall be vacated at the expiration of two years, and those of the second class at the expiration of four years, so that one-half may be chosen biennially. The sessions of the Legislature are limited to sixty days.

Article 7 provides that the elective officers of the State Government and the salary of each shall be as follows: Governor, \$2,000; Secretary of State, \$2,000; State Auditor, \$1,500; State Treasurer, \$1,500; Attorney-General, \$1,500; Superintendent of Public Instruction, \$1,500. The term of office of each is four years, beginning on the first Monday in January next after his election, except that the terms of office of those elected at the first election are provided to begin when the State shall be admitted into the Union and end on the first Monday in January in the fourth year thereafter.

Article 8 provides for the Judicial Department, and divides the State into seven judicial districts, the judges of which shall be elected for four years, except that those chosen at the first election shall hold office until the first Monday in Jan., 1901.

Article 9 provides for the Congressional and legislative apportionment; for a census to be taken in 1905, and every tenth year thereafter. It also makes the number of State Senators 18, and of the Assemblymen 45. The Legislature may, however, increase the number of Senators and Assemblymen, but the Senators shall never exceed 30 in number, and the number of Assemblymen shall never be less than twice, nor greater than three times, the number of Senators. (See "Voting, Qualifications for.")

Article 10 is the education article, and provides for a public school system, including kindergarten schools, grammar grades, high schools, an agricultural college and a university.

Article 11 relates to the subdivisions of the State, such as counties, cities and towns, and the authority of their corporations.

Article 12, relating to private corporations, prohibits the organization of trusts, and forbids any railroad company to con-

solidate its stock, property or franchise with any other railroad company owning a competing line. Any person, corporation or agent hindering in any way any person from obtaining or enjoying employment already obtained from any other corporation or person shall be deemed guilty of a crime.

Article 13 provides for revenue and taxation, and specifies that the fiscal year shall begin on January 1. The rate of taxation on property for State purposes is not to exceed 8 mills on each dollar of valuation so long as the taxable property shall remain at less than \$200,000,000; five mills on a valuation over \$200,000,000 and less than \$300,000,000; and four mills whenever the valuation shall amount to \$300,000,000 or over, unless a proposition to increase such rate shall be voted by the people.

Article 14 provides for the contraction and payments of public debt.

Article 15 provides for a State militia.

Article 16 provides for a Board of Labor and prohibits the employment of women or children under the age of fourteen years in underground mines, the contracting of convict labor, or the employment of convicts outside prison grounds, except on public works under the direct control of the State; protects employes from political or commercial control; prohibits the exchange of black lists by railroad companies or other corporations or individuals; preserves the right of action to recover damages for injuries resulting in death, with no statutory limitation as to the amount recoverable; and constitutes eight hours a day's work on all works aided or carried on by State, county or municipal government.

Article 17 relates to the water rights of the State.

Article 18 provides for the preservation of the forests.

Article 19, on Public Buildings and State Institutions, fixes the location of the State capital, the State prison and the State fair at Salt Lake City; the State Reform School and the Deaf, Dumb and Blind Institution at Ogden; and the Insane Asylum at Provo.

Article 20 defines the public lands of the State and the manner in which they may be disposed of.

Article 21 relates to the payment of salaries and fees of State and local officials.

Article 22 provides for the selection of homesteads, and the rights of women to own and dispose of property.

Article 23 prescribes how amendments may be made to the Constitution.

Article 24, relating to the change from Territorial to State Government, provided that the question of the adoption of the Constitution should be voted by the people on November 5, 1895, and it should be in force from the day on which the President should issue his proclamation declaring the State to be into the Union; also that the terms of all the State officers (including members of the Legislature, judges, etc.) shall commence on the Monday next succeeding the issue of the proclamation. The same article provides for the carrying out of the laws, the prosecution of actions, the punishment of prisoners, etc.; also that the act to punish polygamy, approved February 4, 1892, shall continue in force.

## INCOME TAX.

"The Tribune Extra," one of the monthly publications of The Tribune, contains the full text of the Income Tax law, and also the new Tariff law, enacted in August, 1894. The Income Tax law went into effect on January 1, 1895, and was to continue in force until January 1, 1900. It provided that "there shall be assessed, levied, collected and paid annually upon the gains, profits and incomes received in the preceding calendar year by every citizen of the United States, whether residing at home or abroad, and every person residing therein, whether said gains, profits or income be derived from any kind of property, rents, interest, dividends, or salaries, or from any profession, trade, employment, or vocation carried on in the United States or elsewhere, or from any other source whatever, a tax of 2 per cent on the amount so derived, over and above \$4,000, and a like tax shall be levied, collected and paid annually upon the gains, profits and increase from all property owned, and of every business, trade or profession carried on in the United States by persons residing without the United States."

The law provided that in estimating the amount of income there should be included all income derived from interest upon notes, bonds and other securities (except such United States bonds the principal and interest of which are by law of their issuance exempt from taxation); also all profits realized within the year from the sale of real estate purchased within two years previous; interest received or accrued upon all notes, bonds, mortgages, or other forms of indebtedness, less the interest which had become due from said person, or which had been paid during the year; the amount of all premium on bonds, notes or coupons; the amount of sales of any production of the estate of such person, less the amount expended in its purchase or production; all other gains, profits and income derived from any source whatever, except that portion of the salary, compensation or pay received for services under the Federal Government, from which the tax has been deducted, or of other salaries from which the tax had been deducted from the employer.

On February 13, 1895, Congress extended the time of making the returns, in that year only, to April 15. Another amendment adopted was that in computing incomes the amounts necessarily paid for fire insurance premiums and for ordinary repairs upon any real estate should be deducted from the rents accrued or received from such real estate; also, that the amounts received as dividends upon the stock of any corporation, company or association should not be included in case such dividends were also liable to the tax of two per cent on the net profits of said corporation, company or association, although such tax may not have been actually paid by said corporation, etc.

On March 7, 1895, a suit was begun in the United States Supreme Court to test the constitutionality of the Income Tax law, and among the counsel who argued upon the questions at issue were Senator

Edmunds, Joseph H. Choate, James C. Carter and Attorney-General Olney. The case occupied several days and on April 7 the Court handed down its decision, declaring a very substantial part of the law unconstitutional, and as to other parts the Court was divided. The conclusions of the Court were as follows:

"1. That by the Constitution Federal taxation is divided into two great classes—direct taxes, and duties, imposts and excises.

"2. That the imposition of direct taxes is governed by the rule of apportionment among the several States, according to numbers, and the imposition of duties, imposts and excises by the rule of uniformity throughout the United States.

"3. That the principle that taxation and representation go together was intended to be and was preserved in the Constitution by the establishment of the rule of apportionment among the several States, so that such apportionment should be according to numbers in each State.

"4. That the States surrendered their power to levy imposts and to regulate commerce to the general Government, and gave it the concurrent power to levy direct taxes in reliance on the protection afforded by the rules prescribed, and that the compromises of the Constitution cannot be disturbed by legislative action.

"5. That these conclusions result from the text of the Constitution and are supported by the historical evidence furnished by the circumstances surrounding the framing and adoption of that instrument, and the views of those who framed and adopted it.

"6. That the understanding and expectation at the time of the adoption of the Constitution was that direct taxes would not be levied by the General Government, except under the pressure of extraordinary exigency, and such has been the practice down to August 15, 1894. If the power to do so is to be exercised as an ordinary and usual means of supply, that fact furnishes an additional reason for circumspection in disposing of the present case.

"7. That taxes on real estate belong to the class of direct taxes, and that the taxes on the rent or income of real estate, which is the incident of its ownership, belong to the same class.

"8. That by no previous decision of this Court has this question been adjudicated to the contrary of the conclusions now announced.

"9. That so much of the act of August 15, 1894, as attempts to impose a tax upon the rent or income of real estate without apportionment is invalid."

The Court is further of opinion that the Act of August 15, 1894, is invalid so far as it attempts to levy a tax upon the income derived from municipal bonds. As a municipal corporation is the representative of the State and one of the instrumentalities of the State government, the property and revenues of municipal corporations are not the subjects of Federal taxation, nor is the income derived from State, county and municipal securities, since taxation of the interest therefrom operates on the power to borrow before it is exercised and has a sensible

influence on the contract, and therefore, such a tax is a tax on the power of the States and their instrumentalities to borrow money, and consequently repugnant to the Constitution.

Upon each of the other questions argued at the bar, to wit: (1) whether the void provisions as to rents and income from real estate invalidates the whole act; (2) whether as to the income from personal property, as such, the act is unconstitutional as laying direct taxes; (3) whether any part of the tax, if not considered as a direct tax, is invalid for want of uniformity on either of the grounds suggested—the Justices who heard the argument are equally divided, and, therefore, no opinion is expressed.

On the question of the constitutionality of the taxation of incomes from State and municipal bonds the court was unanimously in the negative. On the question of taxation of rents the court is said to have stood: Affirming the law—Justices Harlan and White; opposed—Chief Justice Fuller, Justices Field, Gray, Brewer, Brown and Shiras. On the general question of the constitutionality of the law the court is said to have stood: For the law—Justices Harlan, Brewer, Brown and White; against the law—Chief Justice Fuller, Justices Field, Gray and Shiras.

After this decision of the court W. D. Guthrie was impressed with the idea that upon a rehearing a majority of the Court could be induced to declare the whole law invalid, and this led to an application for a rehearing. The application was granted and the Court convened for such rehearing on May 7. The arguments were made by Joseph H. Choate, W. D. Guthrie, Attorney-General Olney and Assistant Attorney-General Whitney.

The Supreme Court handed down its decision on May 20, declaring every provision contained in sections 27 to 37, to be unconstitutional, null and void. The vote of the Court was: Against the law—Chief Justice Fuller (Dem.); Justices Field (Dem.), Gray (Rep.), Brewer (Rep.), and Shiras (Rep.). Dissenting—Justices Harlan (Rep.), Brown (Rep.), Jackson (Dem.) and White (Dem.). The conclusions of the Court were:

"First—We adhere to the opinion already announced that taxes on real estate being undisputed direct taxes, taxes on the rents or income of real estate are equally direct taxes.

"Second—We are of opinion that taxes on personal property, or on the income of personal property, are likewise direct taxes.

"Third—The tax imposed by sections 27 to 37, inclusive, of the act of 1894, so far as it falls on the income of real estate and of personal property, being a direct tax within the meaning of the Constitution, and therefore unconstitutional and void because not apportioned according to representation, all those sections constituting one entire scheme of taxation are necessarily invalid.

"The decrees hereinbefore entered in this Court will be vacated; the decrees below will be reversed, and the cases remanded, with instructions to grant the relief prayed."

The opinion consisted of about 7,000

words. At the outset it dwelt upon the gravity of the responsibility involved in the decision of such a constitutional question. It repeated what the Court said in its decision of April 7, as to the power to lay direct taxes by the rule of apportionment of States, and continued: "Our previous decision was confined to the consideration of the validity of the tax on the income from real estate, and on the income from municipal bonds. The question thus limited was whether such taxation was direct or not, in the meaning of the Constitution, and the Court went no further as to the tax on the incomes from real estate, than to hold that it fell within the same class as the source whence the income was derived, that is, that a tax upon the realty and a tax upon the receipts therefrom were alike direct; while as to the income from municipal bonds, that could not be taxed because of want of power to tax the source, and no reference was made to the nature of the tax as being direct or indirect. We are now permitted to broaden the field of inquiry and determine to which of the great classes a tax upon a person's entire income, whether derived from rents or products, or otherwise, of real estate, or from bonds, stocks, or other forms of personal property, belongs; and we are unable to conclude that the enforced subtraction from the yield of all the owner's real or personal property, in the manner prescribed, is so different from a tax upon the property itself, that it is not a direct, but an indirect tax, in the meaning of the Constitution."

The Court said that Congress has power to apportion direct taxes among the States on the census basis, and then assess and collect them by taxes on the property or incomes of all persons in the State, unless the State meantime raises the tax in some other way. As to the general principle of the tax the Court said: "We are not here concerned with the question whether an income tax be or be not desirable, nor whether such a tax would enable the Government to diminish taxes on consumption and duties on imports and to enter upon what may be believed to be a reform of its fiscal and commercial system. Questions of that character belong to the controversies of political parties and cannot be settled by judicial decision. In these cases our province is to determine whether this income tax on the revenue from property does or does not belong to the class of direct taxes. If it does it is, being unapportioned, in violation of the Constitution, and we must so declare. . . . If it be true that the Constitution should have been so framed that a tax of this kind could be laid, the instrument defines the way for its amendment."

Taking the income tax as a whole the Court says: "It is evident that the income from realty formed a vital part of the scheme for taxation embodied therein. If that be stricken out and also the income from all invested personal property, bonds, stocks and investments of all kinds, it is obvious that by far the largest part of the anticipated revenue would be eliminated, and this would leave the

burden of the tax to be borne by professions, trades, employments, or vocations, and in that way what was intended as a tax on capital would remain in substance a tax on occupations and labor. We cannot believe that such was the intention of Congress."

Justice Harlan delivered the principal dissenting opinion. He argued against the decision that a tax on incomes derived from rents is a direct tax; that no apportionment among the States on the basis of population, to tax incomes, as proposed by the decision, can possibly be made without doing monstrous, wicked injustice to the many for the benefit of the favored few in particular States; and any attempt upon the part of Congress to apportion taxation of incomes among the States, upon the basis of their population, would, and properly ought to, arouse such indignation among the free men of America that it would never be repeated. Judge Harlan declared that under the decision the people of a State containing 1,000,000 inhabitants, who receive annually \$20,000,000 of income from real and invested property, would pay no more than would be exacted from the people of another State having the same number of inhabitants, but who receive an income from the same kind of property of only \$5,000,000; and if this new theory of the Constitution is justified by the fundamental law, the American people cannot too soon amend their Constitution. He also declared: "The judgment just rendered defeats the purpose of Congress by taking out of the revenue not less than thirty millions and possibly fifty millions of dollars, expected to be raised of incomes. We know from the official journals of both Houses of Congress that taxation would not have been reduced to the extent it was by the Wilson act but for the belief that if the country had the benefit of revenue derived from a tax on incomes it could be safely done. We know from official sources that each House of Congress distinctly refused to strike out the provisions imposing a tax on incomes. . . . If, therefore, all the income-tax sections of the Wilson act must fall because some of them are invalid, does not the judgment this day rendered furnish ground for the contention that the entire act falls when the Court strikes from it all of the income-tax provisions, without which the act would never have been passed?"

## HOW TO OBTAIN PASSPORTS.

Citizens of the United States only, upon application and the filing of proofs of citizenship, may obtain passports. The definition of citizen in this case is one born in the United States, or naturalized, or born in a Territory afterward annexed; an alien woman who marries a citizen, and minor children residents of the United States, whose father becomes naturalized. An applicant who is a native citizen of the United States must file an affidavit to this fact, stating age and place of birth, together with the certificate of one other citizen of the United States, to whom he is personally known, to the effect that the

declaration made by the applicant is true. The affidavit must have the certification of a notary public, under his signature and seal of office; but if there is not a notary public in the place the affidavit may be sworn to before a justice of the peace or other officer authorized to administer oaths. In case such officers have no seal, the official act must be authenticated by certificate of a court of record. If the applicant was born abroad and his father was a native citizen of the United States, the affidavit must state this fact, and that he had resided in the United States and was a citizen at the time of the applicant's birth. This affidavit must be sworn to and certified in the same manner as in the first-mentioned instance.

In the case of a naturalized citizen the certificate of naturalization must accompany the application for inspection (to be returned with the passport), together with an affidavit that the applicant is the person described in the certificate presented. Aliens who have declared their intentions only to become citizens cannot obtain passports. One of alien birth who has been honorably discharged from the Army, Navy or Marine Corps, but who has not been naturalized, should apply to the proper court for admission to citizenship, and transmit the certificate of naturalization so obtained. The wife or widow of a naturalized citizen must transmit the naturalization certificate of the husband, and state in her affidavit that she is the wife or widow of the person described therein. Children of a naturalized citizen, claiming citizenship through the father, must transmit the certificate of naturalization of the father, stating in their affidavits that they are children of the person described therein, and were minors at the time of such naturalization. The oath of allegiance to the United States will be required in all cases. Every applicant is required to state his occupation and the place of his permanent legal residence, and to declare that he goes abroad for temporary sojourn and intends to return to the United States with the purpose of residing and performing the duties of citizenship therein.

The application should be accompanied by a description of the person, stating the following particulars: Age, — years; stature, — feet — inches (English measure); forehead, —; eyes, —; nose, —; mouth, —; chin, —; hair, —; complexion, —; face, —. If the applicant is to be accompanied by his wife, minor children or servants, a single passport for the whole will suffice, but the names and ages of such persons and their relationship to the applicant must be given.

A passport is good for two years from its date, and no longer. By the Act of Congress approved March 23, 1888, a fee of one dollar is required for each passport, and that amount in currency, a postal note, or postal money order, made payable to the "Disbursing Clerk of the Department of State," should accompany each application. Communications should be addressed "Passport Division, Department of State, Washington, D. C." Each communication should give the postoffice ad-

dress of the person to whom the answer is to be directed.

Citizens of the United States desiring to obtain passports while in a foreign country must apply to the chief diplomatic representative of the United States in that country; or, in the absence of such official, then to the Consul-General, if there be one; or, in the absence of both such officials, to the Consul. Passports cannot be lawfully issued by State authorities or by judicial or municipal officials of the United States. Blank forms of application will be furnished by the State Department to persons wishing to obtain passports for themselves, the request stating whether the applicant is a native or naturalized citizen, or claims citizenship through the naturalization of husband or parent.

## FOUNDER OF NEW-YORK CITY.

The Mayor furnished the following information to a correspondent in Austria, early in 1895, relative to the name of the founder of New-York City:

All authorities agree that Peter Minuit, concerning whose nationality there is a difference of opinion, arrived in New-Netherlands on the Sea Gull, Skipper Tienpont commanding, on May 4, 1623. He was a director of the newly formed and powerful Dutch West India Company. There is also no divergence of opinion that it was the redoubtable Peter who purchased Manhattan Island from the Indians and founded in the same year, 1623, New-Amsterdam. New-Amsterdam afterward became New-York. Concerning Jesse de Forest, or as you put it, Jesse de la Forest, for which spelling there seems to be no authority, there is a disagreement among the historians. Most of our historians devote but little to Jesse. He was born in Avesnes, Department du Nord, France, in 1465. After a wandering life he found himself in Leyden in 1515. He was a dyer by trade, but was strongly possessed of a spirit of adventure and unrest that ruled so many European people in those days. In August, 1521, Jesse wrote a letter to England asking permission for fifty or sixty families of Walloons to settle in Virginia. The King referred the letter to the directors of the Virginia Company, whose terms were not acceptable to the would-be emigrants, who therefore remained in Leyden. Meanwhile the Dutch West India Company got its charter, and a party of Walloons were sent to America by the Dutch proprietors, in 1524. Eight men of these stayed on Manhattan Island, forming a settlement near the southern end, and were thus the first settlers here. This group has been referred to as "Jesse de Forest colony," but that Jesse ever came to New-Amsterdam is doubtful. As far as I know, there is no project on foot for a monument to Jesse, whose connection with the founding of New-York is too remote ever to receive such memorialization. If New-York City ever erects a monument in memory of its founder, Peter Minuit will come in for that honor.

Soon after this George W. Van Sicklen, of the Holland Society, wrote to Charles M. Dozy, Archivist of Leyden, Holland,

as to the historical facts. A part of Mr. Dozy's reply, dated February 24, 1895, is as follows:

I can assure you that all authorities agree that Peter Minuit arrived only in 1626. This is important, as the whole question depends on dates. I must, however, excuse Mr. Burrows for this mistake. As not a single date in his whole letter is correct, at least in the printed copy you sent me, I suppose that it is not his, but the printer's devil's fault.

Minuit was the third Governor of the colony; he organized the administration; he made a treaty with the Indians that rendered the Dutch proprietors of the whole island, instead of possessors only by right of first discovery of occupation; he fortified the settlement that had already existed three years. His importance for the colony should not be disregarded, but before his directorship, since 1623, there was a settlement on Manhattan Island that had already received important accessions from Holland, with a supply of live-stock and farming tools.

Jesse de Forest, born at Avesnes between 1570 and 1580, living in 1601 and 1608 at Sedan, and 1605 at Leyden, had applied in July, 1621, in the name of fifty-six Walloon families, who wished to go to Virginia, to the Ambassador of England at The Hague for permission and assistance from the king of that country. The royal answer was not satisfactory. In August, 1622, Jesse sent a petition to the State's-General of the United Provinces asking to be allowed to enroll Protestant families for emigration to the West Indies, as America was commonly called at that time. The Dutch West India Company, which was yet in process of organization, of course highly approved this project; it may be that the attempt of 1621 had fixed the attention of the directors on Jesse, and that they had encouraged him to his address to the Dutch Government. At any rate, the permission was granted, a ship was equipped, and in March, 1623, the New-Netherland left the Dutch shores with thirty families aboard. In May the mouth of the River Hudson was reached. One division of the colonists went on and built Fort Orange, the origin of the present Albany. But the other part settled on Manhattan Island, and the name of Valenbogh or Walloon Bay, the Wallabout of to-day, bears testimony to their being Walloons. It cannot be denied that from that fact—from the arrival of the New-Netherland in May, 1623—dates the permanent occupation of the site of New-York.

The assertion of Mr. Burrows that the Walloons of Jesse were sent to America by the Dutch proprietors in 1524 (he means 1624), a year after the purchase of the island in 1623, is in contradiction with the statement of the best historians of this part of American history, Brodhead, Baird, Riker, Grant Wilson and others. As for Jesse himself, Mr. Burrows is not alone in doubting that he ever came to Manhattan Island. Indeed, there is no testimony of his presence there; but almost all we know about the earliest history of New-York was discovered not long ago.

It was Jesse who had written the address to England and who was the advocate of the would-be colonists before the Ambassador; it was Jesse who had given the impulse to the expedition by his petition to the States, and had enrolled the emigrants. The doubt that he did not accompany them and the assertion that he went to Brazil and died there repose wholly on the misunderstanding by incomplete knowledge of an act of the Common Council taken from the Leyden archives. Gerard de Forest asked from the burgomasters the authorization to replace as a dyer his brother Jesse, "who had lately gone to the West Indies." The permission was granted on January 4, 1624, and as a naval military expedition left Holland on the 21st and 22d of December, 1623, it seemed to some authors likely that the word "lately" had relation to that expedition of a fortnight previous. They forgot that not the burgomasters, but Gerard, had used that word, and they did not know that he had used it before the date of that expedition, for it was exactly on December 21 that the magistrates sent the petition for advice to the Aldermen of the Dyers' Guild.

There had been no voyage to the West Indies at that moment "lately" other than that of the New-Netherland, and Gerard's expression could not relate to any other one. As there is no doubt that the first permanent settlement on Manhattan Island dates from May, 1623, the fact that Jesse de Forest prepared and organized that colonization and was almost certainly the leader of it gives him a right to be called the founder of New-Amsterdam.

### PENSION LAWS, ETC.

To obtain a pension the applicant must file his claim with the Commissioner of Pensions, Washington, D. C., setting forth the military or naval service of the applicant, and the nature and character of his disabilities; the application must also be signed by two persons as identifying the applicant. The Commissioner of Pensions will acknowledge the receipt of the application and order the applicant before surgeons appointed to make a physical examination. If actual disability is reported, the applicant will get a pension, otherwise the application will be rejected. Widows are required to make application in the same manner, and must furnish proof of marriage to the soldier or sailor by a verified transcript from the public record, or by affidavits of the person who performed the ceremony; or by affidavits of two witnesses of the marriage; or by the record of baptism of children. The widow must also furnish proof that she has not married since her soldier husband's death, and that she is dependent on her daily labor for support; also of the death of the soldier; also his identity if enlisted under an assumed name, and if she or her husband had been previously married, the death or divorce of husband or wife must be given. Children under 16 and dependent parents are entitled to pensions, but they must furnish proof that the death of the soldier or sailor was due to his services. Applications rejected by a Board of Pension Surgeons may be re-

considered on the evidence of two physicians that disability exists. Pensions for privates range from \$2 to \$30 a month in most cases, though \$72 a month is granted to those who have lost both hands, both feet or both eyes.

The number of pensioners on the rolls June 30, 1895, in each State and Territory was as follows:

In addition to the above there were 3,481 living in foreign countries, to whom \$695,353 was paid. Of these 1,737 were in Canada, who received \$343,740; 664 in Great Britain, who received \$136,452; 573 in Germany, who received \$117,751; 72 in Switzerland, who received \$14,796; 59 in France, who received \$12,124; and 67 in Mexico, who received \$13,768. The several pension agencies are located as follows: Augusta, Me.; Boston, Mass.; Buffalo, N. Y.; Chicago, Ill.; Columbus, Ohio; Concord, N. H.; Des Moines, Iowa; Detroit, Mich.; Indianapolis, Ind.; Knoxville, Tenn.; Louisville, Ky.; Milwaukee, Wis.; New-York City, N. Y.; Philadelphia and

Pittsburg, Penn.; San Francisco, Cal.; Topeka, Kan.; Washington, D. C.

The total number of pensioners dropped from the rolls during the year was 42,411, of whom 27,816 had died. Of the total of 970,524 pensioners on the rolls on June 30, 1895, they were classified as follows:

Widows and daughters of Revolutionary soldiers, 12; Army invalid pensioners, 352,453; Army widows, minor children, etc., 100,220; Navy invalid pensioners, 4,770; Navy widows, minor children, etc., 2,431; survivors of the War of 1812, 21; widows of soldiers of the War of 1812, 3,826; survivors of the Mexican War, 12,588; widows of soldiers of the Mexican War, 7,868; survivors of the Indian wars (1832-1842), 3,012; widows of survivors of the Indian wars (1832-1842), 3,911; Army nurses, 499. Act of June 27, 1890: Army invalid pensioners, 365,118; Army widows, minor children, etc., 95,696; Navy invalid pensioners, 12,997; Navy widows, minor children, etc., 5,104.

The following are the names of surviving widows and daughters (the latter designated by an \*) of Revolutionary soldiers on the pension rolls, June 30, 1895, their ages and places of residence:

Lovey Aldrich, 95, Los Angeles, Cal.; Nancy Cloud, 82, Chum, Va.; Susannah Chadwick,\* 80, Emporium, Penn.; Esther S. Damon, 81, Plymouth Union, Vt.; Sarah C. Hurlburt,\* 77, Chatham Valley, Penn.; Nancy Jones, 81, Jonesboro, Tenn.; Rebecca Mayo, 82, Newbern, Va.; Patty Richardson, 94, East Bethel, Vt.; Mary Snead, 79, Parksley, Va.; Ann M. Slaughter,\* 85, Mitchells Station, Va.; Asenath Turner, 90, Manchester, N. Y.; Nancy Weatherman, 85, Lineback, Tenn.

The following are the surviving soldiers and sailors of the War of 1812 on the pension rolls, June 30, 1895, with their ages and residences:

Hosea Brown, 103, Grants Pass, Ore.; Joseph Coffman, 93, Milsaps, Texas; Hiram Cronk, 95, North Western, N. Y.; Jarrot Curl, 99, Pine Wood, Tenn.; Andrew Franklin, 102, Burlington, Kan.; Jared Furgeson, 98, Decorah, Iowa; Elijah Glenn, 99, Newark, N. J.; James Hooper, 92, Baltimore, Md.; George W. Jones, 92, Dubuque, Iowa; Abraham Klock, 94, Brier Hill, N. Y.; John Lumberson, 89, Baltimore, Md.; Laman Lejeune, 99, Tibbodeaux, La.; Frederick C. Markle, 100, Hurley, N. Y.; Henry Morris, 95, Port Chester, N. Y.; William C. Moss, 92, Stonington, Conn.; Eleazor Smith, 99, Alexandria, N. H.; Edward Smart, 98, North Dixmont, Me.; Thomas M. Sturtevant, 95, Madison, N. J.; Isalah B. Sexton, 90, Sparta, Mich.; Jacob Thomas, 97, Millington, Mich.; William R. Yancey, 94, Daphne, Ala.

The amounts paid last year for pensions to the survivors and widows of the War of 1812, the Mexican War and the Indian wars of 1832-1842, were: War of 1812, \$545,506; Mexican War, \$2,235,723; Indian wars, \$777,527.

### CREMATION IN THE U. S.

The following table gives the name of each company in this country, date of incorporation, and the total cremations by each up to January 1, 1895. Coal, coke, wood, kerosene and natural gas are used as

fuel, according to construction of furnaces. The total number of members is about 8,000; number of adherents in the United States, based on number of incorporations, is about 100,000.

## OUR YOUNG PEOPLE'S CHRISTIAN UNION.

This is a society of the United Presbyterian Church of North America, organized in 1889. It has a membership of 33,746, and the number of local societies is 776, the objects of the society being the training of young people for Christian work in the congregation, and the develop-

ment of an earnest Christian life among its members. The principal officers are: Chairman of general committee, Professor John H. McMillan, Monmouth, Ill.; general secretary, Rev. J. A. Duff, Chicago, Ill. Next meeting, Omaha, Neb., August 19, 1896.

**THE EPWORTH LEAGUE.**

An organization of young people of the Methodist Episcopal Church, formed in May, 1889, by the union of five general societies to train them in experimental religion, practical benevolence and church work, and to promote intelligent and vital piety in the young members and friends of the church. There are now 19,200 local chapters, and over 1,250,000 members. The subordinate bodies are the Junior League and Epworth Guards. President, Bishop James N. FitzGerald, New-Orleans. Vice-presidents, W. W. Cooper, Kenosha, Wis.; Rev. W. I. Haven, Brookline, Mass.; R. R. Doherty, New-York; Rev. H. C. Jennings, Marshall, Minn. Secretary, Rev. Edwin A. Schell, central office, 57 Washington-st., Chicago. Treasurer, Charles E. Piper, 108 La Salle-st., Chicago. Next International Conference, Toronto, 1897.

**THE KING'S DAUGHTERS.**

CENTRAL COUNCIL.—Office, 156 Fifth-ave., New-York. President, Mrs. Margaret Bottoms; vice-president, Miss Kate Bond; general secretary, Mrs. M. L. Dickinson; treasurer, Miss M. P. Barker; corresponding secretary, Mrs. Isabella Charles Davis; recording secretary, Mrs. Robert Sturgis. Organized January, 1886. Its object is to "develop spiritual life and stimulate Christian activity." Its members, about 300,000, are bound to "serve the needy and the suffering, to consider the poor and be helpful in good work." The motto of the society is "In His Name." The badge is a small silver cross bearing the initials I. H. N. Any woman may form a branch by uniting other women with herself for joint effort in doing good. The corporate title of the society is: "The International Order of the King's Daughters and Sons."

**BROTHERHOOD OF THE KINGDOM.**

An interdenominational organization of men and women who believe in the Kingdom of God on earth, and who have united to re-establish that idea in the thought of the Church, and to assist in its practical realization in the world. Corresponding secretary, Walter Rauschenbusch, No. 407 West Forty-third-st., New-York City.

**BROTHERHOOD OF ST. ANDREW.**

An organization connected with the Protestant Episcopal Church. Its membership is limited to men only, and it is under the control of the bishops and clergy. It was organized as a parochial guild on November 30, 1883, and a general organization was effected October 23, 1886. There are now 1,123 chapters, with about 12,000 members.

The object of the Brotherhood is the spread of Christ's Kingdom among men. The methods employed are (1) daily prayer, (2) weekly personal effort to bring at least one man to a church service or a Bible class. The central office is at

No. 281 Fourth-ave., New-York City. The officers are: James L. Houghteling, president, No. 164 Dearborn-st., Chicago; John P. Faure, treasurer, and John W. Wood, secretary, No. 281 Fourth-ave. Next convention, October, 1896, Pittsburg, Penn.

**AMERICAN INSTITUTE OF CHRISTIAN PHILOSOPHY.**

Organized in 1881 to cultivate the study of the relations between science and religion, but mainly to produce and circulate literature antagonizing agnosticism and materialism. President, Henry M. MacCracken, D. D., Chancellor of the University of the City of New-York; vice-presidents for New-York, Bishop H. C. Potter, New-York City, and Bishop John H. Vincent, Chautauqua; treasurer, William Harmon Brown, 45 Exchange Place, New-York; secretary, Charles M. Davis, Bayonne, N. J.; corresponding secretary, Rev. John B. Devins, Hope Chapel, 339 East Fourth-st., New-York. Its vice-presidents represent fifty States and Territories and countries in which members live. The total membership is 573, and to promote its objects the Institute has meetings every month during the winter, and also summer schools at which lectures are given and papers read. The expenses are borne by an endowment fund and annual membership fees.

**UNITED BRETHREN IN CHRIST.**

General Conference meets May 8, 1897, Dayton, Ohio. Institutions under its control are the Publishing House at Dayton, the Home Frontier and Foreign Missionary Society, the General Sabbath-school Board, the General Board of Education, the Union Biblical Seminary, and the Young People's Christian Union. The five bishops are Dr. Jonathan Weaver, D. D., Dayton, Ohio; Nicholas Castle, D. D., Elkhart, Ind.; E. B. Kephart, D. D., Baltimore, Md.; J. W. Hoyt, D. D., Cedar Rapids, Iowa; J. S. Mills, D. ### CATHOLIC SUMMER SCHOOL.

Organized in summer of 1892, at New-London, Conn. Objects are similar to those of the Chautauqua Society, with lecture courses, classes in literature, science and art, concerts and other forms of entertainment and recreation. Officers: President, Rev. Thomas J. Conaty, D. D., Worcester, Mass.; vice-presidents, Rev. Michael Halpin, S. J., New-York City, and Major John Byrne; treasurer, M. M. Sheedy, Pittsburg, Penn.; secretary, Warren E. Mosher, A. M., Youngstown, Ohio. The next session will be in July and August, 1896, at the assembly grounds, Lake Champlain, near Plattsburg, N. Y.

### LEAGUE OF CATHOLIC UNITY.

Organized June, 1895, by clergymen from the seven leading Protestant denominations. Officers: Rev. C. W. Shields, Princeton University, president; Rev. Dr. William C. Landon, secretary and treasurer. Principles subscribed to:

1. The Holy Scriptures of the Old and New Testaments, as "containing all things necessary to salvation," and as being the rule and ultimate standing of faith.

2. The Apostles' Creed, as the baptismal symbol, and the Nicene Creed, as the sufficient statement of the Christian faith.

3. The two sacraments ordained by Christ Himself—baptism and the Supper of the Lord, ministered with unflinching use of Christ's words of institution, and of the elements ordained by Him.

4. The historic episcopate, locally adopted in the methods of its administration to the varying needs of the nations and people called of God into the unity of His Church.

### NAT'L SPIRITUALISTS' ASS'N.

Formed September 29, 1893. Objects: The organization of the various spiritualistic societies of the United States and Canada into one general association, for the purpose of mutual aid and co-operation in benevolent, charitable, educational, literary, musical, scientific, religious and missionary purposes and enterprises germane to the phenomena, science, philosophy, and religion of spiritualism. There are about 600 local associations in the United States and Canada, 12 State associations, and 52 camp-meeting associations. Membership, about 125,000. Principal officers: President, H. D. ## GRAND ARMY OF THE REPUBLIC.

First Post organized at Decatur, Ill., April 6, 1866. First National encampment held at Indianapolis, November 20, 1866; headquarters, Commander-in-Chief, Indianapolis, Ind. There are 46 State and Territorial Departments. The objects of this great body of soldier and sailor veterans of the Civil War are threefold: To preserve and strengthen kind and fraternal feelings between each other, and to perpetuate the memory and history of the dead; to aid and assist former comrades in arms, their widows and orphans, when in need; and to maintain true allegiance to the United States of America, based upon a paramount respect for, and fidelity to, its Constitution and laws; to discountenance whatever tends to weaken loyalty, incites to insurrection, treason or rebellion, or in any manner impairs the efficiency and permanency of our free institutions; and to encourage the spread of universal liberty, equal rights and justice to all men. The officers of the National body are: Commander-in-chief, Gen. I. N. Walker, Indianapolis; senior vice-commander-in-chief, Gen. G. H. Hob-

son, Greensburgs, Ky.; junior vice-commander-in-chief, S. G. Cosgrove, Washington; surgeon-general, J. B. Whiting, Janesville, Wis.; chaplain-in-chief, Rev. T. C. Martin-Casey; secretary-general, Mrs. F. Adelaide Ingraham; librarian, Mrs. Louise S. Davis; chaplain-general, Rev. George R. Van De Water, D. D. Next annual meeting, January 6, 1896.

## DAUGHTERS OF THE AMERICAN REVOLUTION.

Organized at Washington October 11, 1890. President-general, Mrs. John W. Foster, of Indiana; vice-president-general in charge of organization of chapters, Mrs. Charles S. Johnson; treasurer-general, Mrs. Amos G. Draper; recording secretary, Mrs. Robendeau Buchanan; corresponding secretary, Mrs. William E. Earle, 1710 I-st., Washington, D. C.; surgeon-general, Dr. Anita M. McGee; historian-general, Mrs. Henry Gannett; assistant historian, Mrs. F. W. Dickinson, Washington; chaplain-general, Mrs. Harry Heth. The above officers, with 20 vice-presidents-general and 40 State Regents, constitute the National Board.

The objects of the society are: To perpetuate the memory and the spirit of the men and women who achieved American Independence, by the acquisition and protection of historical spots and the erection of monuments; by the encouragement of historical research in relation to the Revolution, and the publication of its results; by the preservation of documents and relics and of the records of the individual services of soldiers and patriots of the Revolution, and by the promotion of celebrations of all patriotic anniversaries. Any woman of good, moral character, 18 years of age, and who is the lineal descendant of a man or woman who rendered material aid to the cause of independence, is eligible. The annual meeting is held at Washington on February 22 of each year.

### NAVAL MILITIA OF STATES.

In 1887 Senator Whitthorne introduced a bill in Congress "to create a Naval Reserve of auxiliary cruisers, officers and men from the mercantile marine of the United States." The measure did not pass, but in the following year Mr. Whitthorne introduced a naval militia measure formulated by the Navy Department. This bill did not become a law, but it was enacted by several State Legislatures as a purely State measure (notably Massachusetts and New-York), and organizations were formed in those States under it. It was not until March 2, 1891, that Congress, at the urgent request of Secretary Tracy, appropriated \$25,000 to arm and equip the naval militia. Since then this sum has been annually appropriated. The act of July 26, 1894, recommended by Secretary Herbert, provided for the purchase of books, in addition to arms and equipment, and on Aug. 3, 1894, an act was passed authorizing and empowering the Secretary of the Navy to loan unserviceable naval vessels to the naval militia organizations for inshore armories for purposes of instruction and drill. Under this act the New-Hampshire is loaned to New-York, the Minnesota to Massachusetts, the Wyandotte to Connecticut, the Portsmouth and Ajax to New-Jersey, the St. Louis to Pennsylvania, the Dale to Maryland, and the Nantucket to North Carolina. The annual appropriation is not distributed directly to the States, but is expended under the Bureau of Ordnance on requisitions by the Governors of the States, approved by the Navy Department. All matters relating to the Naval Militia come under the cognizance of the Assistant Secretary of the Navy. The apportionment of the appropriation is made on the basis of the number of uniformed petty officers and men in each organization. Under regulations approved March 6, 1895, the appropriation for 1894 was apportioned as follows: New-Jersey, 216 men, \$1,963.64; California, 313 men, \$2,845.45; North Carolina, 255 men, \$2,318.18; Pennsylvania, 167 men, \$1,518.18; South Carolina, 165 men, \$1,500; Massachusetts, 409 men, \$3,718.18; Connecticut, 71 men, \$645.46; Maryland, 174 men, \$1,581.82; Rhode Island, 100 men, \$909.09; New-York, 387 men, \$3,518.18; Illinois, 199

men, \$1,809.09; Michigan, 187 men, \$1,700; Georgia, 52 men, \$472.73. Total enlisted force of petty officers and men, 2,695. Total allotment, \$24,500; \$500 is reserved for the purchase of books. New-Jersey has only recently organized. Divisions are being formed in New-Orleans, in Ohio, and in Annapolis, Md. The battalion at Chicago was disbanded, but has reorganized as a civil organization. It will be seen that this Naval Militia movement has grown out of an attempt to establish a National Naval Reserve. All requests for information concerning the Naval Militia of any State should be addressed to the adjutant-general of that State.

### CONFEDERATE VETERAN CAMPS.

Besides the New-York City Camp, there is one in Chicago and several throughout the South. In the South there are many monuments to Confederate soldiers, but only one stands north of Mason and Dixon's line, and that is in Chicago. Recently steps were taken to secure a burial place for the members of the New-York Camp and their families, and the Mount Hope Cemetery Association made a gift of a plot containing 3,000 square feet, and Charles Broadway Rouss gave \$5,000 for a monument to be put up on the plot. The monument is simple and symmetrical, with a pedestal 9 feet high and an obelisk 47 feet high, the whole weighing 106 tons. It will be dedicated on Memorial Day, 1896. The New-York Camp was organized in 1890, and was the first one organized in the North. Its object is to perpetuate the memories of dead comrades; to minister to the wants of needy and worthy Confederate veterans, their widows and orphans; to extend to their late adversaries in arms courtesies which characterize intercourse between soldiers and signify a common citizenship, etc. The headquarters of the camp are at the St. James Hotel. Its officers are: Commander, A. G. Dickinson; lieutenant-commander, C. E. Thoburn; paymaster, Edward Owen; adjutant, Thomas L. Moore; medical director, Dr. J. Harris Dew; chaplain, Rev. Dr. O. A. Glazebrook.

### CHAUTAUQUA.

Headquarters, 87 West Genesee-st., Buffalo, N. Y.

Lewis Miller, president, Akron, Ohio; W. A. Duncan, secretary, Syracuse; E. A. Skinner, treasurer, Westfield, N. Y.; John H. Vincent, chancellor; William R. Harper, principal; George F. Vincent, vice-chancellor; chief officer of instruction, Rev. Dr. John H. Vincent, Buffalo, N. Y.; Jesse L. Hurlbut, general superintendent; Kate F. Kimball, executive secretary.

The Chautauqua plan of summer education was started in 1874. The institution was organized by Lewis Miller, of Akron, Ohio, and the Rev. Dr. John H. Vincent, now a Bishop of the Methodist Episcopal Church. In August, 1873, Mr. Miller and his associate selected a site for a summer Assembly at Fair Point, on the west side of Chautauqua Lake, in Chautauqua Co., N. Y., where the village

of Chautauqua now stands. The first Assembly was called for the discussion of religious and secular topics and opened on the first Tuesday in August, 1874. It lasted three weeks. Since then an Assembly has been held regularly every year. That of 1895 opened on June 30 and closed on August 26. About 35,000 persons visited the Assembly between those dates.

Besides the platform lectures and entertainments, the Chautauqua managers employ several other methods for placing education within the reach of the people.

The C. L. S. C. comprises a system of home reading circles, the members of which pursue courses of reading laid out by the officers in books and magazine articles approved by the Board of Counsellors. Anybody can join it, and at any time, by sending his name to Miss K. F.

Kimball, Buffalo, N. Y., with a 50-cent fee. In return he will receive a membership book, telling him what books to read and how to read them, and containing examination papers, by which, at stated periods, his proficiency may be ascertained. Two or more members form a local circle. The course covers four years, requiring an average of forty minutes' reading a day during ten months of each year. All the classes, though in different periods of their course, study the same subjects simultaneously. No reader is pledged to continue the work for the four years. Special courses are provided for graduates wishing to continue their readings. The Order of the White Seal, League of the Round Table and other associations are formed of those who have passed examinations in the special courses.

## UNIVERSITY EXTENSION.

The University Extension movement in America was started in 1890, and is a system of instruction for adults embracing lecture courses, determined upon by each local organization, with classes, written work, examinations and certificates. The "unit of instruction" in New-York is a course of ten, and in some places of six or twelve weekly or fortnightly lectures, preceded by the class for students and followed by a special conference or class. The "unit of organization" is a committee of citizens or the directors of a literary or social club, willing to assume the local management of the course. Lecturers are secured through the central office, either from the faculty of a neighboring college or from the society's regular staff.

The University of the State of New-York has an extension department in the Capitol, at Albany, with Melvil Dewey as director; Myrtilla Avery, director's assistant; Eugene Whitney, honorary inspector for Western New-York, Rochester. Needed advice and suggestions are given to centres organizing or in process of organization, and saves unnecessary duplication of local expenses by effecting co-operation among centres in all parts of the State.

### SMITHSONIAN INSTITUTION.

Founded in 1846, on the bequest of James Smithson, of England, and located at Washington, D. C., in the centre of one of the largest Government reservations. The total amount of the original bequest was \$541,379, which has been swelled by subsequent additions to about \$900,000. The President and Vice-President of the United States, the Chief Justice and the heads of the executive departments (the Secretary of State, Secretary of the Treasury, Secretary of War, Secretary of the Navy, Postmaster General, Attorney General, Secretary of the Interior, and Secretary of Agriculture) form the institution. The business of the institution is conducted by a Board of Regents, consisting of Chief Justice Fuller, chancellor; Vice-President Adlai E. Stevenson, three United States Senators, three members of the House of Representatives—John B. Henderson, J. B. Angell, Andrew D. White, William Preston Johnston and Gardner G. Hubbard. There is also an Executive Committee of three members. Secretary of the institution and of the Board of Regents, S. P. Langley. The officers of the Institution are: S. P. Langley, secretary; G. Brown Goode, assistant secretary.

Under the charge of the Smithsonian Institution are the National Museum; keeper, S. P. Langley; assistant secretary in charge, G. Brown Goode; chief clerk, W. V. Cox. Bureau of Ethnology: director, J. W. Powell; ethnologist-in-charge, W. J. McGee. Bureau of International Exchanges: curator, W. C. Winlock. The National Zoological Park: superintendent, Frank Baker. Astrophysical Observatory: aid, acting in charge, R. C. Child.

### NATIONAL EDUCATIONAL ASS'N.

Officers—President, N. C. Dougherty, Peoria, Ill.; secretary, Irwin Shepard, Winona, Minn.; treasurer, I. C. McNeill, Kansas City, Mo.; vice-presidents, N. M. Butler, New-York City; Mrs. A. J. Peavey, Denver, Col.; W. H. Bartholomew, Louisville, Ky.; N. C. Schaeffer, Harrisburg, Penn.; W. N. Sheets, Tallahassee, Fla.; Henry Sabins, Des Moines, Iowa; E. B. McElroy, Portland, Oregon; C. G. Pearce, Omaha, Neb.; Henry R. Pattengill, Lansing, Mich.; R. H. Halsey, Oshkosh, Wis.; T. B. Lewis, Ogden, Utah; Stetle Reel, Cheyenne, Wyo.

**OBJECTS**—To elevate the character and advance the interests of the profession of teaching, and to promote the cause of popular education in the United States. Its departments are: Superintendence of National schools, higher instruction, secondary education, industrial education, art education, music education, business education, elementary schools, kindergarten instruction and a National Council of Education. It has 200 life members, and

its annual membership during the last eight years has averaged more than 4,000, that of 1894 being 5,500. Annual meeting in July. The Board of Trustees (five members) and the president constitute the executive financial council. The Association has a permanent fund of \$40,000.

### AMERICAN LIBRARY ASS'N.

Officers—President, John C. Dana, Denver, Col.; vice-presidents, Henry J. Carr, Scranton, Penn.; Charles R. Dudley, Denver, Col.; Theresa West, Milwaukee, Wis.; secretary, H. L. Elmendorf, St. Joseph, Mo.; treasurer, George W. Cole, Jersey City, N. J.; recorder, C. Alex Nelson, New-York City. The A. L. A. was organized in 1876 and incorporated in 1879. Its present membership numbers some 600, comprising leading librarians and libraries of all parts of the United States, together with other persons interested in its work. The association seeks in every practical way to develop and strengthen the public library as an essential part of the American educational system. It therefore strives by individual effort of members, and where practicable by local organization, to stimulate public interest in establishing or improving libraries, and thus to bring the best reading within reach of all. The next general meeting will be held in Cleveland, Ohio, September, 1896.

### AMERICAN GEOGRAPHICAL SOCIETY.

Headquarters, No. 11 West Twenty-ninth-st., New-York City; membership, about 1,500; organized, 1852; monthly meetings from November to May. Officers—President, Charles P. Daly, LL. D.; vice-presidents, Gen. Egbert L. Viele, W. H. Moore, Rev. C. C. Tiffany, D. D.; foreign corresponding secretary, Professor W. Libbey, jr.; domestic corresponding secretary, James M. Bailey; recording secretary, Anton A. Raven; treasurer, Walter R. T. Jones; councillors—Francis M. Bacon, D. O. Mills, Levi Holbrook, Morris K. Jesup, Gustav E. Kissel, Henry Parish, Chandler Robbins, William G. Hamilton, Henry Holt, Clarence King, Austin G. Fox, Alexis A. Julien, Charles A. Peabody, Rear-Admiral Bancroft Gherardi, U. S. N.

**Objects:** To encourage geographical exploration and discovery; to investigate and disseminate new geographical information by discussion, lectures and publications; to establish in the chief maritime city of the country, for the benefit of commerce, navigation and the great industrial and material interests of the United States a place where the means will be afforded of obtaining accurate information for public use of every part of the globe. The society has a geographical library of 25,000 volumes, and a large and valuable collection of maps, charts and atlases relating to every part of the world. It publishes a bulletin and an annual journal, and co-operates and interchanges information with 200 domestic and foreign geographical and other scientific societies.

**RED CROSS SOCIETY.**

Headquarters, Washington, D. C. Incorporated October 1, 1881; reincorporated April 17, 1893. Objects: The relief of suffering by war, pestilence, famine, flood, fires and other calamities of sufficient magnitude to be deemed National in extent. The organization acts under the Geneva treaty, the provisions for which were made in international convention at Geneva, August 22, 1864, and since signed by nearly all civilized nations. The United States gave its adhesion by act of Congress March 1, 1882, ratified by the Congress of Berne, June 9, 1882; proclaimed by President Arthur, July 26, 1882. In all Red Cross countries stringent laws are in force protecting the name and sign of the Red Cross, and until similar laws are passed by the United States Congress it will be impossible to form branches or increase the membership. Officers: President, (and treasurer), Clara E. Barton, Washington, D. C.; vice-presidents, George Kennan, Baddick, N. S., and Stephen E. Barton, New-York City; general secretary, Walter P. Phillips, New-York City; financial secretary, George H. Pullman, Washington, D. C.; general field agent, Dr. J. B. Hubbell, Red Cross, Ind.; directors, (in addition to the officers), Peter V. **THE NATIONAL WOMAN'S CHRISTIAN TEMPERANCE UNION.**

General Officers.—President, Miss Frances E. Willard, Evanston, Ill.; corresponding secretary, Mrs. Katherine L. Stevenson, Boston; recording secretary, Mrs. Clara C. Hoffman; treasurer, Miss Helen M. Barker; vice-president-at-large, Mrs. Lillian N. M. Stevens, Portland, Me.

The society is the lineal descendant of the great temperance crusade of 1873-74, and is a union of Christian women for educating the young, forming a better public sentiment, reforming the drinking classes, transforming by power of Divine Grace those enslaved by alcohol, and securing the entire abolition of the liquor traffic. It is the largest society ever composed exclusively of women and conducted entirely by them. It has been organized in every State and Territory of the Nation, Great Britain, Canada and Australia, Hawaiian Islands, New-Zealand, India, Japan, Madagascar and South Africa.

**NON-PARTISAN W. C. T. U.**

President, Mrs. C. Cornelia Alford, Barnardstown, Mass.; vice-president, Mrs. T. B. Walker, Minneapolis, Minn.; recording secretary, Mrs. Florence C. Porter, Caribou, Me.; treasurer, Mrs. Howard M. Ingham, Cleveland, Ohio.

Organized at Cleveland in January, 1890, as a protest against the attitude of the W. C. T. U. toward political parties. An amendment to the constitution was adopted in November, 1891, providing that the right of individual members to take part in political and denominational work should not be abridged. The objects are the promotion of temperance through to-

tal abstinence; the instruction of the youth in scientific temperance and industrial training; also the rescuing of inebriates by way of a medical cure. The total membership is about 10,000, including the State organizations in Maine, Vermont, New-York, Ohio, Pennsylvania, Iowa, Illinois, Missouri and Minnesota. In addition to the general officers each State organization has its president, and each department has a secretary.

**WOMEN'S BOARD OF FOREIGN MISSIONS.**

Officers: President, Mrs. Henry N. Beers, New-York; vice-presidents, Mrs. W. E. Dodge, Mrs. Robert B. Booth, Mrs. W. Packer Prentice, Mrs. A. F. Schaffler, Mrs. Theodore Weston and Mrs. John Gillespie, of New-York; Mrs. Henry Childs, Buffalo; Mrs. E. A. Huntington, Auburn; Mrs. William Alling, Rochester; Mrs. Horace Eaton, Palmyra; Mrs. H. Quigley, Louisville, Ky.; Miss S. E. Gilbert, Utica; Mrs. D. M. Miller, Brooklyn; Miss E. L. McPherson, Boston; Miss E. A. Clark, Watertown, and Mrs. H. H. Farnham, Port Jervis; treasurer, Mrs. C. P. Hartt, New-York; assistant treasurer, Mrs. Halsey L. Wood, New-York; secretaries for foreign correspondence, Miss Frances B. Hawley, New-York; Miss C. Trumbull White, Mrs. Richard C. Morse, Mrs. D. P. Reisch, Mrs. George P. Woolsey and Mrs. C. O. Kimball; secretaries for home correspondence, Mrs. William Dulles, jr., Mrs. James S. Dennis and Mrs. F. P. Powers, New-York; secretaries for young people's societies, Miss A. M. Davison, Mrs. Hector B. Hitching; recording secretary, Miss M. L. Blakeman, New-York. Next meeting, Syracuse, N. Y., April 8, 9, 1896.

**DAUGHTERS OF LIBERTY.**

Objects: To promote social intercourse and mutual improvement, visit the sick and distressed, perpetuate American principles, in harmony and conjunction with the United American Mechanics, maintain the public school system of the United States of America, prevent sectarian interference therewith, uphold the reading of the Holy Bible therein and promote the happiness and prosperity of the order in general. All members in the Order of United American Mechanics, and "any white lady of American birth, or born under the protection of the American flag, 16 years of age or over, not engaged in the manufacture or sale of intoxicating liquors as a beverage, are qualified for membership." Officers: National Councilor, W. N. Simons, Norwalk, Conn.; National vice-councilor, Evan G. Badger, Philadelphia, Pa.; secretary W. O. Staples, New-Haven, Conn.; treasurer, G. H. Burton, New-York City. Next convention, Manchester, N. H., Aug. 18, 1896.

**MEDAL OF HONOR LEGION.**

Officers: Commander, Charles M. Betts, Philadelphia; senior vice-commander, John H. Cook, New-York City; junior vice-commander, Richard S. Straub, Owego, N. Y.; chaplain, Edmund English,

Philadelphia; adjutant, William W. Wray, 122 South Seventh-st., Philadelphia; judge-advocate, S. E. Pingree, Hartford, Vt.; historian, Julius Stahel, Washington, D. C. Membership, 250 out of about 1,000 who have been awarded by Congress a medal for conspicuous examples of bravery and heroism. In addition to the original members there is also a second class chosen through nomination by their parents. If there is no son, a daughter is eligible to the second class. Next meeting, Boston, Mass., April 9, 1896.

### PATRONS OF HUSBANDRY.

This order was founded on December 4, 1866, its special objects being "to develop a better and higher manhood and womanhood among ourselves; to enhance the comforts and attractions of our homes, and strengthen our attachments to our pursuits; to foster mutual understanding and co-operation; to maintain inviolate our laws, and to emulate each other in labor; to reduce our expenses, both individual and corporate; to buy less and produce more, in order to make our farms self-sustaining; to diversify our crops, and crop no more than we can cultivate; to discountenance the credit system, the mortgage system, the fashion system, and every other system tending to prodigality and bankruptcy."

There are thirty-eight State organizations, and over 27,000 subordinate granges have been established, but very many have ceased to exist. The headquarters are at 514 F-st., Washington, and the principal officers of the National Grange are: Master, J. H. Brigham, Delta, Ohio; overseer, Aaron Jones, Indiana; lecturer, Alpha Messer, Rochester, Vt.; chaplain, O. H. Hale, New-York; treasurer, Mrs. Eva S. McDowell, Penn Yan, N. Y.; secretary, John Trimble, Washington, D. C.

### PATRIOTIC LEAGUE.

Officers: President, Wilson L. Gill; secretary, John Winthrop Hegeman, 230 West Thirteenth-st., New-York City; treasurer, La Salle A. Maynard. The league is non-sectarian, non-partisan, permanent in character, National in scope. It proposes to teach a knowledge of the country by prescribing a course of reading in American history and government; by publishing a monthly magazine devoted to the principal interests of American citizens, such as American history, the principles of the Government—National, State and local; the origin, growth and present condition of the chief industrial enterprises in the country; the history and importance of transportation in all its forms, such as railroads, canals, steamship lines and the contributory inventions of the telegraph, the telephone, etc.

### LYCEUM LEAGUE OF AMERICA.

Officers—President, James Logan Gordon; secretary, Oliver J. Hackett. Headquarters, Boston, Mass.

The Lyceum League was organized in 1891, for the purpose of training young men in the duties of citizenship. The method chosen was the debate; in a meas-

ure, a revival of the old lyceum. By means of debates on American topics of the day and political problems the young men are made familiar with current issues. They are led to interest themselves in practical politics, chiefly municipal affairs, working in any party, for partisanship is not recognized by the League. Much attention is given to the development of a patriotic spirit by means of the ritual and the general sentiment of the League, which now numbers about 40,000 members. A monthly magazine, "The New Century," is the organ of the League, and is edited by Waiter Church.

### AMERICAN INSTITUTE OF CIVICS.

Headquarters, No. 38 Park Row, New-York, N. Y. Objects: "To promote everywhere, and through all practicable agencies, including home influences, educational institutions, the press and the platform, the integrity, intelligence, patriotism and vigilance which are essential to the common weal under the rule of the people."

Officers: President, Henry Randall Waite, Ph. D.; faculty, E. B. Andrews, D. D., LL. D.; Edward Brooks, Ph. D.; Francis M. Burdick, LL. D.; James H. Canfield, Graham Taylor, D. D.; William W. Foilwell, LL. D.; H. D. Slater, A. J. Palmer, Robert C. Spencer, Daniel G. Thompson, Woodrow Wilson, Ph. D., LL. D.; Arthur B. Woodford, Ph. D. Board of Trustees: President, vacant; Cephas Brainerd, New-York City, vice-president; Colonel Charles H. Denison, New-York City, treasurer; H. R. Waite, secretary; Dr. C. N. Hoagland, Brooklyn, N. Y., auditor.

### SOCIETY OF NAVAL ARCHITECTS AND MARINE ENGINEERS.

Officers—President, Clement A. Griscom, Philadelphia; vice-presidents, Naval Constructor Theodore D. Wilson, U. S. Navy; Charles H. Cramp; George W. Melville, Engineer-in-Chief, U. S. Navy; George W. Quintard, Irving M. Scott, Francis A. Walker, ex-Engineer-in-Chief Charles H. Loring, Naval Constructor Philip Hichborn and Rear-Admiral R. W. Meade, U. S. Navy; William H. Webb. Secretary and treasurer, Naval Constructor Washington L. Capps, U. S. N., Washington.

The society was organized on May 10, 1893, and it has a membership of nearly 600.

### AMERICAN SOCIETY OF NAVAL ENGINEERS.

This society has for its chief objects the discussion of subjects relating to naval and marine engineering and architecture and its great developments, and the publication of professional information relating to those important scientific departments of the world. It was organized in January, 1889, and its total membership is about 400. It publishes a quarterly magazine devoted to its professional sub-

jects. Its officers are: President, Chief Engineer James H. Perry, U. S. N.; secretary and treasurer, Past Assistant Engineer R. S. Griffin, U. S. N. The headquarters are at the Navy Department, Washington, D. C.

### AMERICAN SOCIETY OF CIVIL ENGINEERS.

Organized, 1852. Headquarters, No. 127 East Twenty-third-st., New-York City. Objects: The advancement of engineering knowledge and practice, and the maintenance of a high professional standard among its members. Total membership, 1,808. Annual meeting, third Wednesday in January, each year. Officers: President, George S. Morison; vice-presidents, Charles C. Martin, Joseph M. Wilson, Desmond Fitz Gerald, Benjamin M. Herrod; secretary, Charles Warren Hunt; treasurer, John Thomson; directors, Foster Crowell, Henry G. Prout, Alfred Noble, Frederic P. Stearns, John T. Fanning, Olin H. Landreth, William H. Burr, Joseph M. Knap, Bernard R. Green, T. Guilford Smith, Robert B. Stanton, Henry D. Whitcomb, Augustus Mordecai, Charles SooySmith, George H. Benzenberg, George H. Browne, Robert Cartwright, Fayette S. Curtis.

### AMERICAN SOCIETY OF MECHANICAL ENGINEERS.

Organized April 7, 1880. Headquarters, 12 West Thirty-first-st., New-York. Its total membership is about 2,000, who are residents in 38 States, Great Britain, Canada, France, Germany, Japan, China, Sweden, Norway, Mexico, Cuba, Italy, Switzerland, Belgium and South America. The officers are: President, John Fritz, Bethlehem, Penn.; vice-presidents, F. H. Ball, New-York City; Jesse M. Smith, Detroit, Mich.; M. L. Holman, St. Louis, Mo.; George W. Melville, U. S. N., Washington, D. C.; Charles H. Manning, Manchester, N. H.; Francis W. Dean, Boston, Mass; treasurer, William H. Wiley, 43 East Tenth-st., New-York City; secretary, Professor F. R. Hutten, 12 West Thirty-first-st., New-York City.

### NATIONAL LEAGUE FOR PROTECTION OF AMERICAN INSTITUTIONS.

Incorporated, 1889; non-partisan and unsectarian. President, William H. Parsons; vice-president, Dorman B. Eaton; general secretary, Dr. James M. King; treasurer, William Fellowes Morgan. Offices, 1 Madison-ave., New-York. Objects: "To secure constitutional and legislative safeguards for the protection of the common school system and other American institutions; to promote public instruction in harmony with such institutions, and to prevent all sectarian or denominational appropriations of public funds." The League proposes to secure this amendment to the Federal Constitution:

"Neither Congress nor any State shall pass any law respecting an establishment of religion, or prohibiting the free exer-

cise thereof, or use the property or credit of the United States or of any State, or any money raised by taxation, or authorize either to be used, for the purpose of founding, maintaining or aiding, by appropriation, payment for services, expenses or otherwise, any church, religious denomination or religious society, or any institution, society or undertaking which is wholly, or in part, under sectarian or ecclesiastical control."

The annual meetings of the League are held on the second Thursday in November.

### AMERICAN MEDICAL ASS'N.

Officers—President, R. Beverley Cole, San Francisco, Cal.; vice-presidents, J. J. Chisholm, Baltimore, Md.; J. C. Le Grand, Montgomery, Ala.; A. P. Clarke, Cambridge, Mass.; T. P. Satterwhite, Louisville, Ky.; permanent secretary, Dr. Wm. B. Atkinson, No. 1,400 Pine-st., Philadelphia, Penn.; assistant secretary, J. McFadden Gaston, Jr., Atlanta, Ga.; treasurer, Henry P. Newman, Chicago. Next annual meeting at Atlanta, Ga., May 5, 1896.

The objects of the society are the cultivation and advancement of medical knowledge; the elevation of the standard of medical education; the promotion of the usefulness, honor and interests of the medical profession; the enlightening and directing of public opinion in regard to the duties, responsibilities and requirements of medical men; to encourage and emulate a concert of action among medical men and to facilitate and foster a friendly intercourse between those who are engaged in it.

The estimated number of physicians of this school is 100,000; number of colleges, 100; professors and instructors, 1,800. The libraries of the schools equal 50,000 volumes. The buildings, lands and scientific apparatus are worth \$4,000,000. There are State societies in all the States, and five Territorial societies; there are also about 850 local or district, and an aggregate membership of 45,000.

### ACTORS' FUND OF AMERICA.

Incorporated 1882. Headquarters, 12 West Twenty-eighth-st., New-York City. President, A. M. Palmer; vice-presidents, Louis Aldrich, Edwin Knowles; treasurer, Charles H. Hoyt; secretary, Daniel Frohman.

The fund assists sick persons connected in any capacity with the dramatic profession of the United States, and provides for their decent burial. The last annual report, June 4, 1895, showed total receipts for the year, \$32,106.49; expenditures, \$37,000; total assets, \$224,162.44.

### ANCIENT ORDER OF UNITED WORKMEN.

Officers Supreme Lodge.—Past Supreme Master Workman, Lewis L. Troy, Chicago; Supreme Master Workman, Joseph E. Riggs, Lawrence, Kan.; Supreme Foreman, J. G. Tate, Hastings, Neb.; Supreme Overseer, W. S. Robson, La Grange, Texas; Supreme Recorder, M. W.

Sackett, Meadville, Penn.; Supreme Receiver, John J. Acker, Albany, N. Y.; Supreme Guide, John Milne, Essex Centre, Ont.; Supreme Watchman, W. H. Foulk, Delaware; Supreme Medical Examiner, Dr. William C. Richardson, St. Louis, Mo.; Supreme Trustees—Louis Anfeuger, Colorado; William H. Vermilye, Jersey City, N. J.; R. B. Farren, Massachusetts.

The society was formed on October 27, 1868, its objects being philanthropic, educational and the providing of a mortuary benefit of \$2,000. The total membership July 1, 1894, was 343,424, with 33 grand lodges. The Supreme Lodge meets on the second Tuesday of June, 1896, at Buffalo, N. Y.

The membership of the order in the various States on July 1, 1895, was as follows: Pennsylvania, 14,305; Ohio, 4,820; Kentucky, 2,149; Indiana, 5,993; Iowa, 8,896; New-York, 28,283; Illinois, 17,169; Missouri, 24,574; Minnesota, 14,152; Wisconsin, 6,719; Tennessee, 1,805; Michigan, 21,413; California, 15,685; Georgia, Alabama, etc., 2,013; Kansas, 26,558; Ontario, 26,588; Oregon, 6,894; Massachusetts, 43,223; Maryland, 3,496; Texas, 4,139; Nevada, 1,083; Nebraska, 18,580; the Dakotas, 9,488; Montana, 4,773; Washington, 4,925; New-Jersey, 5,192; British Columbia, 672; Manitoba and Northwestern Territories, 2,076; Utah, Wyoming and Idaho, 3,099; Colorado, New-Mexico and Arizona, 7,458; Delaware, 2,820; Quebec and Maritime Provinces, 2,211; West Virginia, 2,105; individuals, S. L. B. J., 4. Total, 343,424.

### ORDER OF ELKS.

The Benevolent and Protective Order of Elks of the United States of America is an organization whose objects are "Charity and Sociability," and which has a total membership of 21,844, among 245 lodges. It was founded in 1871. The principal officers are: Grand Exalted Ruler, William G. Meyers, Philadelphia; Grand Secretary, Geo. A. Reynolds.

### TAMMANY SOCIETY AND COLUMBIAN ORDER.

**OFFICERS**—Sachems, Hugh J. Grant, Richard Croker, Daniel E. Sickles, Henry D. Purroy, Patrick Keenan, Charles Welde, Henry D. Hotchkiss, William Schmer, John H. Patrick, William Sulzer, Augustus W. Peters, Thomas L. Feitner, George B. McClellan; Secretary, John B. McGoldrick; treasurer, Peter F. Mayer; sagamore, William H. Dobbs; wiskinkie, Daniel M. Donagan.

Tammany was a Delaware chieftain who lived for over 100 years, and in Revolutionary days was popularly styled the patron saint of the Republic. His name was adopted by the Sons of Liberty, which organized soon after the Revolution as an offset to the aristocratic Society of the Cincinnati. The society was established on May 12, 1789, and incorporated in 1805, but soon became a political instrument in the hands of the Democratic managers. William Mooney, its principal founder, was the first Grand Sachem. Its date of meeting

is the first Monday in each month, and its motto, "Freedom Our Rock."

### HOLSTEIN-FRIESIAN ASSOCIATION.

The Holstein-Friesian Association of America is composed of men who are interested in the breeding of fine cattle and the production of superior dairy butter and milk. The membership numbers about 500, and is spread all over the Union. Its officers are: President—D. F. Wilbur, Otsego, N. Y.; vice-presidents, S. Burchard, New-York; M. R. Seeley, Michigan; J. M. Biddell, Iowa; J. M. Gillette, Wisconsin; treasurer, W. Brown Smith, Syracuse, N. Y.; secretary, F. L. Houghton, Brattleboro, Vt. There is also a board of directors. Next annual meeting, Buffalo, third Thursday in March, 1896.

### SONS OF VETERANS.

Speelman, La Crosse, Kan.; quartermaster-general, R. Lobenstein, Chicago; inspector-general, F. C. Stillson, Battle Creek, Mich.; judge-advocate-general, B. R. Oglesby, Indianapolis, Ind.; surgeon-general, Dr. Dan S. Gardner, Massillon, Ohio; chaplain-in-chief, Rev. F. B. Cole, Providence, R. I.; council-in-chief, D. F. Goulding, Somerville, Mass.; R. M. Buckley, Louisville, Ky., and H. V. Speelman. The headquarters of the commander-in-chief, First National Bank Building, La Crosse, Kan.

Organized in 1881. Comprises lineal descendants (over 18 years of age) of honorably discharged soldiers, sailors or marines who served in the Civil War. There are 80 organized divisions in 44 States and Territories and in Canada, 2,500 camps, and about 50,000 members. Each division has its own corps of officers. The objects of this society are practically the same as those of the Grand Army of the Republic.

### THE MILITARY SOCIETY OF THE WAR OF 1812.

Instituted January 3, 1826, by ex-regular officers of that war, as a military society, and incorporated by the veterans of 1812 on January 3, 1832. President, Rev. Morgan Dix, S. T. D., D. C. L.; vice-president, Asa Bird Gardiner, LL. D.; secretary, Henry Chauncey, jr., 137 Broadway, New-York City; treasurer, Gouverneur Mather Smith, M. D. The annual meeting is held on January 8 in every year, in the Governor's Room, in the New-York City Hall.

### MILITARY AND NAVAL ORDER OF THE UNITED STATES.

Organized January, 1895. Objects of the order are broad and patriotic, in no way sectional, but the requirements for eligibility to membership are restricted to direct male lineal descendants of commis-

sioned officers who performed active service in the War of the Revolution, the war with Tripoli, the War of 1812, or the Mexican War, thus embracing all the wars of this country with a foreign enemy. Officers: Commander, David Banks; vice-commander, James H. Morgan; secretary, Frank M. Avery; registrar, George W. Olney; treasurer, Egbert L. Viele; chaplain, Rev. Dr. T. Stafford Browne.

### U. S. BOND ISSUES.

#### President Cleveland Asks Congress to Act.

The following is the text of the special message of President Cleveland on the financial question, sent "to the Senate and House of Representatives" on January 28, 1895:

"In my last annual message I commended to the serious consideration of the Congress the consideration of our National finances, and in connection with the subject indorsed the plan of currency legislation which at that time seemed to furnish protection against impending danger. This plan has not been approved by the Congress. In the mean time the situation has so changed and the emergency now appears so threatening that I deem it my duty to ask at the hands of the legislative branch of the Government such prompt and effective action as will restore confidence in our financial soundness and avert business disaster and universal distress among our people.

"Whatever may be the merits of the plan outlined in my annual message as a remedy for ills then existing and as a safeguard against the depletion of the gold reserve then in the Treasury, I am now convinced that its reception by the Congress and our present advanced stage of financial perplexity necessitate additional or different legislation. With natural resources unlimited in variety and productive strength, and with a people whose activity and enterprise seek only a fair opportunity to achieve National success and greatness, our progress should not be checked by a false financial policy and heedless disregard of sound monetary laws, nor should the timidity and fear which they engender stand in the way of our prosperity. It is hardly disputed that this predicament confronts us to-day. Therefore, no one in any degree responsible for the making and execution of our laws should fail to see a patriotic duty in honestly and sincerely attempting to relieve the situation. Manifestly this effort will not succeed unless it is made untrammelled by the prejudice of partisanship, and with a steadfast determination to resist the temptation to accomplish party advantage. We may well remember that if we are threatened with financial difficulties all our people, in every station of life, are concerned, and surely those who suffer will not receive the promotion of party interests as an excuse for permitting our present troubles to advance to a disastrous conclusion. It is also of the utmost importance that we approach the study of the problems presented as free as possible from the tyranny of preconceived opinions, to the end that in a com-

mon danger we may be able to seek with unclouded vision a safe and reasonable protection.

"The real trouble which confronts us consists in a lack of confidence, widespread and constantly increasing, in the continuing ability or disposition of the Government to pay its obligations in gold. This lack of confidence grows to some extent out of the palpable and apparent embarrassment attending the efforts of the Government under existing laws to procure gold, and to a greater extent out of the impossibility of either keeping it in the Treasury or cancelling obligations by its expenditure after it is obtained. The only way left to the Government for procuring gold is by the issue and sale of its bonds. The only bonds that can be issued were authorized nearly twenty-five years ago, and are not well calculated to meet our present needs. Among other disadvantages, they are made payable in coin instead of specifically in gold, which in existing conditions detracts largely and in an increasing ratio from their desirability as investments. It is by no means certain that bonds of this description can much longer be disposed of at a price creditable to the financial character of our Government. The most dangerous and irritating feature of the situation, however, remains to be mentioned. It is found in the means by which the Treasury is despoiled of the gold thus obtained without cancelling a single Government obligation, and solely for the benefit of those who find profit in shipping it abroad, or whose fears induce them to hoard it at home. We have outstanding about five hundred millions of currency notes of the Government, for which gold may be demanded; and curiously enough the law requires that when presented and in fact redeemed and paid in gold they shall be reissued. Thus the same notes may do duty many times in drawing gold from the Treasury; nor can the process be arrested as long as private parties for profit or others see an advantage in repeating the operation. More than three hundred millions of dollars in these notes have already been redeemed in gold, and notwithstanding such redemption they are still outstanding.

"Since the 17th of January, 1894, our bonded interest-bearing debt has been increased \$100,000,000 for the purpose of obtaining gold to replenish our coin reserve. Two issues were made, amounting to fifty millions each—one in January, and the other in November. As a result of the first issue, there was realized something more than fifty-eight millions of dollars in gold. Between that issue and the succeeding one in November, comprising a period of about ten months, nearly one hundred and three millions of dollars in gold were drawn from the Treasury. This made the second issue necessary, and upon that more than \$58,000,000 in gold was again realized. Between the date of this second issue and the present time, covering a period of only about two months, more than \$69,000,000 of gold have been drawn from the Treasury. These large sums of gold were expended without any cancellation of Government obligations, or in any permanent way ben-

edifying our people or improving our pecuniary situation.

"The financial events of the last year suggest facts and conditions which should certainly arrest attention. More than \$122,000,000 in gold have been drawn out of the Treasury during the year for the purpose of shipment abroad or hoarding it at home. While nearly \$103,000,000 of this amount was drawn out during the first ten months of the year, a sum aggregating more than two-thirds of that amount, being about \$69,000,000, was drawn out, during the following two months, thus indicating a marked acceleration of the depleting process with the lapse of time. The obligations upon which this gold has been drawn from the Treasury are still outstanding and are available for use in repaying the exhausting operation with shorter intervals as our perplexities accumulate. Conditions are certainly supervening tending to make the bonds which may be issued to replenish our gold less useful for that purpose. An adequate gold reserve is in all circumstances absolutely essential to the upholding of our public credit and to the maintenance of our high National character. I cannot see that the differences of opinion concerning the extent to which silver ought to be coined or used in our currency should interfere with the counsels of those whose duty it is to rectify evils now apparent in our financial situation. They have to consider the question of National credit and the consequences that will fall from its collapse. Whatever ideas may be insisted upon as to silver or bimetallism, a proper solution of the question now pressing upon us only requires a recognition of gold as well as silver, and a concession of its importance, rightfully or wrongfully acquired, as a basis of National credit, a necessity in the honorable discharge of our obligations payable in gold and a badge of solvency. I do not understand that the real friends of silver desire a condition that might follow inaction or neglect to appreciate the meaning of the present exigency if it should result in the entire banishment of gold from our financial and currency arrangements.

"Besides the Treasury notes, which certainly should be paid in gold, amounting to nearly \$500,000,000, there will fall due in 1904 \$100,000,000 in bonds issued during the last year, for which we have received gold, and in 1907 nearly \$600,000,000 of 4 per cent bonds issued in 1877. Shall the payment of these obligations in gold be repudiated? If they are to be paid in such a manner as the preservation of our National honor and National solvency demands, we should not destroy, or even imperil, our ability to supply ourselves with gold for that purpose. While I am not unfriendly to silver, and while I desire to see it recognized to such an extent as is consistent with financial safety and the preservation of National honor and credit, I am not willing to see gold entirely banished from our currency and finances. To avert such a consequence, I believe thorough and radical remedial legislation should be promptly passed. I therefore beg the Congress to give the subject immediate attention.

"In my opinion, the Secretary of the

Treasury should be authorized to issue bonds of the Government for the purpose of procuring and maintaining a sufficient gold reserve and the redemption and cancellation of the United States legal-tender notes and the Treasury notes issued for the purchase of silver under the law of July 14. We should be relieved from the humiliating process of issuing bonds to procure gold, to be immediately and repeatedly drawn out on these obligations for purposes not related to the benefit of our Government or our people. The principal and interest of these bonds should be payable on their face in gold, because they should be sold only for gold or its representative, and because there would now probably be difficulty in favorably disposing of bonds not containing the stipulation. I suggest that the bonds be issued in denominations of \$20 and \$50 and their multiples, and that they bear interest at a rate not exceeding 3 per cent per annum. I do not see why they should not be payable fifty years from their date. We of the present generation have large amounts to pay if we meet our obligations, and long bonds are most salable. The Secretary of the Treasury might well be permitted at his discretion to receive on the sale of bonds the legal tender and Treasury notes to be retired, and, of course, when they are thus retired or redeemed in gold they should be cancelled. These bonds, under existing laws, could be deposited by National banks as security for circulation, and such banks should be allowed to issue circulation up to the face value of these or any other bonds so deposited, except bonds outstanding bearing only 2 per cent interest, and which sell in the market at less than par.

"National banks should not be allowed to take out circulating notes of a less denomination than \$10, and when such as are now outstanding reach the Treasury, except for redemption and retirement, they should be cancelled, and notes of the denomination of \$10 and upward issued in their stead. Silver certificates of the denomination of \$10 and upward should be replaced by certificates of denominations under \$10. As a constant means for the maintenance of a reasonable supply of gold in the Treasury, our duties on imports should be paid in gold, allowing all other dues to the Government to be paid in any other form of money.

"I believe all the provisions I have suggested should be embodied in our laws, if we are to enjoy a complete reinstatement of a sound financial condition. They need not interfere with any currency scheme providing for the increase of the circulating medium through the agency of National or State banks, since they can easily be adjusted to such a scheme. Objection has been made to the issuance of interest-bearing obligations for the purpose of retiring the non-interest-bearing legal-tender notes. In point of fact, however, these notes have burdened us with a large load of interest, and it is still accumulating. The aggregate interest on the original issue of bonds, the proceeds of which in gold constituted the reserve for the payment of these notes, amounted to \$70,326,250 on January 1, 1895, and the an-

nual charge for interest on these bonds and those issued for the same purpose during the last year will be \$9,145,000, dating from January 1, 1895. While the cancellation of these notes would not relieve us from the obligations already incurred on their account, these figures are given by way of suggesting that their existence has not been free from interest charges, and that the longer they are outstanding, judging from the experience of the last year, the more expensive they will become.

"In conclusion, I desire to frankly confess my reluctance to issuing more bonds in present circumstances and with no better results than have lately followed that course. I cannot, however, refrain from adding to an insurance of my anxiety to co-operate with the present Congress in any reasonable measure of relief an expression of my determination to leave nothing undone which furnishes a hope for improving the situation or checking a suspicion of our disinclination or disability to meet with the strictest honor every National obligation."

Upon the reading of the above in the House of Representatives, a bill was introduced to authorize the Secretary of the Treasury to issue bonds to maintain a sufficient gold reserve, and to carry into effect the recommendations of the President. Its subsequent defeat in the House drew from the President the following message on February 8, which was addressed "To the Congress of the United States":

"Since my recent communication to the Congress calling attention to our financial condition and suggesting legislation which I deemed essential to our National welfare and credit, the anxiety and apprehension then existing in business circles have continued. As a precaution, therefore, against the failure of timely legislative aid through Congressional action, cautious preparations have been pending to employ to the best possible advantage, in default of better means, such Executive authority as may, without additional legislation, be exercised for the purpose of reinforcing and maintaining in our Treasury an adequate and safe gold reserve. In the judgment of those especially charged with this responsibility, the business situation is so critical and the legislative situation is so unpromising, with the omission thus far on the part of Congress to beneficially enlarge the powers of the Secretary of the Treasury in the premises, as to enjoin immediate Executive action with the facilities now at hand.

"Therefore, in pursuance of Section 3,700 of the Revised Statutes, the details of the arrangement have this day been concluded with parties abundantly able to fulfil their undertaking, whereby bonds of the United States authorized under the Act of July 14, 1875, payable in coin, thirty years after their date, with interest at the rate of 4 per cent per annum, to the amount of a little less than \$62,400,000 are to be issued for the purchase of gold coin amounting to a sum slightly in excess of \$65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it

amount to something more than \$100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3½ per cent per annum. At least one-half of the gold to be obtained is to be supplied from abroad, which is a very important and favorable feature of the transaction. The privilege is especially reserved to the Government to substitute at par within ten days from this date in lieu of the 4 per cent coin bonds other bonds in terms payable in gold and bearing only 3 per cent interest, if the issue of the same should in the mean time be authorized by the Congress.

"The arrangement thus completed, which after careful inquiry appears in present circumstances and considering all the objects desired to be the best attainable, develops such a difference in the estimation of investors between bonds made payable in coin and those specifically made payable in gold in favor of the latter as is represented by ¾ of 1 per cent in annual interest. In the agreement just concluded the annual saving in interest to the Government if 3 per cent gold bonds should be substituted for 4 per cent. coin bonds under the privilege reserved would be \$539,159, amounting in thirty years, or at the maturity of the coin bonds, to \$16,174,770. Of course there should never be any doubt in any quarter as to the redemption in gold of the bonds of the Government which are made payable in coin. Therefore the discrimination in the judgment of investors between our bond obligations payable in coin and those specifically made payable in gold is very significant. It is hardly necessary to suggest that, whatever may be our views on the subject, the sentiments or preferences of those with whom we must negotiate in disposing of our bonds for gold are not subject to our dictation.

"I have only to add that in my opinion the transaction herein detailed for the information of the Congress promises better results than the efforts previously made in the direction of effectually adding to our gold reserve through the sale of bonds; and I believe it will tend, as far as such action can in present circumstances, to meet the determination expressed in the law repealing the silver-purchasing clause of the Act of July 14, 1890, and that, in the language of such repealing act, the arrangement made will aid our efforts to 'insure the maintenance of the parity in value of the coins of the two metals and the equal power of every dollar at all times in the markets and in the payment of debts.'"

The "parties abundantly able to fulfil their undertaking" mentioned in the message were those who formed what came to be known as the "Belmont-Morgan Syndicate."

The alternative clause in the President's message to substitute 3 per cent gold bonds in place of the 4 per cent coin bonds was defeated in the House on February 14 by a vote of 167 to 120.

In response to a resolution of the Senate on February 6, 1895, requiring a statement from the Secretary of the Treasury as to what kind of money or currency, and what amounts of each kind, were re-

ceived in exchange for the United States bonds issued and sold under the provisions of the Refunding Act of 1870, Secretary Carlisle made this report: "Five per cent bonds, issue of 1881, \$500,000,000; 4½ per cent bonds, issue of 1891, \$185,000,000; 4 per cent consols, issue of 1907, \$710,345,000." The proceeds of these bonds, he says were paid into the Treasury in United States gold coin, gold certificates, called bonds, past-due coin coupons, and, in some instances, uncalled 5-20 bonds subject to call. The amounts respectively of bonds, coupons, certificates and coin received cannot be stated from the records of the department, but the entire proceeds were equivalent to United States gold coin.

An analysis of the vote on the Gold Bond bill in the House shows that several parties were divided as follows: Democrats—For the bill, 89; against, 94; majority against, 5. Republicans—For the bill, 31; against, 63; majority against, 32. Populists—Against the bill, 10; for the bill, none.

The supplies of gold realized by two bond sales in 1894, namely, \$117,171,795 71, having been exhausted so that net gold in the Treasury was reduced January 31 to \$44,705,967, and other large exports being ordered for the next day, \$25,929,828 having been exported in January, the Treasury made on Friday, February 1, a contract with August Belmont & Co., and N. M. Rothschild & Co., of London; J. P. Morgan & Co. and J. S. Morgan & Co., of London, to furnish 3,500,000 ounces of gold, half from Europe, at \$17.80441 per ounce, Government accepting each ounce at \$18.60465, and paying in thirty-year 4 per cent bonds, the syndicate agreeing by its control of exchange to prevent withdrawals of gold until the termination of its contract. The effect was that some gold on shipboard was withdrawn and other shipments stopped February 1, though the formal contract was not signed until February 8, and the imports of \$25,000,000 gold in five months ending with June prevented any withdrawals from the Treasury for export. For these five months commercial balances due abroad were neutralized by the sale of bonds. But in July exports began again, and when the syndicate had completed its contracts became heavy, \$3,296,067 in July, and \$31,807,784 in the next two months. A considerable part of the bonds was returned from Europe and sold here after the contract with the syndicate had terminated. Within ten days after their issue the bonds were sold in open market at 120.

### LIFE-SAVING SERVICE OF U. S.

The Life-Saving Service was practically established in 1871, and the following summary from statistics is compiled by Superintendent Kimball up to the close of the fiscal year, ending June 30, 1895: Total number of disasters, 8,302; total value of vessels, \$92,956,220; total value of cargoes, \$40,685,754; total value of property involved, \$133,641,974; total value of property saved, \$102,342,047; total value of property lost, \$31,299,927; total number of persons involved, 67,258; total number of

lives lost, 750; total number of persons succored, 12,013; total number of days' succor afforded, 31,353.

On June 30, 1895, there were 251 life-saving stations—184 being on the Atlantic coast, 13 on the Pacific coast, 53 on the lakes, and one at the Ohio Falls, Louisville, Ky. The smallest loss of property in any one year was in 1884, it amounting to 13.62 per cent, against 14 per cent in the year 1894-'95. The smallest percentage of loss of life was in 1888, when it was one out of every 232, while in the year 1894-'95 it was one in every 224.

## REGULAR ARMY AND NAVY UNION.

Incorporated March, 1885, Cincinnati, Ohio. It has 140 branches, called garrisons. The prerequisite for membership is an honorable discharge from the regular service of either the Army or Navy or Marine Corps. Its objects are to bring together and unite in benevolent and social fellowship those who have served honor-

ably in the Regular Army, Navy or Marine Corps of the United States, whether in service or in civil life; to provide for comrades when sick or in need; to assist in the burial of dead; to extend aid to members or to the family or dependents of a deceased comrade; to foster social and fraternal intercourse between comrades; also to secure from Congress and other legislative bodies the passage of laws

beneficial to the welfare of members in the service.

NATIONAL OFFICERS.—Commander, Joseph B. Morton, Washington, D. C.; senior vice-commander, F. H. Alekamp, Portsmouth, Va.; junior vice-commander, A. R. Holzheld, San Francisco, Cal.; adjutant-general, Richard J. Fanning, Columbus, Ohio; paymaster-general, James P. Lockwood, Chicago, Ill.

## YACHTING.

The yachting season of 1895 had many features of interest in addition to the regattas of the various clubs. The principal ones were the Defender-Valkyrie III contests for the America's Cup; the Britannia-Ailsa races, and the contests of the 20-raters in English waters, and the Ethelwynn-Spruce IV races for the Seawanhaka Corinthian Yacht Club challenge cup. The principal regattas and races in American waters were the following:

New-York Yacht Club—Annual regatta, June 13. Winners: Schooners Ramona, Emerald and Elsemarie; sloops Queen Mab, Uvira and Wasp. Annual cruise, July 28, August 8, July 29—Glen Cove to Huntington for Commodore's Cups, Defender won for sloops, and Emerald won for schooners. July 30—Huntington to New-London, Defender disabled her steering gear and Vigilant beat her. The Constellation led in the schooner classes. July 31—New-London to Newport, the Defender beat the Vigilant by twelve minutes. August 2—Race for Goelet Cup, the Defender broke her gaff and Vigilant won in sloop classes, Emerald won in schooner classes. August 3—Newport to Vineyard Haven, the Defender beat the Vigilant by six minutes; the Constellation won for the schooners. August 5—Twenty miles to windward off Vineyard Haven, the Defender beat the Vigilant 9 minutes. August 6—Race for Drexel Cups: Winners: Defender, Emerald, Amorita, Loyal, Queen Mab, Uvira. August 8—Newport Cup races; Defender and Emerald won.

Seawanhaka-Corinthian Club. Annual regatta, June 24—Winners: Mary, Ethel, Dove, Lurline, Alcaea, Emerald, Iroquois, Queen Mab, Wasp, Uvira, Infanta, Feydeh, Dodo, Shrimp, Dragon and Hourli.

Atlantic Club. Annual regatta, June 11—Winners: Ramona, Emerald, Dragon, Elsemarie, Loyal, Queen Mab, Wasp, Norata, Feydeh, Wave, Elmira and Allegro.

New-Rochelle Club. Annual regatta, June 29—Winners: Sasqua, Henry Ward Beecher, Water Lilly, Polly, Mary, Twilight, Kitty, Addie, Fairy, Ida K., Vaquero.

Larchmont Club. Annual regatta, July 4—Winners: Constellation, Emerald, Iroquois, Amorita, Loyal, Katrina, Uvira, Queen Mab, Penguin, Narota, Infanta, Feydeh, Folly, Mary, Ethel, Terrapin, Ramona.

American Club. Annual regatta, July 5—Winners: Elsemarie, Infanta, Vorant II, Mary, Celia.

Brooklyn Club. Annual regatta, June 10—Winners: Dragon, Lester, Ibis, Mary, Allegro, Addie, Nomad.

Knickerbocker Club. Annual regatta, June 8—Winners: Gabrielle, Penguin, Eurymia, Edith, Dragon, Nanita, Hourli, Question, Mary, Kittie, Ethel, J. I. M., Violet.

Pavonia Club. Annual regatta, June 24—Winners: Loyal, Forsyth, Nomad, William H. Gill, Minnie, Allegro, Tempest, Minnie H., Maggie P.

Riverside Club. Annual regatta, July 6—Winners: Eleanor, Uvira, Norota, Infanta, Americus, Ethel, Punch, Dragon, Vaquero.

N. Y. Yacht Racing Ass'n. Annual regatta, Sept. 2—Winners: Forsyth II., Zulu, Eagle Wing, William H. Gill, Sybilla, Mary, Dove, Hattie, Tempest, Mercedes, Maggie P.

The steam yachts Vamoose and Norwood raced over a 30-mile course on the Hudson River June 22, the former winning in 1 hour, 35 min., 57 sec.

#### AMERICA'S CUP.

The Vanderbilt-Morgan-Iselin syndicate built the yacht Defender to sail against Lord Dunraven's yacht Valkyrie III, challenger for the America's Cup. In the trial races between the Defender and Vigilant in August, the former showed her superiority and was selected as the competing yacht by the Cup Committee. On July 6 Valkyrie III defeated the Britannia and Ailsa over the 50-mile course of the Royal Clyde Yacht Club, and sailed for the United States a few days later under a

ketch rig. She arrived at Sandy Hook on August 18, after a twenty-two days' passage. The races for the Cup were sailed off Sandy Hook, the first one being on September 7, over a course 15 miles to windward and return, and the Defender won by 8 min. 49 sec. (including 29 seconds time allowance to the Valkyrie III.) The second race, over a triangular course 30 miles long, was sailed September 10, but under protest by the Defender because of being fouled and injured by the Valkyrie III at the start; the Valkyrie III came in only 47 seconds ahead, but the run was awarded to the Defender, the committee finding that the Valkyrie III was to blame. It was proposed to Lord Dunraven to sail the race over again, but he refused. On September 12 both yachts started on the third race over a course 15 miles to leeward and return, but the Valkyrie III withdrew immediately after the start and the Defender made the race alone, and the Cup was awarded to her. A few days later Charles Rose, of London, challenged for a contest for the Cup in 1896.

### ROWING.

Although considerable interest was manifested in rowing in 1895, there were not as many records broken as in other lines of sports. A noteworthy feature is that all the new records made in 1895 were made at the annual regatta of the National Association of Amateur Oarsmen, on Saratoga Lake. They were as follows:

Senior double sculls— $1\frac{1}{2}$  miles, with a

turn—Hawkins and Nagle, Harlem B. C. Time—8:43.

Intermediate single sculls— $1\frac{1}{2}$  miles, with a turn—A. Jury, Jr., Toronto B. C. Time—10:05 $\frac{1}{2}$ .

Senior four-shell— $1\frac{1}{2}$  miles, with a turn—Institute B. C., Newark, N. J. Time—8:43 $\frac{1}{2}$ .

Intermediate eight-oar shell— $1\frac{1}{2}$  miles

straightaway—Washnuths B. C., Worcester, Mass. Time—7:33½.

Intermediate four-oar shell—1½ miles, with a turn—Winnipeg B. C., Winnipeg, Manitoba. Time—9:03.

Intermediate double shell—1½ miles, with a turn—Taber and McKeever, Crescent B. C., Philadelphia. Time—9:24½.

### ROWING (PROFESSIONAL).

The international contests between American and English oarsmen, at Austin and Galveston, Texas, for the world's championship challenge cup and other prizes, were held in November, and several new world's records were made. The English oarsmen were Bubear, Barry, Haines and Wingate; American oarsmen—Teemer, Rogers, C. Gaudaur, J. Gaudaur and Hanlan. The following were the events at Austin:

Nov. 6.—Single sculls, ½-mile dash—Teemer. Time—3:02½. Double sculls, 3 miles, with one turn—Bubear and Barry. Time—19:34½. Single sculls (women's championship), 1½ miles straightaway—Miss Rosie Mosentheim, St. Louis, Mo. Time—15:19½. Nov. 7.—Double sculls (world's championship), 3 miles with one turn—Bubear and Barry. Time—17:40. Best previous world's record, 18:03½. Single sculls (special race), 1½ miles, with one turn—Atherton. Time—12:20. Single sculls, 3 miles, with one turn—J. Gaudaur. Time—21:00. Four-oared shell, 3 miles, with one turn—Bubear, Barry, Haines and Wingate. Time—17:20½ (new world's record).

The following were the Galveston events: Nov. 19.—Single sculls, 2 miles, with three turns—Hanlan. No time. Nov. 21.—Single sculls, 2 miles—Bubear. Time—10:17. Nov. 23.—Single sculls, 2 miles—Hanlan. Time—11:00½. Nov. 24.—Single sculls, 2 miles (deciding race of series)—Hanlan. Time—9:55.

### BICYCLING.

The season of 1895 has been the banner one in the history of cycling. There are now three classes of racing men in this country, known as Class A, or amateur; Class B, or semi-professional, and the Professional outright. The following are the records for 1895:

(Note—A is Class A. B is Class B. P. is Professional. f. s., Flying start. s. s., Standing start. a. t., Against time. i. c., In competition. up., Unplaced.)

### ATHLETICS.

The year 1895 was a noteworthy one in amateur athletic sports and record breaking. The New-York-London athletic games held in this country in September were international in their scope, for each club had secured practically the best men in their respective countries for the games. The result was a signal victory for the Americans, the Englishmen not winning a single one of the eleven contests. The Yale-Cambridge games, held in New-York City two weeks later, were won almost as easily by Yale, Cambridge winning only three of the eleven contests. Further international contests are assured for 1896.

### BASEBALL.

The baseball season of 1895, so far as New-York was concerned, was a dismal failure. The old stockholders of the club had retired and the new men who took charge of affairs knew little about the game. This, with the unwise policy adopted of antagonizing all the old friends of the club, did much to bring about the low ebb of baseball in New-York. Balti-

more repeated her success of 1894 by winning the National League championship. Cleveland finished second, but defeated the Baltimores for the Temple Cup, winning four of the five games. Yale won the intercollegiate championship by defeating Princeton; and Springfield won the Eastern League pennant.

## FOOTBALL.

The football season of 1895 was remarkable in many respects, and if the game continues on the present lines it is certain to increase in popularity. The new rules worked satisfactorily, and there was less brutality and less cause for dissatisfaction than for several years past. The only unfortunate part of the year was that the local championship between the Crescent and Orange Athletic Club teams was not settled, and that some of the colleges refused to play with each other. Although Yale did not play either Harvard or the University of Pennsylvania, conservative critics, on the showing made by different teams, felt that the Yale team earned the championship. The best games of the year were played on November 23, when Yale defeated Princeton at Manhattan Field, before 35,000 people, and the University of Pennsylvania defeated Harvard, at Cambridge, before another large crowd.

### LAWN TENNIS.

Two features of more than usual importance marked the lawn tennis season of 1895, in the visit and competition of Dr. Joshua Pim, then champion of all England, and H. S. Mahoney, a fellow-Irishman, in the international tournament at West Newton, Mass., and the advent of a new National champion, Frederick H. Hovey. The visiting Irishmen, although opposed by four of America's strongest players—Hovey, Chace, Hobart and Larned—carried everything before them, and took first and second prizes in this tournament. The only victories by Americans were those of Hobart over Pim and of Hobart and Hovey in doubles over Pim and Mahoney.

Hovey won the American championship at Newport, R. I., in August, beating Robert D. Wrenn, the previous holder of the title, by 6-3, 6-2, 6-4. The championship doubles were held in two sections, as in 1894, at Chicago, Ill., and Narragansett Pier, R. I. C. B. and S. R. Neel won in the West, and M. G. Chace and R. D. Wrenn won in the Eastern section. The latter beat the former in the play-off at Narragansett Pier by 6-4, 6-3, 6-0, 6-2. Chace and Wrenn then challenged the previous holders of the championship, C. Hobart and F. H. Hovey, and beat them at Newport by 7-5, 6-1, 8-6. The women's championship tournament was held at Philadelphia in June. Miss Juliette P. Atkinson won the title from her clubmate, Miss Helena R. Hellwig, the previous holder, by 6-4, 6-2, 6-1. Miss Atkinson and Miss Hellwig won the National championship in women's doubles, and Miss Atkinson and Edwin P. Fischer won the championship in mixed doubles.

At the end of the season the leading players of the country were ranked as follows: First, F. H. Hovey; second, W. A. Larned; third, R. D. Wrenn, fourth, John Howland; fifth, C. B. Neel; sixth, M. G. Chace; seventh, Richard Stevens; eighth, A. E. Foote; ninth, S. C. Millett; tenth, E. P. Fischer.

The English championship tournament was held at Wimbledon, England, in July. Ex-champion Willifred Baddeley beat W. V. Eaves in the final round, after a sensational match, by 4-6, 2-6, 8-6, 6-2, 6-3. Dr. J. Pim, the previous holder of the championship, defaulted to the challenger, so Baddeley became champion. Willifred Baddeley and Herbert Baddeley won the championship in doubles, beating E. W. Lewis and W. V. Eaves by three sets to one; score, 8-6, 5-7, 6-4, 6-3. Miss C. Cooper won the championship in women's singles, beating Miss H. Jackson in the final round by 7-5, 8-6, and by the default of Mrs. G. W. Hillyard, the previous holder of the title.

### GOLF.

Golf in the United States spread with amazing rapidity during 1895. Clubs multiplied everywhere in such numbers that the entire list ran up into the hundreds. The United States Golf Association was formed December 22, 1894. The officers elected were: Theodore A. Havemeyer, Newport Golf Club, president; Laurence B. Curtis, Country Club of Brookline, Mass., vice-president; H. O. Tallmadge, St. Andrews Golf Club, secretary, and S. L. Parrish, Shinnecock Hills Golf Club, treasurer. The associate members of this association up to November 1, 1895, were the Chicago, Country of Brookline, Newport, St. Andrews, Shinnecock Hills, Essex County, of Manchester, Mass.; Myopia Hunt, Lakewood, Morris County and Tuxedo golf clubs, and the Philadelphia Country and Meadowbrook Hunt clubs. There are also many clubs as allied members. The 1895 amateur and open championships, the first held under the auspices of the new association, took place in October, at Newport. Charles B. MacDonald, of Chicago, won the \$1,000 trophy for the amateur event, defeating Charles E. Sands in the final round, match play. Horace Rawlins, a young Englishman, won the open tournament. Below are the records of a few of the most important amateur and professional events of the season:

## UNITED STATES MILITARY ACADEMY.

**METHOD OF APPOINTMENT.**—Each Congressional District and Territory and the District of Columbia is entitled to have one cadet at the academy. Ten are also appointed at large. The appointments (except those at large) are made by the Secretary of War at the request of the Representative or Delegate in Congress from the district or territory of which the appointee must be an actual resident. The appointments at large are specially conferred by the President of the United States.

**MANNER OF APPLICATION.**—Applications can be made at any time, by letter, to the Secretary of War, to have the applicant's name registered for submission to the proper representative when a vacancy occurs. The application must exhibit the full name, date of birth and permanent abode of applicant, with the number of the Congressional district in which his residence is situated.

**DATE OF APPOINTMENT.**—Appointments must be made one year in advance of date of admission, except in cases where, by death or otherwise, a vacancy occurs which cannot be provided for by such appointment in advance. These vacancies are filled in time for the next annual examination.

**ALTERNATES.**—The Representative or Delegate in Congress may nominate a legally qualified second candidate, to be designated the alternate. The alternate will receive from the War Department a letter of appointment, and will be examined with the regular appointee, and if duly qualified will be admitted to the academy if the principal fails to pass the prescribed preliminary examinations. The alternate will not be allowed to defer reporting for examination until the result of the examination of the regular appointee is known, but must report at the time designated in his letter of appointment. The alternate, like the nominee, should be designated as nearly one year in advance of the date of admission as possible.

**ADMISSION OF CADETS.**—The candidate, upon receiving his conditional appointment, will be instructed to appear for mental and physical examination before a board of Army officers, to be convened at the military post nearest his place of residence on March 1, annually

(except when that day comes on Sunday, in which case the examinations will commence on the following Tuesday). The candidate who passes successfully will be admitted to the Academy without further examination, upon reporting in person to the Superintendent at West Point before noon on June 15. Immediately after his admission, and before receiving his warrant of appointment, he must sign the following engagement for service, in the presence of the Superintendent, or some officer deputed by him:

I, —, of the State (or Territory) of —, aged — years — months, do hereby engage (with the consent of my parent or guardian) that, from the date of my admission as a Cadet of the U. S. Military Academy, I will serve in the Army of the U. S. for eight years, unless sooner discharged by competent authority.

In the presence —.

The candidate must then take the following oath or affirmation:

I, —, do solemnly swear that I will support the Constitution of the U. S., and bear true allegiance to the National Government; that I will maintain and defend the sovereignty of the U. S. paramount to any and all allegiance, sovereignty or fealty I may owe to any State or country whatsoever; and that I will at all times obey the legal orders of my superior officers, and the rules and articles governing the armies of the U. S.

**QUALIFICATIONS.**—The age for the admission of cadets to the Academy is between 17 and 22 years. Candidates must be unmarried, at least 5 feet in height, free from any infectious or immoral disorder, and generally, from any deformity, disease, or infirmity which may render them unfit for military service. They must be well versed in reading, in writing, including orthography, in arithmetic, and have a knowledge of the elements of English grammar, of descriptive geography (particularly of our own country), and of the history of the U. S.

The Military Academy was established on March 16, 1802; its present superintendent is Colonel O. H. Ernst, and the number of instructors (officers of the Army) is 64. The number of cadet students is now 317, and 3,616 have been graduated since the organization.

## SOCIETY OF THE CINCINNATI.

The society was founded by the officers of the American Revolutionary Army in May, 1783. The French officers were made honorary members. Baron Steuben presided at the meeting for organization. The institution was drafted by General Knox, and declared that the officers of the American Army "associated themselves into one society of friends to endure as long as they shall endure, or any of their eldest male posterity; and in failure thereof the collateral branches who may be judged worthy of becoming its supporters."

Washington was elected president-general in 1783. Robert Burnett, of New-York, who died in 1854, was the last survivor of the original members. Eight of the original thirteen State societies still survive, and hold annual meetings on July 4.

**DAUGHTERS OF THE CINCINNATI.**—President, Mrs. James M. Lawton; vice-president, Mrs. Howard Townsend; treasurer, Mrs. S. E. J. Judson; registrar, Miss Helen F. K. Shelton; secretary, Mrs. Morris P. Ferris, Yonkers, N. Y.

### UNITED STATES NAVAL ACADEMY.

**STUDENTS AND COURSE.**—The students of the United States Naval Academy at Annapolis, Md., are styled Naval Cadets. One cadet is allowed for every member or delegate of the House of Representatives, one for the District of Columbia, and ten at large. No more than ten appointed at large are allowed in the Academy at any one time. The course of study is six years, four years at the Academy and two at sea, at the end of which time the cadet returns to the Academy for final graduation, and the district then becomes vacant.

**NOMINATIONS.**—The Secretary of the Navy, as soon after March 5 in each year as possible, notifies in writing each member or delegate of the House of Representatives of any vacancy in his district. The nomination of a candidate to fill the vacancy is made on the recommendation of the member or delegate, if such recommendation is made by July 1 of that year; but if not the Secretary of the Navy fills the vacancy. The candidate allowed for the District of Columbia and all the candidates appointed at large are selected by the President. Candidates allowed for Congressional districts, for Territories and for the District of Columbia must be actual residents of the districts or Territories from which they are nominated. And all candidates must, at the time of their examination for admission, be between the ages of fifteen and twenty,

physically sound, well formed, and of robust constitution.

**ENTRANCE EXAMINATION.**—Candidates nominated in time to enable them to reach the Academy by May 15 receive permission to present themselves on that date to the Superintendent for examination for admission. Those not nominated in time to present themselves at the May examination are examined on the 1st of September following. When either of the above dates falls on Sunday the candidates present themselves on the Monday following. Candidates are required to enter the Academy immediately after passing the prescribed examinations. No leave of absence is granted to cadets of the fourth class.

**GRADUATE APPOINTMENTS.**—Appointments to fill all vacancies that may occur during a year in the lower grades of the Line and Engineer Corps of the Navy and of the Marine Corps are made from the Naval Cadets, graduates of the year, at the conclusion of their six years' course, in the order of merit as determined by the Academic Board. At least fifteen appointments from such graduates will be made each year. To surplus graduates who do not receive such appointments will be given a certificate of graduation, an honorable discharge, and one year's sea pay, as provided for Naval Cadets.

(a) After leaving Academy, at sea, in other than practice-ships, \$950 per annum. (b) Pay increased \$200 per annum four years from date of commission. (c) Pay increased \$200 per annum five years from date of commission. (d) Pay increased \$300 per annum five years from date of commission.

The "grog" ration was abolished in the Navy several years ago, and in lieu of the regular Navy ration officers on the active list are allowed 30 cents a day in addition to their annual pay. The law provides that no officer on the retired list shall be employed on active duty except in time of war. Officers retired after forty years of service, or on attaining the age of sixty-two years, or those retired

from incapacity resulting from long and faithful service, from wounds or injuries received in the line of duty, or from sickness or exposure therein, receive 75 per cent of the sea-pay of their grade at the time of retirement. Officers retired from causes not incident to the service receive 50 per cent of the sea-pay of their grade, or one-half of waiting order pay, as the President may direct.

In addition to the above there are five steel tugboats, four iron tugboats and two wooden tugboats, each of which carry howitzer batteries.

### DAUGHTERS OF THE KING.

Officers.—President, Mrs. E. A. Bradley; vice-president, Mrs. E. J. Warner; treasurer, Mrs. J. H. Kahrs; secretary, Miss Elizabeth L. Ryerson, 520 East 87th-st., N. Y. City. Next annual meeting, November, 1895.

The Order of the Daughters of the King is often confounded with that of the Order of the King's Daughters, but the two are separate organizations, the former being an organization of the Protestant Episcopal Church, and the other being limited to no single Christian denomination. The Order of the Daughters of the King is a sister society to the Brotherhood of St. Andrew, with a central council, local assemblies and parochial chapters. The organization had its origin in the Church of the Holy Sepulchre, New-York City, when one of the Bible classes, during Lent, 1885, formed Alpha Chapter. There are now

453 chapters and 11,630 members. The main object of the society is the extension of Christian work among young women, and the strengthening of parish life; each member pledging herself to observe the two rules of the order—namely, to pray daily for the growth of and blessing upon the work of the parish and all its members, and to make an earnest effort each week to bring at least one young woman into the Church, and to offer at all times such aid to the minister in charge of the parish as he may deem necessary for the furtherance of the work of Christ. The badge of the society is a Greek cross fleury of silver, with these words upon the horizontal arms: "Magnanimeter Crucem Sustine." At the base of the perpendicular are these letters: "I. H. S."—"For His Sake."

### BROTHERHOOD OF ANDREW AND PHILIP.

President, Rev. Rufus W. Miller; general secretary and treasurer, T. A. Wonder, 1,423 Mosher-st., Baltimore, Md. The society was organized at Reading, Penn., on May 4, 1888.

Object: The spreading of Christ's kingdom among young men. Each member must pledge himself to pray daily for the success of his work among young men, and to bring at least one young man within the hearing of the Gospel each week. The governing body is a Federal Council composed of two members from each denomination embraced in the federation. These members are elected from the Executive Council of each denomination. There are at present only four denominations—the Reformed Church in the United States, and the Reformed Church of America, the Congregational Church, and the Presbyterian Church. The total membership is about 5,000, embracing 185 chapters, scattered throughout 23 States, the District of Columbia and Canada.

### AFRICAN M. E. ZION CHURCH.

This church will celebrate its centennial anniversary during the year 1896. The first church of this connection, Zion Church, Tenth and Bleecker sts., New-York City, came out from the John Street Methodist Episcopal Church in 1796, and formed the first negro church in America separate from the white church. There are eight bishops when the bench is full, but there are two vacancies, caused by the deaths of Bishops J. J. Moore and J. P. Thompson. Their successors will be elected at the General Conference, which meets in Mobile the first Wednesday in May, 1896. The following remain: Bishops J. W. Hood, D. D., LL. D., Fayetteville, N. C., consecrated July 3, 1872; T. H. Lomax, D. D., Charlotte, N. C., consecrated May 1876; C. C. Pettey, D. D., Partee, N. C., consecrated May, 1888; C. R. Harris, D. D., Salisbury, N. C., consecrated May, 1888; I. C. Clinton, D. D., Lancaster, S. C., consecrated May, 1892; A. Walters, D. D., Jersey City, N. J., consecrated May, 1892. The latest statistics show a membership of 411,768. Travelling preachers, 2,324; local preachers, 1,642; value of church property, \$3,133,395.

a Greenback.

After twenty-five years of agitation by the suffragists, the question of municipal suffrage for women was voted upon in the November, 1895, election. The total vote for Governor was 328,121. The vote of the men upon woman suffrage was 273,976, or over 80 per cent of the total vote for Governor. This vote stood "No," 186,976; "Yes," 87,000. The vote of the women on the same question was, "Yes," 22,204; "No," 864. The number of women qualified to register and vote on this question was at least 575,000, hence more than 550,000, or 96 per cent, declined to vote. In 47 towns not one woman voted "Yes," and in 138 other towns the women voting "Yes" numbered fifteen or less. Massachusetts has 31 cities and 322 towns. Of the 31 cities, every one cast a large majority against woman suffrage. The vote of the cities was, "No" 120,657, "Yes" 54,012; a "No" majority of 66,645. Many people have thought that the vote against woman suffrage was disproportionately heavy in the cities, but this is not so. The vote of the 322 towns was "No," 66,319, "Yes" 32,988; a "No" majority of 33,331. Of the 322 towns, 293 voted "No," 28 voted "Yes," and 1 was a tie. The 28 towns voting "Yes" were among the very smallest in the State, their vote averaging only "Yes" 51, "No" 42.

## STATE OFFICERS, 1896.

The following were elected to the State offices on November 5, 1895. The Secretary of State felt under obligations not to give out the vote cast for each candidate until it had been submitted to and acted upon by the Legislature which convenes on January 1, 1896:

Governor—A. J. McLaurin, Dem.  
Lieut.-Governor—J. H. Jones, Dem.  
Secretary of State—J. T. Power, Dem.  
Attorney-General—W. M. Nash, Dem.  
Treasurer—A. Q. May, Dem.  
Auditor—W. D. Holder, Dem.  
Sup't Public Instruction—A. A. Kincannon, Dem.

The Legislature is almost wholly composed of Democrats.

The Constitutional Convention assembled on Sept. 10, 1895, and finished its work by ratifying the new Constitution on Dec. 4. It contains seventeen articles and went into force and effect on Jan. 1, 1896. The following are its principal features:

The Legislature is prohibited from making any law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech or of the press, or the right of the people peaceably to assemble and to petition the Government or any Department thereof for a redress of grievances.

The suffrage article is perhaps the most important. A voter must be a male citizen of twenty-one years of age and upward; must have resided in the State for two years, in the county one year, and in the polling precinct four months, and must have paid the poll tax. Ministers in charge of organized churches and teachers of public schools shall, however, be entitled to vote after six months' residence in the State, if otherwise qualified. Up to January 1, 1898, all male persons of voting age who can read any section in the Constitution submitted to them by the registration officer, or understand and explain it when read to them by the registration officer, shall be entitled to register and become electors. Any person who shall apply for registration after Jan. 1, 1898, if otherwise qualified, shall be registered; provided, that he can both read and write any section of the Constitution submitted to him by the registration officer, or can show that he owns and has paid all taxes collectible in the previous year on property in the State assessed at \$300 or more. The following are disqualified from being registered or voting:

Persons convicted of burglary, arson, obtaining goods or money under false pretences, perjury, forgery, robbery, bribery, adultery, bigamy, wife-beating, house-breaking, receiving stolen goods, breach of trust with fraudulent intent, fornication, sodomy, incest, assault with intent to ravish, miscegenation, larceny or crimes against the election laws (it being provided that the pardon of the Governor shall remove such disqualification); also

persons who are idiots, insane, paupers supported at the public expense, and persons confined in any public prison.

The elections for representatives in the Legislature are provided to be held biennially, beginning in November, 1896, and the sessions will begin on the second Tuesday in January, annually. The Senate is to be composed of one member from each county, and to be elected for a term of four years. The House of Representatives will consist of 124 members, and the apportionment is to be arranged to allow one representative to every 124th part of the whole number of inhabitants of the State. A State census is to be taken in 1901, and every tenth year thereafter. The State officers are to be a Governor, Lieutenant-Governor, Secretary of State, Controller-General, Attorney-General, Treasurer, Adjutant-General, and Superintendent of Education, each to be elected for a term of two years.

No person who denies the existence of a Supreme Being shall hold any office under the provisions of the Constitution. No lottery is ever to be allowed, or be advertised by newspapers, or otherwise, or its tickets be sold in the State. The real and personal property of a woman held at the time of her marriage, or that which she may thereafter acquire, either by gift, grant, inheritance, devise or otherwise, shall be her separate property, and she shall have all the rights incident to the same to which an unmarried woman or a man is entitled. She shall have the power to contract and be contracted with in the same manner as if she were unmarried.

Divorces are prohibited from being granted in the State, and the marriage of a white person with a negro or mulatto, or person who shall have one-eighth or more negro blood, shall be unlawful and void. The age of consent for an unmarried woman is limited to fourteen years.

## NEW-YORK STATE LEGISLATURE.

Under the provisions of Article III of the amended Constitution, ratified by the voters at the election in November, 1894, which takes effect with the Legislature of 1896, the number of Senators was increased from 32 to 50; and the number of Assemblymen from 128 to 150. Of these New-York City has 12 Senators and 35 Assemblymen. The term of each Senator elected in 1895 is for three years, in order to carry into effect the provisions of the "Separate Elections" amendments, which provide for the election of municipal and county officers at the November elections in even years. After 1898, however, the Senators will be elected for terms of two years. The Assemblymen will be chosen for one year as in the past.

## INTERNATIONAL TRIBUNAL OF EGYPT.

In 1876, as the result of negotiations between the Ottoman and Egyptian governments and the various Christian powers having representatives at Cairo, certain courts were created in Egypt for the trial of mixed civil causes arising between persons of different foreign nationalities, and suits of foreigners against

natives, the Egyptian Government and members of the Khedival family. These mixed tribunals, in civil matters within their exclusive jurisdiction, superseded the consular courts. A mixed tribunal consists of five judges, three of whom are foreigners and two natives. The foreign judges are appointed by the Khedive on the recommendation of the great Powers, each of which is represented by from one to three judges. There are several tribunals of original jurisdiction (first instance) and a court of appeals at Alexandria. The United States is represented in these courts by the following judges:

Court of Appeals at Alexandria—Anthony M. Kelley, Virginia (app'd 1894).

Court of First Instance at Cairo—Walker Fearn, Alabama (app'd 1894).

**"THE FINAL SPLICE."**

An interesting event in the laying of the **THIRD Atlantic Cable** of the Commercial Cable Co.

On July 2, 1894, after the last splice or joint was made between the heavy shore end and the lighter deep sea end, about 100 miles from land, the cable was gradually and carefully lowered into the sea by means of the hawser shown in the picture, and on reaching a proper level in the water, the rope was severed, and the last act in the laying of the cable was performed amid cheers and congratulations.

This noble pile of white marble, Corinthian architecture, covering eighteen full city lots and accommodating one thousand guests, marks a place in the heart of the great City of New-York, and an era in the history of the Nation's wealth and advancement. It is located in the centre of the City, upon the charming Madison Square and at the intersection of the two great streets, Broadway and Fifth Avenue, and convenient to the most important points of interest in the Metropolis.

Its patrons include the names of the most prominent men and women in America—The Presidents, hundreds of Government Officials, Senators, Congressmen, Judges, Army and Navy Officers, Divines, Physicians, Authors, and in fact all who have attained prominence and celebrity in public and private life, both at home and abroad; and the most distinguished Europeans of rank and title who have visited this country,

It has been the centre of all the great public occasions which the City has witnessed for thirty years.

Years have come and gone, new hotels have multiplied with innovations and features introduced to affect and influence patronage, but the Fifth Avenue is as new and fresh as the most recent hotel construction, with more liberal accommodations than any of them, and its well-earned reputation as the leading hotel of the world is more and more assured.

THE annual report of the Company for the year ending December 31, 1895, will be issued about January 15, 1896.

## The "Accumulation Policy,"

issued only by this Company, contains no restrictions upon the insured, and only the one condition that the premiums be duly paid. It is incontestable after one year; automatically non-forfeiting, after three years; allows loans at five per cent. interest, after five years; has various options in settlement, at the end of the accumulation period. It is easily kept in force; certain to be paid, in case of death; a good investment, if the insured survives a fixed period.

Write for prospectus, or send date of birth for results of policies now maturing, taken by men at your present age twenty years ago.

# The New York Tribune.

Are You Willing to Listen to a  
Suggestion?

THE NEW YORK TRIBUNE'S broad columns and large print make it the easiest paper in the country to read, either on the cars or at home.

Henry Romeike, 139 Fifth Avenue, New York, proprietor of the largest Newspaper Clipping Agency in the world, voluntarily testifies in a published card, that his clippings for over 4,000 clients show that THE TRIBUNE contains, "*day by day and week by week, far more original matter than any daily newspaper in New York City.*" He proves the fact by figures.

Business men and commercial travellers find the *market reports of THE TRIBUNE absolutely without an equal* in the Daily press of New York City. THE TRIBUNE is the only newspaper in New York City whose market reporters actually visit all the different markets in person and obtain the genuine current prices of commodities.

THE TRIBUNE now prints, every day, a variety of the *best and freshest of the humorous pictures* of the day from the comic press of two continents.

Vast sums are spent yearly for telegrams, cablegrams, and correspondence, and by its high literary character THE TRIBUNE maintains a splendid position in the regard of educated men and women and lovers of the drama, music, art, and good books.

THE TRIBUNE'S Society news is known everywhere for its accuracy, good taste and completeness. Changes of style are, as a rule, foretold in THE TRIBUNE before they are noted in other newspapers.

THE NEW YORK TRIBUNE is *recognized officially as the leading newspaper of the Republican party*, not only of this part of the country but of the United States.

Daily, \$10 a year. Sunday TRIBUNE separately, \$2. Weekly, \$1. Semi-weekly, \$2.
